"Unit Option Plan" means the Unit Option Plan of the REIT described under "Management of the REIT — Unit Option Plan".

EXPLANATORY NOTES

Unless otherwise noted, in this Annual Information form, measures of leasable area refer to net leasable area and measurements in square feet refer to approximate measurements.

Unless otherwise noted, in this Annual Information Form, all information is presented as at December 31, 2000.

THE REIT

Cominar Real Estate Investment Trust (the "**REIT**") is an unincorporated closed-end investment trust created by the Contract of Trust under, and governed by, the laws of the Province of Québec.

The REIT was established on March 31, 1998 and began its activities on May 21, 1998, at the time of the completion of its initial public offering, when it purchased from the Dallaire Group under the Purchase Agreements the Properties and Assets described in the REIT's prospectus dated May 8, 1998.

On May 21, 1998, the Portfolio was comprised of 51 properties, located in the Greater Quebec City Area, comprising 8 offices buildings with 842,730 square feet of space, 13 retail properties with 1,075,795 square feet of space and 30 commercial and mixed-use properties with 1,155,134 square feet of space representing, in the aggregate, approximately 3.1 million square feet of leasable area (collectively, the "**Initial Properties**").

On May 21, 1998, the REIT acquired a 100% ownership interest in the Initial Properties including a 100% ownership interest in the lands on which the said properties are located and also acquired the assets consisting of all of the systems and assets of the Dallaire Group relating to the Initial Properties.

In addition, the employees of the Dallaire Group relating to the management of the Properties were transferred on the closing of the Initial Properties to Les Services Administratifs Cominar Inc., an entity wholly owned by the REIT. The REIT's property and asset management functions are fully internalized and the REIT is a fully-integrated, self-administrated and self-managed real estate investment trust. Management believes that a fully internalized management structure is preferable to a structure subject to third party management contracts.

Between January 1, 1999 and March 31, 2000, the REIT acquired a 100% ownership interest in 10 new industrial and mixed-use properties representing a total leasable area of 599,899 square feet. During the same period, the REIT made its first foray into the Greater Montreal area with the purchase of 5 industrial and mixed-use buildings with a total area of 334,083 square feet.

From March 31, 2000 to March 31, 2001, the REIT added 13 buildings to its portfolio, bringing the total area to 1,054,255 square feet.

For its expansion into the Greater Montreal area, the REIT developed a basic portfolio of industrial and mixed-use buildings, geographically concentrated and occupied by sole proprietorships. In November 2000, the REIT entered the commercial sector with the purchase of a four-building megacentre located in Saint-Bruno. On January 26, 2001, the REIT completed the acquisition of a twelve-story office building with a total area of 232,414 square feet located at 255 Crémazie Blvd. in Montreal, for a total of \$7.6 million. It is expected that this building will be renovated to the tune of \$5.1 million. This acquisition brought the REIT's real estate portfolio to over 5.3 million square feet, of which 893,000 square feet are in the Greater Montreal area.

In the Greater Quebec City Area, the REIT consolidated its dominant position by adding 485,731 square feet of leasable area to its portfolio, including a 40,000 square foot industrial and mixed-use building currently under construction, on De la Capitale Blvd. in Quebec City. Situated between two buildings already owned by the REIT, this building is in an excellent location. The main acquisition during the financial year was Carrefour Beauport, a 280,000 square foot property which is the largest shopping commercial located along De la Capitale Blvd. east of Quebec City. In addition, the REIT is planning to spend \$14 million on development to increase its total leasable area by 222,000 square feet, of which 160,000 will be for commercial use and 62,000 for office space.

In July 2000, the REIT conducted a second public offering, generating net proceeds of \$22.1 million, which were used to reimburse bank loans taken out at the time of the acquisitions. Then, at the beginning of 2001, a third public offering was conducted and closed on February 15 and brought in net proceeds of \$33.1 million.

As at March 31, 2001, the REIT's portfolio was comprised of 79 office, retail and mixed-use properties, aggregating approximately 5.4 million square feet of leasable space, an increase of approximately 1,145,000 square feet or approximately 27.1%, compared to the portfolio owned on December 31, 1999, or approximately 74.6% of the portfolio acquired on May 21, 1998 under the Purchase Agreements. The REIT has established a dominant presence in the Greater Quebec City Area commercial real estate market which has allowed it to achieve significant economies of scale. It has approximately 85 employees.

Acquisitions are subject to specific investment guidelines and the operation of the REIT is governed by specific operating policies. See "Investment Guidelines and Operating Policies".

The REIT has one wholly-owned subsidiary, Les Services Administratifs Cominar Inc., which was incorporated under the *Canada Business Corporations Act*.

The head office of the REIT is located at 455 Marais St., Vanier, Québec, G1M 3A2.

OBJECTIVES OF THE REIT

The following objectives have been approved by the Trustees and may be amended or replaced by the Trustees from time to time. In setting the objectives of the REIT, the Trustees are subject to the investment guidelines and operating policies set out in the Contract of Trust. See "Investment Guidelines and Operating Policies".

The objectives of the REIT are (i) to provide Unitholders with stable, growing and, to the extent practicable, tax-deferred cash distributions, payable monthly, from investments in a diversified portfolio of income-producing Properties and (ii) to improve and maximize Unit value through the ongoing active management of its properties and through future acquisition of additional income-producing properties.

The REIT manages its Assets with an emphasis on growing net rental revenues and occupancy levels within the Portfolio and, where economically viable, exploiting expansion or redevelopment opportunities that offer the REIT an accretive, risk-adjusted rate of return. Growth in cash flow from existing Properties comprising the Portfolio is anticipated to be achieved through: (i) increases in lease rates built into existing leases for the Properties, (ii) improvements in occupancy rates and proactive leasing efforts and (iii) reductions in operating costs.

The REIT seeks to acquire income-producing immovable properties when the projected net yield on acquisition would result in a yield on the outstanding Units greater than the current yield to Unitholders. The REIT intends to concentrate its acquisition activities in the Greater Quebec City Area where it can exploit its competitive advantages, and in Montreal and other markets within the Province of Québec where the REIT can pursue other acquisitions that are complementary to the REIT's portfolio and management expertise. Management believes it will be able to implement an investment strategy of acquiring properties to provide additional cash flow and enhance long-term portfolio value.

The continued growth of the REIT achieved through redevelopment and expansion of the Portfolio and future acquisitions enables the REIT to further realize economies of scale in the management of its Properties.

The REIT adopted the Dallaire Group's conservative approach to its borrowing policies and in general seeks to maintain a combination of short-term, medium-term and long-term debt maturities which are appropriate for the overall debt level of its portfolio, taking into account availability of financing, market conditions and the financial terms of the leases from which the REIT derives its cash flow. The REIT expects to issue Units only where such issuances are not considered by the Trustees to be materially dilutive to ensuing annual distributions to existing Unitholders.

Management believes that achieving these objectives will result in an increasingly diverse and stable income stream intended to reduce both risk and volatility in respect of the returns realized by Unitholders.

MANAGEMENT STRATEGY OF THE REIT

The REIT believes that commercial real estate is a dynamic investment that requires active and experienced management in order to maximize total returns and minimize risk for Unitholders. The REIT believes that this objective can best be achieved through a comprehensive and proactive management strategy intended to enhance the operating and financial performance of the REIT. Specifically, the REIT intends to:

- grow net rental revenues and occupancy levels of its Portfolio and, where economically viable, exploit expansion or redevelopment opportunities for long-term value appreciation; and
- seek accretive acquisitions, expansion and redevelopment opportunities for long-term value appreciation, firstly within the Greater Quebec City Area and secondly in the Greater Montreal area and other markets within the Province of Québec where the REIT can capitalize on its development expertise and strong institutional, business and tenant relationships.

MARKET DOMINANCE

The REIT has a dominant presence in the Greater Quebec City Area by virtue of the size of its Portfolio, the concentration and diversity of its Properties and the attractiveness of their locations, all of which increase the likelihood that the REIT will discuss leasing opportunities with most prospective commercial tenants within such market. The ongoing strategy of the REIT is to maintain its dominant position as well as to capitalize on other real estate investment opportunities. The REIT also believes that there is significant growth potential for cash flows and value appreciation from other properties located in the Greater Quebec City Area and elsewhere in the Province of Québec. Such properties have remained relatively under-represented in the portfolios of many Canadian publicly-traded real estate companies and real estate investment trusts and therefore constitute attractive investment opportunities for the REIT. The supply of leasable space in these markets has remained virtually unchanged in the last five years. The REIT believes that such supply is unlikely to increase substantially over the near term primarily because new construction is generally not economically feasible given the current market rental rates, other than for certain industrial properties, and the lead time for such new construction generally exceeds one to two years depending on the type and size of property. This market environment presents the REIT with the opportunity to acquire properties at a discount to replacement cost, representing an attractive opportunity to create value and enhance cash flow through a proactive management strategy that includes repositioning and renovating underperforming assets. The REIT believes that the significant experience of Management in property development, redevelopment, management and leasing provides it with the expertise necessary to identify, up-grade, renovate and reposition underperforming properties that will complement its portfolio and create long-term value appreciation to Unitholders.

ALIGN INTERESTS OF MANAGEMENT AND THE REIT

The REIT is a fully integrated, self-administered, self-managed real estate operation and is not subject to any third party management contracts and management fees; this structure reduces the potential for conflict between the interests of Management and the REIT. The REIT believes that by adopting a fully internalized management structure, the interests of Management and employees are aligned with those of Unitholders and improved operating and financial performance for the REIT will result. The REIT benefits from the experience and expertise of its executives and employees. See "Management of the REIT". The REIT also believes that interests of Management are also further aligned with those of Unitholders through the granting of options under the Unit Option Plan. The Unit Option Plan provides an incentive for key management personnel to increase the REIT's cash flow and Unit value. Participation in this Plan is limited to Trustees (subject to applicable law), officers and employees of the REIT. See "Management of the REIT — Unit Option Plan".

COMPETITIVE STRENGTHS

The REIT intends to capitalize on the following strengths and competitive advantages of the Portfolio and Management:

- privileged relationships with its existing tenant base, which allow Management to identify and fulfill tenants' needs for expansion or contraction of space;
- ability to identify and close acquisition opportunities;
- strategic alliances with suppliers and innovative cost control measures which reduce or limit the rate of increase in operating costs, such that gross rents continue to be competitive;
- strong relationships with financial institutions, which facilitate access to financing on favourable commercial terms and which may provide for acquisition and joint venture investment opportunities;
- management information systems that include comprehensive and proprietary tenant information for each Property in the Portfolio and for competing office, industrial and mixed-use properties within the Greater Quebec City Area real estate market; and
- development and redevelopment expertise and capability of Management and employees, providing the REIT with the ability to undertake expansion and redevelopment opportunities in compliance with the Investment Guidelines and Operating Policies of the REIT.

BALANCED PORTFOLIO

The REIT will seek to maintain a balanced portfolio based on asset type and property characteristics consistent with its existing portfolio, but also in line with evolving market conditions. Management believes this strategy will provide the REIT with a diversified tenant base, reduce cash flow volatility and increase potential capital appreciation.

During the financial year, the three sections—office, retail and industrial/mixed-use—contributed almost equally to the REIT's net operation income. The industrial sector saw the greatest growth, increasing its net operating income by 51.25%

Information by Sector

Sectors	<u>Rental revenues</u>		<u>Net operating income</u>	
	2000 (\$000)	1999 (\$000)	2000 (\$000)	1999 (\$000)

Total	54,465	48,381	31,943	27,886

DEBT MANAGEMENT

The REIT seeks to maintain a combination of short-term, medium-term and long-term debt maturities which are appropriate for the overall debt level of its portfolio, taking into account availability of financing and market conditions and the financial terms of the leases from which the REIT derives its cash flow. The REIT normally manages its debt maturities by seeking predominantly fixed-rate medium-term debt and by maintaining a conservative level of debt relative to Gross Book Value. The REIT has obtained from a financial institution the financing required to make Immovable Property acquisitions, to undertake the expansion, redevelopment and improvement of its Properties and to cover certain operating expenses of the REIT and of its Properties from time to time, subject to the Investment Guidelines and Operating Policies of the REIT. See "Investment Guidelines and Operating Policies".

INVESTMENT GUIDELINES AND OPERATING POLICIES

INVESTMENT GUIDELINES

The Contract of Trust provides for certain guidelines on investments, which may be made by the REIT.

The Assets of the REIT may be invested only in accordance with the following guidelines:

- i) the REIT must focus its acquisition activities on existing income-producing properties, including office, retail, industrial and mixed-use properties, that are substantially leased;
- ii) notwithstanding anything in the Contract of Trust to the contrary, the REIT may not make any investment or take any action or omit to take any action that would result in Units not being units of a "mutual fund trust" and of a "unit trust" within the meaning of the Tax Act that would result in Units being disqualified for investment by registered retirement savings plans, registered retirement income funds or deferred profit sharing plans, that would result in the REIT being liable under the Tax Act to pay a tax imposed as a result of holdings by the REIT of foreign property as defined in the Tax Act, that would result in Units being foreign property for the purposes of the Tax Act or that would result in the REIT paying a tax under the registered investment provisions of the Tax Act for exceeding certain investment limits;
- iii) the REIT may invest in a joint venture arrangement only if:

- a) the arrangement is one pursuant to which the REIT holds an interest in Immovable Property jointly or in common with others ("*joint venturers*") either directly or through the ownership of an interest in a corporation or other entity (a "*joint venture entity*") as co-owners and not as partners and such Immovable Property is capital property of the REIT and, if owned through the ownership of an interest in a joint venture entity, the said Immovable Property is capital property of the joint venture entity;
 - b) the REIT's interest in the joint venture arrangement is not subject to any restriction on transfer other than a right of first refusal, if any, in favour of the joint venturers;
 - c) the REIT has a right of first refusal to buy the interests of the other joint venturers;
 - d) the joint venture arrangement provides an appropriate buy-sell mechanism to enable a joint venturer to purchase the other joint venturers' interests or to sell its interest;
 - e) the joint venture arrangement provides that the liability of the REIT to third parties is joint and not solidary (the common law equivalent being "several and not joint and several"), provided however, that, subject to any remedies that each joint venturer may have against the other joint venturers, a joint venturer shall be hypothecarily liable to the full extent of the property and that, further, may be required to give up its interest in any particular property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property; and
 - f) the joint venture arrangement permits, but does not require, the REIT or its designee to participate fully in the management thereof;
- iv) except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province of Canada, short-term government debt securities, some or all of the receivables under an instalment receipt agreement or in money market instruments of, or guaranteed by, a Schedule 1 Canadian bank maturing prior to one year from the date of issue, the REIT may not hold securities other than securities of a joint venture entity or an entity or corporation wholly owned by the REIT formed and operated solely for the purpose of holding a particular Immovable Property or Immovable Properties or some or all of the receivables under an instalment receipt agreement or for any purpose relating to the activities of the REIT, and provided further that, notwithstanding anything contained in the Contract of Trust to the contrary, the REIT may acquire securities of other real estate investment trusts;
 - v) except as otherwise prohibited in the Contract of Trust, the REIT may invest in interests (including ownership and leasehold interests) in income-producing Immovable Property in Canada and the United States that is capital property of the REIT;
 - vi) the REIT may not invest in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in Immovable Property that is capital property of the REIT;
 - vii) the REIT may not invest in operating businesses or other specialty Immovable Property or acquire interests in general partnerships or limited partnerships;
 - viii) the REIT may not invest in raw land for development except for properties adjacent to existing properties of the REIT for the purpose of (a) the renovation or expansion of existing facilities that are capital property of the REIT, or (b) the development of new facilities which will be capital property of the REIT;
 - ix) the REIT may invest in Immovable Hypothecs, mortgages and hypothecary or mortgage bonds (including, with the consent of a majority of the Trustees, a participating or convertible Immovable Hypothec or mortgage) where:
 - a) the Immovable Property which is security therefor is income-producing Immovable Property which otherwise meets the general investment guidelines of the REIT adopted by the Trustees from time to time in accordance with the Contract of Trust and the restrictions set out therein;
 - b) the amount of the hypothecary or mortgage loan is not in excess of 75% of the market value of the property securing the Immovable Hypothec or mortgage and the Immovable Hypothec or mortgage has at least 1.2 debt service coverage;

- c) the Immovable Hypothec or mortgage is a first-ranking Immovable Hypothec or mortgage registered on title to the Immovable Property which is security therefor; and
- d) the aggregate value of the investments of the REIT in these Immovable Hypothecs and mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
- x) the REIT may invest in Immovable Hypothecs or mortgages if the sole intention is to use the acquisition of the Immovable Hypothecs and mortgages as a method of acquiring control of an income-producing Immovable Property which would otherwise meet the investment guidelines of the REIT and provided the aggregate value of the investments of the REIT in such Immovable Hypothecs and mortgages after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
- xi) at no time will indebtedness aggregating more than 12.5% of Gross Book Value (other than trade payables, accrued expenses and distributions payable) be at floating interest rates or have maturities of less than one year, not including debt with an original maturity of one year or more falling due in the next 12 months; and
- xii) subject to paragraph (ii), the REIT may invest an amount (which, in the case of an amount invested to acquire Immovable Property, is the purchase price less the amount of any indebtedness assumed or incurred by the REIT and secured by an Immovable Hypothec or mortgage on such property) up to 15% of the Adjusted Unitholders' Equity of the REIT in investments or transactions which do not comply with paragraphs (iv), (v), (ix) and (x) under the heading "Investment Guidelines and Operating Policies — Investment Guidelines" or paragraph (iii) under the heading "Investment Guidelines and Operating Policies — Operating Policies".

For the purpose of the foregoing guidelines, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the REIT shall be deemed to be those of the REIT on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Immovable Property shall be deemed to include an investment in a joint venture arrangement. Except as specifically set forth above to the contrary, all of the foregoing prohibitions, limitations or requirements for investment shall be determined as at the date of investment by the REIT. Nothing in the guidelines shall prohibit the REIT from holding or assigning some or all of the receivables due pursuant to any instalment receipt agreement.

OPERATING POLICIES

The Contract of Trust provides that the operations and affairs of the REIT shall be conducted in accordance with the following policies:

- i) the REIT shall not purchase, sell, market or trade in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term "hedging" shall have the meaning ascribed thereto by National Policy No. 39 adopted by the Canadian Securities Administrators, as in effect immediately prior to the rescission thereof effective February 1, 2000;
- ii) any written instrument creating an obligation which is or includes the granting by the REIT of an Immovable Hypothec or mortgage, and (b) to the extent the Trustees determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any written instrument which is, in the judgment of the Trustees, a material obligation shall contain a provision or be subject to an acknowledgment to the effect that the obligation being created is not personally binding upon, and that resort shall not be had to, nor shall recourse or satisfaction be sought from, the private property of any of the Trustees, Unitholders, Annuitants under a plan of which a Unitholder acts as a trustee or carrier, or officers, employees or agents of the REIT, but that only Property of the REIT or a specific portion thereof shall be bound; the REIT, however, is not required, but shall use all reasonable efforts, to comply with this requirement in respect of obligations assumed by the REIT upon the acquisition of Immovable Property;
- iii) the REIT shall not lease or sublease to any person any Immovable Property, premises or space where that person and its Associates would, after the contemplated lease or sublease, be leasing or subleasing Immovable Property, premises or space having a fair market value net of encumbrances in excess of 20% of the Adjusted Unitholders' Equity of the REIT;

- iv) the limitations contained in paragraph (iii) shall not apply to the renewal of a lease or sublease and shall not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed by:
 - a) the Government of Canada, the Government of the United States, any province of Canada, any state of the United States or any municipality in Canada or the United States, or any agency thereof;
 - b) any corporation of which the bonds, debentures or other evidences of indebtedness which it issues or guarantees are authorized as an investment for insurance companies pursuant to subsection 86(1)(k) of the *Canadian and British Insurance Companies Act* in effect on December 31, 1991; or
 - c) a Canadian chartered bank registered under the laws of a province of Canada;
- v) except for renovation or expansion of existing facilities and the development of new facilities on property adjacent to existing properties of the REIT as permitted under paragraph (viii) under the heading "Investment Guidelines and Operating Policies — Investment Guidelines", the REIT shall not engage in construction or development of Immovable Property except as necessary to maintain its immovable properties in good repair or to enhance the income-producing ability of properties in which the REIT has an interest;
- vi) title to each Immovable Property shall be drawn up in the name of the Trustees or, to the extent permitted by applicable law, the REIT or a corporation or other entity wholly-owned by the REIT or jointly owned by the REIT with joint venturers;
- vii) the REIT shall not incur or assume any indebtedness under an Immovable Hypothec or mortgage unless, at the date of the proposed assumption or incurring of the indebtedness, the aggregate of (a) the amount of all indebtedness secured on such Immovable Property or group of immovable properties and (b) the amount of additional indebtedness proposed to be assumed or incurred does not exceed 75% of the market value of such Immovable Property or group of immovable properties (other than the renewal, extension or modification of any existing Immovable Hypothec or mortgage, including, without limitation, the Assumed Hypothecs, on substantially similar terms or on terms more favourable to the REIT, in each such case, as determined by a majority of the Trustees);
- viii) the REIT shall not incur or assume any indebtedness if, after giving effect to the incurring or assumption of the indebtedness, the total indebtedness of the REIT would be more than 60% of the Gross Book Value;
- ix) the REIT shall not directly or indirectly guarantee any indebtedness or liabilities of any kind of a third party except indebtedness assumed or incurred under an Immovable Hypothec or mortgage by a corporation or other entity wholly-owned by the REIT or jointly owned by the REIT with joint venturers and operated solely for the purpose of holding a particular property or properties where such Immovable Hypothec or mortgage, if granted by the REIT directly, would not cause the REIT to otherwise contravene the restrictions set out under the heading "Investment Guidelines and Operating Policies", and where such Immovable Hypothec or mortgage is granted by a joint venture entity, subject to a joint venturer being required to give up its interest in a property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property, the liability of the REIT is limited strictly to the proportion of the hypothecary or mortgage loan equal to the REIT's proportionate ownership interest in the joint venture entity;
- x) the REIT shall obtain an independent appraisal of each property that it intends to acquire;
- xi) the REIT shall obtain and maintain at all times insurance coverage in respect of potential liabilities of the REIT and the accidental loss of value of the Assets of the REIT from risks, in amounts, with such insurers and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties; and
- xii) the REIT shall have conducted a Phase I environmental audit of each Immovable Property to be acquired by it and, if the Phase I environmental audit report recommends that a Phase II environmental audit be conducted, the REIT shall have a Phase II environmental audit conducted, in each case by an independent and experienced environmental consultant; such audit, which constitutes a condition to any acquisition, shall be satisfactory to the Trustees. All new leases granted by the REIT shall contain appropriate covenants from the lessee respecting environmental matters as determined by the Trustees from time to time.

For the purposes of the foregoing policies, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the REIT shall be deemed to be those of the REIT on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Immovable Property shall be deemed to include an investment in a joint venture. All of the foregoing prohibitions, limitations or requirements pursuant to the foregoing policies shall be determined as at the date of investment or other action by the REIT.

AMENDMENTS TO INVESTMENT GUIDELINES AND OPERATING POLICIES

Pursuant to the Contract of Trust, all of the investment guidelines set out under the heading "Investment Guidelines and Operating Policies — Investment Guidelines" and the operating policies contained in paragraphs (v), (vii), (viii), (ix), (x), (xi) and (xii) under the heading "Investment Guidelines and Operating Policies — Operating Policies" may be amended only if such amendment is approved by two-thirds of the votes cast by Unitholders of the REIT at a meeting of Unitholders called for such purpose. The remaining operating policies may be amended if such amendment is approved by the Trustees and by a majority of the votes cast by Unitholders at a meeting called for such purpose.

PROPERTIES

As at March 31, 2001, the Portfolio of the REIT consisted of 79 office, retail, industrial and mixed-use properties located in the Greater Quebec City Area. The Portfolio consists of 1,317,193 square feet of office space, 1,559,305 square feet of retail space and 2,493,180 square feet of industrial and mixed-use space, of which 272,414 square feet are being developed, representing, in the aggregate, approximately 5,369,678 million square feet of leasable area. The Properties comprising the Portfolio are prime locations along major traffic arteries and benefit from high visibility and easy access by both tenants and tenants' customers. There are no land leases on any of the Properties comprising the Portfolio. The Properties are generally well-maintained and in good operating condition.

Place de la Cité
2600, boul. Laurier, Sainte-Foy, Québec

Place de la Cité in Sainte-Foy, Québec is an 816,617 square foot fully-integrated multi-functional office and retail complex built between 1964 and 1988, comprising 428,354 square feet of Class "A" office space and 388,263 square feet of retail space, including a 47,500 square foot health and recreational centre (Club Entrain). The complex has parking for 2,400 cars, of which 2,230 are on three underground levels. In 1995, a major \$20 million renovation program was completed to upgrade and integrate the two office buildings into the retail and services complex and ground floor shopping mall. Place de la Cité enjoys a prime location on Laurier Boulevard, the most important thoroughfare of Sainte-Foy and into the Greater Quebec City Area, and is strategically situated between two major shopping centres comprising approximately 1.7 million square feet of retail space in the aggregate. Université Laval, which has approximately 34,000 students, is in the immediate vicinity. In addition, the immediate area is characterized by a heavy concentration of hotels, restaurants, office buildings, businesses and two major hospitals.

NON-COMPETITION AGREEMENT

GENERAL

The corporations and partnerships comprising the Dallaire Group and Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire entered into the Non-Competition Agreement with the REIT, which will restrict certain real estate related activities by them and their spouses (collectively the "**Restricted Group**").

SCOPE OF RESTRICTIONS AND RIGHT OF FIRST REFUSAL

Except as provided in the Non-Competition Agreement, each member of the Restricted Group will be prohibited from investing in office, retail, industrial or mixed-use properties, unless the REIT has been offered such investment in accordance with the

terms of the Non-Competition Agreement. The Non-Competition Agreement provides that each member of the Restricted Group, during the term of any lease of a tenant of any Property or within 60 days of the expiry thereof, does not solicit such tenant to move to a building in which the REIT does not have an interest. The foregoing restriction does not apply to a tenant which has ceased to be a tenant of any property of the REIT and which requires additional space which the REIT is unable to accommodate.

The restrictions in the Non-Competition Agreement only apply to properties situated in Canada.

The Non-Competition Agreement provides for a right of first refusal in favour of the REIT with respect to any proposed sale of any office, retail, industrial or mixed-use property owned by any member of the Restricted Group pursuant to a third party offer to purchase which such member is prepared to accept, for the same price and on the same terms and conditions as such third party offer to purchase.

TERM OF RESTRICTIONS

The restrictions in the Non-Competition Agreement apply to the Dallaire Group until the occurrence of the later of the following events: (i) one year after the Dallaire Family, directly or indirectly, ceases to own, in the aggregate, at least 10% of the Units then outstanding; and (ii) Mr. Jules Dallaire ceases to be bound by the Non-Competition Agreement and ceases to have an active role in the management of the Dallaire Group.

Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire are bound by such restrictions until one year after the occurrence of the later of the following events: (i) he ceases to be a Trustee, officer or employee of the REIT; and (ii) if he has an interest in the Dallaire Group, whether as a shareholder, director or officer of a corporation comprising the Dallaire Group or as a partner of a partnership comprising the Dallaire Group, (a) he ceases to have such an interest or (b) the Dallaire Family, directly or indirectly, ceases to own at least 10% of the Units then outstanding. Upon any of Messrs. Jules Dallaire, Michel Dallaire or Alain Dallaire ceasing to be bound by such restrictions, his spouse will also cease to be so bound.

A breach of the Non-Competition Agreement by Mr. Jules Dallaire or his spouse (so long as he has an active role in the management of the REIT) shall entitle the Compensation and Governance Committee to terminate his employment with the REIT without entitlement to severance, in addition to all of its other recourses. A breach of the Non-Competition Agreement by Mr. Michel Dallaire or his spouse (so long as he has an active role in the management of the REIT) shall entitle the Compensation and Governance Committee to terminate his employment with the REIT without entitlement to severance, in addition to all of its other recourses. A breach of the Non-Competition Agreement by Mr. Alain Dallaire or his spouse (so long as he has an active role in the management of the Dallaire Group) shall entitle the Compensation and Governance Committee to terminate his employment with the REIT without entitlement to severance, in addition to all of its other recourses.

EXCLUSIONS FROM RESTRICTIONS

The restrictions in the Non-Competition Agreement do not apply to the Restricted Group with respect to any real estate other than office, retail, industrial or mixed-use properties or with respect to any investments in respect of which any member of the Restricted Group has no active management or which they do not control.

In addition, any member of the Restricted Group and his spouse shall have the right to invest in and develop any of the Excluded Property or any Immovable Property transmitted by way of donation, will, succession or bequest to him or her, provided that in either case, as soon as practicable (but in any event within 90 days) after the date on which such property is substantially non-residentially leased, the REIT is offered the opportunity to purchase their interest at fair market value, except however in the case of Immovable Property transmitted at arm's length by way of donation, will, succession or bequest which is gratuitous and stipulates inalienability. The REIT has the opportunity to purchase at fair market value, from an affiliate of the Dallaire Group, an industrial property located in Quebec City which is subject to an offer to purchase by such affiliate accepted by the property's owner, as soon as practicable (but in any event within 90 days) after the date on which such property is substantially non-residentially leased, and provided the ownership of the property has been effectively transferred to such affiliate or the Dallaire Group.

However, no exclusion limits the restriction on soliciting tenants as described above.

CONTRACT OF TRUST AND DESCRIPTION OF UNITS

The following is a summary of certain terms of the Contract of Trust which, together with other summaries of the terms of the Contract of Trust appearing elsewhere herein, are qualified in their entirety by reference to the text of the Contract of Trust.

GENERAL

The REIT is an unincorporated trust created pursuant to the Contract of Trust and governed by the laws of the Province of Québec.

UNITS

The ownership interests in the REIT constitute a single class of Units. Units represent a Unitholder's proportionate undivided ownership interest in the REIT. The aggregate number of Units which the REIT may issue is unlimited. Upon closing of the REIT's initial public offering completed on May 21, 1998, there were 14,500,000 Units outstanding, of which 8,300,000 were instalment receipt Units and 6,200,000 were the Dallaire Group Units. The Dallaire Group Units were issued to the Dallaire Group in partial payment of the consideration payable to the Dallaire Group for the Properties and Assets acquired under the Purchase Agreements. In July 2000 et February 2001, the REIT completed two public offerings of 2,472,500 Units and 3,450,000 Units respectively. The total number of Units issued as of March 31, 2001, taking account of Units issued in connection with the Distribution Reinvestment Plan and options exercised by employees, is 2,456,998. A further 2,045,699 Units (following approval of Unitholders at the annual meeting of Unitholders held on May 15, 2001) are issuable on exercise of options granted under the Unit Option Plan (see "Management of the REIT –Unit Option Plan"). No Unit has any preference or priority over another. No Unitholder has or is deemed to have any right of ownership in any of the Assets of the REIT. Each Unit confers the right to one vote at any meeting of Unitholders and to participate equally and ratably in any distributions by the REIT and, in the event of any required distribution of all of the property of the REIT, in the net assets of the REIT remaining after satisfaction of all liabilities. Units will be issued in registered form, will be non-assessable when issued and are transferable. Issued and outstanding Units may be subdivided or consolidated from time to time by the Trustees without Unitholder approval. No certificates for fractional Units will be issued and fractional Units will not entitle the holders thereof to vote.

The Units are issued upon the terms and subject to the conditions of the Contract of Trust, which Contract of Trust is binding upon all Unitholders and, by accepting the certificate representing such Units, the holder thereof agrees to be bound by the Contract of Trust.

PURCHASE OF UNITS

The REIT may from time to time purchase Units in accordance with applicable securities legislation and the rules prescribed under applicable stock exchange or regulatory policies. Any such purchases constitute an "issuer bid" under Canadian provincial securities legislation and must be conducted in accordance with the applicable requirements thereof. A Unitholder will not have the right at any time to require the REIT to purchase such Unitholder's Units.

TAKE-OVER BIDS

The Contract of Trust contains provisions to the effect that if a take-over bid is made for Units within the meaning of the *Securities Act* (Québec) and not less than 90% of the Units (other than Units held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Units held by Unitholders who did not accept the offer either, at the election of such Unitholders, on the terms offered by the offeror or at the fair value of such Unitholders' Units determined in accordance with the procedures set out in the Contract of Trust.

MEETINGS OF UNITHOLDERS

The Contract of Trust provides that meetings of Unitholders must be called and held for the election or removal without cause of Trustees (other than Trustees of the Dallaire Group for as long as the Dallaire Group holds at least 10% of the Units then outstanding), the appointment or removal of the auditors of the REIT, the approval of amendments to the Contract of Trust (as described under "Contract of Trust and Description of Units – Amendments to Contract of Trust"), the sale of the Assets of the REIT as an entirety or substantially as an entirety other than as part of an internal reorganization of the Assets of the REIT as approved by

the Trustees and to require that all of the property of the REIT be distributed. Meetings of Unitholders will be called and held annually for the election of the Trustees (other than Trustees of the Dallaire Group for as long as the Dallaire Group holds at least 10% of the Units then outstanding) and the appointment of auditors of the REIT.

A meeting of Unitholders may be convened at any time and for any purpose by the Trustees and must be convened, except in certain circumstances, if requisitioned by the holders of not less than 5% of the Units then outstanding by a written requisition. A requisition must state in reasonable detail the business proposed to be transacted at the meeting. Unitholders have the right to obtain a list of Unitholders to the same extent and upon the same conditions as those which apply to shareholders of a corporation governed by the *Canada Business Corporations Act*.

Unitholders may attend and vote at all meetings of the Unitholders either in person or by proxy and a proxy need not be a Unitholder.

ISSUANCE OF UNITS

The REIT may issue new Units from time to time. Unitholders do not have any preemptive rights whereby additional Units proposed to be issued are first offered to existing Unitholders. In addition to Units which may be issued pursuant to the Unit Option Plan (see "Management of the REIT – Unit Option Plan"), new Units may be issued for cash through public offerings, rights offerings to existing Unitholders (i.e., in which Unitholders receive rights to subscribe for new Units in proportion to their existing holdings of Units, which rights may be exercised or sold to other investors) or private placements (i.e., offerings to specific investors which are not made generally available to the public or existing Unitholders). In certain instances, the REIT may also issue new Units as consideration for the acquisition of new Properties or Assets. The price or value of the consideration for which Units may be issued shall be determined by the Trustees, generally in consultation with investment dealers or brokers who may act as underwriters or agents in connection with offerings of Units.

LIMITATION ON NON-RESIDENT OWNERSHIP

At no time may non-residents of Canada (within the meaning of the Tax Act) be the beneficial owners of more than 49% of the Units and the Trustees shall inform the transfer agent and registrar of this restriction. The transfer agent and registrar may require declarations as to the jurisdictions in which beneficial owners of Units are resident. If the transfer agent and registrar becomes aware, as a result of requiring such declarations as to beneficial ownership, that the beneficial owners of 49% of the Units then outstanding are, or may be, non-residents or that such a situation is imminent, the transfer agent and registrar will advise the Trustees and, upon receiving direction from the Trustees, may make a public announcement thereof and shall not accept a subscription for Units from or issue or register a transfer of Units to a person unless the person provides a declaration that the person is not a non-resident of Canada. If, notwithstanding the foregoing, the transfer agent and registrar determines that more than 49% of the Units are held by non-residents, the transfer agent and registrar may, upon receiving direction and suitable indemnity from the Trustees, send a notice to non-resident holders of Units, chosen in inverse order to the order of acquisition or registration or in such other manner as he may consider equitable and practicable, requiring them to sell their Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Units or provided the transfer agent and registrar with satisfactory evidence that they are not non-residents of Canada within such period, the transfer agent and registrar may on behalf of such Unitholders sell such Units and, in the interim, shall suspend the voting and distribution rights attached to such Units. Upon such sale the affected holders shall cease to be holders of Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificate representing such Units.

INFORMATION AND REPORTS

The REIT will furnish to Unitholders such financial statements (including quarterly and annual financial statements) and other reports as are from time to time required by applicable law, including prescribed forms needed for the completion of Unitholders' tax returns under the Tax Act or equivalent provincial legislation.

Prior to each annual and special meeting of Unitholders, the Trustees shall provide the Unitholders (along with notice of such meeting) information similar to that required to be provided to shareholders of a public corporation governed by the *Canada Business Corporations Act*.

AMENDMENTS TO CONTRACT OF TRUST

The Contract of Trust may be amended or altered from time to time. Certain amendments must be approved by at least two-thirds of the votes cast at a meeting of Unitholders called for such purpose. These include:

- i) any amendment to change a right with respect to any outstanding Units of the REIT, to reduce the amount payable thereon upon termination of the REIT or to diminish or eliminate any voting rights pertaining thereto;
- ii) any amendment to the duration or term of the REIT;
- iii) any amendment to increase the maximum number of Trustees (to more than eleven Trustees) or to decrease the minimum number of Trustees (to less than nine Trustees), any change by the Unitholders in the number of Trustees within the minimum and maximum number of Trustees provided in the Contract of Trust, or any authorization by the Unitholders to the Independent Trustees to effect such change and, if applicable, to appoint additional Independent Trustees within such minimum and maximum number of Trustees;
- iv) any amendment to the provisions relating to staggered terms of the Trustees; and
- v) any amendment relating to the powers, duties, obligations, liabilities or indemnification of the Trustees.

Other amendments to the Contract of Trust must be approved by a majority of the votes cast at a meeting of the Unitholders called for such purpose.

The Trustees may, without the approval of, or any notice to, Unitholders, make certain amendments to the Contract of Trust, including amendments:

- i) for the purpose of ensuring continuing compliance with applicable laws, regulations, requirements or policies of any governmental authority having jurisdiction over the Trustees or over the REIT, its status as a “unit trust”, a “mutual fund trust” and a “registered investment” under the Tax Act or the distribution of Units;
- ii) which, in the opinion of the Trustees, provide additional protection for the Unitholders;
- iii) to remove any conflicts or inconsistencies in the Contract of Trust or to make minor corrections which are, in the opinion of the Trustees, necessary or desirable and not prejudicial to the Unitholders;
- iv) which, in the opinion of the Trustees, are necessary or desirable to conform the Contract of Trust to the disclosure in a final prospectus (or any subsequent amended prospectus) for an offering;
- v) which, in the opinion of the Trustees, are necessary or desirable as a result of changes in taxation laws;
- vi) for any purpose (except one in respect of which a Unitholder vote is specifically otherwise required) if the Trustees are of the opinion that the amendment is not prejudicial to Unitholders and is necessary or desirable; and
- vii) which, in the opinion of the Trustees, are necessary or desirable to enable the REIT to issue Units for which the purchase price is payable on an instalment basis.

SALE OF ASSETS

Any sale or transfer of the Assets of the REIT as an entirety or substantially as an entirety (other than as part of an internal reorganization of the Assets of the REIT as approved by the Trustees) shall occur only if approved by at least two-thirds of the votes cast at a meeting of the Unitholders called for such purpose.

TERM OF THE REIT

The REIT has been established for a term to continue until no property of the REIT is held by the Trustees. The distribution of all of the property of the REIT may be required by the affirmative vote of two-thirds of the votes cast at a meeting of Unitholders called for such purpose.

INDEPENDENT TRUSTEE MATTERS

At least a majority of the Trustees must be Independent Trustees. Pursuant to the Contract of Trust, all Independent Trustee Matters will require the approval of a majority of the Independent Trustees only. “Independent Trustee Matter” means any decision:

- i) to enter into arrangements in which the Dallaire Group has a material interest;
- ii) to appoint, where permitted under the Contract of Trust, an Independent Trustee to fill a vacancy among the Independent Trustees, and to recommend to the Unitholders that the number of Trustees be increased or decreased and, if applicable, to nominate for election by the Unitholders individuals as Independent Trustees to fill any office of Trustee so created;
- iii) to increase the compensation of Management;
- iv) to grant options under any Unit option plan approved by the Trustees, including, without limitation, the Unit Option Plan (see “Management of the REIT – Unit Option Plan”);
- v) to enforce any agreement entered into by the REIT with a Trustee who is not an Independent Trustee, or with an Associate of a non-Independent Trustee; and
- vi) in relation to a claim by or against the Dallaire Group, any member of the Dallaire Family or any affiliate or Associate of any of the foregoing or in which the interest of one of the foregoing differs from the interests of the REIT.

TRUSTEES OF THE DALLAIRE GROUP

Pursuant to the Contract of Trust, Groupe Cominar Inc. (an affiliate of the Dallaire Group) will be entitled to appoint four Trustees on behalf of the Dallaire Group, provided that the Dallaire Group holds at least 10% of the Units then outstanding.

INCOME TAX MATTERS

The Contract of Trust provides that all determinations of the Trustees which are made in good faith with respect to any matters relating to the REIT, including, without limiting the generality of the foregoing, whether any particular investment or disposition meets the requirements of the Contract of Trust, shall be final and conclusive and shall be binding upon the REIT and all Unitholders (and, where the Unitholder is a registered retirement savings plan, registered retirement income fund, deferred profit sharing plan or registered pension fund or plan as defined in the Tax Act, or such other fund or plan registered under the Tax Act, upon plan beneficiaries and plan holders past, present and future) and Units of the REIT shall be issued and sold on the condition and understanding that any and all such determinations shall be binding as aforesaid.

DISTRIBUTION REINVESTMENT PLAN

The REIT has set up a distribution reinvestment plan (the “*Distribution Reinvestment Plan*”) pursuant to which Unitholders may elect to have all cash distributions of the REIT automatically reinvested in additional Units at a price per Unit calculated by reference to the weighted average of the trading price of Units on the Toronto Stock Exchange for the twenty trading days immediately preceding the relevant Distribution Date. No brokerage commissions will be payable in connection with the purchase of Units under the Distribution Reinvestment Plan and all administrative costs will be borne by the REIT. Proceeds received by the REIT upon the issuance of additional Units under the Distribution Reinvestment Plan will be used by the REIT for future property acquisitions, capital improvements and working capital.

In order to encourage participation in the Distribution Reinvestment Plan, the Trustees of the REIT amended it on March 27, 2001. Unitholders who participated in the Distribution Reinvestment Plan will be granted the right to receive an additional number of Units equal to 5% of the distributions to which they are entitled and which they choose to reinvest.

Unitholders who reside in the United States or who are United States citizens will not be entitled to participate in the Distribution Reinvestment Plan.

UNITHOLDERS RIGHTS PLAN

The REIT has adopted a Unitholders rights plan (the "**Rights Plan**"). The Rights Plan will use the *authorized bid mechanism* (described below) to ensure that any person attempting to take over the REIT gives Unitholders and the Trustees adequate time to properly assess its take-over bid, negotiate with the person making the initial offer and solicit competitive offers. The objective of the Rights Plan is to protect Unitholders by requiring that potential offerors comply with conditions set forth in the provisions relating to authorized bids, or that they assume the consequences of the dilution of the Rights Plan. Generally, to be an authorized bid, a bid must be made to all Unitholders and be valid for 60 days. If more than 50% of the Units held by independent Unitholders (defined below) are deposited or submitted in response to the bid and their deposit is not revoked, the bidder may take delivery and pay for such Units. The public take-over bid must then be extended for 10 additional days on the same terms to allow Unitholders who did not initially deposit their Units to do so if they wish. A Unitholder is not required to deposit his Units during the initial 60-day period since the bid must remain open for 10 additional days after the expiry of the initial term. The Rights Plan will likely make it impossible for any person, other than assignees with vested rights, to acquire more than 20% of the outstanding Units without the approval of the Trustees, except under the authorized bid mechanism or certain other exemptions described below. Management is of the opinion that the Rights Plan, as a whole, will not constitute an unreasonable obstacle for a serious bidder wishing to make a good faith offer which is financially equitable to all Unitholders.

The terms of the Rights Plan have been designed to take account of concerns expressed by institutional investors with respect to certain provisions of such plans. The provisions of the Plan with respect to portfolio managers are intended to prevent the mechanism contained in the Plan from being triggered by the normal activities of such investors (see Unitholders Rights Plan – Portfolio Managers" below).

SUMMARY

The following is a summary of the principal terms of the Rights Plan, which is qualified in its entirety by reference to the text of the Plan.

TERM

The Rights Plan has been in full effect since May 21, 1998 (the "**Effective Date**"). It was reconfirmed by Unitholders at the annual general meeting of Unitholders of the REIT held on May 15, 2001 and certain changes were made to it. The Rights Plan shall remain in effect until the next annual meeting of Unitholders of the REIT in 2002, subject to its reconfirmation by Unitholders at that meeting.

RIGHTS ISSUANCE

On the Effective Date, one right (a "**Right**") was issued and attached to each outstanding Unit. One Right was also issued and attached to each subsequently issued Unit and will be issued and will attach to any subsequently issued Units. The initial exercise price of each Right is \$50.00 (the "**Exercise Price**"), subject to appropriate anti-dilution adjustments.

RIGHTS EXERCISE PRIVILEGE

The Rights will separate from the Units to which they are attached and will become exercisable at the time (the "*Separation Time*") (i) that is ten trading days after the earlier of a) the date of the first public announcement by the REIT or an Acquiring Person (as hereinafter defined) of facts indicating that a person has become an Acquiring Person (the "*Unit Acquisition Date*"), (b) the date of the commencement of or first public announcement of the intent of any person to commence a take-over bid other than a Permitted Bid or a Competing Permitted Bid (as hereinafter defined) and (c) two days following the date upon which a Permitted Bid ceases to be such or (ii) such later date as may be determined by the Trustees acting in good faith.

ACQUIRING PERSON

The acquisition by a person (an "*Acquiring Person*"), including others acting jointly or in concert, of 20% or more of the outstanding Units of the REIT, other than by way of a Unit reduction, a permitted bid acquisition (see Unitholders Rights Plan – Permitted Bid Requirements below), an exempt acquisition, a permissible acquisition and certain other circumstances described in the Rights Plan (see “Unitholders Rights Plan – Portfolio Managers” below), is referred to as a "*Flip-in Event*". A person who is a Grandfathered Person (see “Unitholders Rights Plan – Grandfathered Person” below) will not be considered to be an Acquiring Person. A person who makes or proposes to make a take-over bid for Units of the REIT is not deemed to beneficially own Units deposited pursuant to a lock-up agreement that meets the criteria set out in the Rights Plan (see “Unitholders Rights Plan – Permitted Lock-up Agreement” below). Any Rights held by an Acquiring Person on or after the earlier of the Separation Time or the Unit Acquisition Date will become null and void upon the occurrence of a Flip-in Event. Effective at the close of business on the tenth trading day after the Unit Acquisition Date, each Right (other than those held by the Acquiring Person) will permit the holder to purchase Units with a total market value of \$100 on payment of \$50 (i.e., at a 50% discount).

The issue of the Rights is not initially dilutive. Upon a Flip-in Event occurring and the Rights separating from the attached Units, reported earnings per Unit on a fully diluted or non-diluted basis may be affected. Holders of Rights who do not exercise their Rights upon the occurrence of a Flip-in Event may suffer substantial dilution.

GRANDFATHERED PERSON

A Grandfathered Person means a member of the Dallaire Group. However, such person will cease to be a Grandfathered Person if that person together with any one or more other members of the Dallaire Group is at the Record Time (as defined therein), or after the Record Time becomes, the Beneficial Owner (as defined therein) of 20% or more of the outstanding Units, and the Beneficial Ownership (as defined in the Rights Plan) of that person, together with the Beneficial Ownership of any one or more other members of the Dallaire Group, thereafter increases, in the aggregate, by 2% or more of the number of outstanding Units, calculated on the basis of the number of Units outstanding at the time of the most recent increase. Furthermore, each member of the Dallaire Group will cease to be a Grandfathered Person, as at the time, after the Record Time, on which the aggregate Beneficial Ownership of the Dallaire Group is less than 20% of the then outstanding Units of the REIT.

CERTIFICATES AND TRANSFERABILITY

Prior to the Separation Time, the Rights will be evidenced by a legend imprinted on certificates for Units. Prior to the Separation Time, Rights will not be transferable separately from the attached Units. From and after the Separation Time, the Rights will be evidenced by Rights certificates, which will be transferable and traded separately from the Units.

PERMITTED BID REQUIREMENTS

The requirements of a permitted bid (a "*Permitted Bid*") include the following:

- (i) the take-over bid must be made to all holders of Units (including Units underlying convertible securities), other than the bidder;
- (ii) the take-over bid must not permit Units tendered pursuant to the take-over bid to be taken up prior to the expiry of a period of not less than 60 days following the date of the bid and then only if at such time more than 50% of the Units

held by Unitholders, other than the offeror, its affiliates or Associates, persons acting jointly or in concert with the bidder (the "**Independent Unitholders**"), have been tendered pursuant to the take-over bid and not withdrawn; and

- (iii) if more than 50% of the Units held by Independent Unitholders are tendered to the take-over bid within the 60 day period, the bidder must make a public announcement of that fact and the take-over bid must remain open for deposits of Units for an additional 10 business days from the date of such public announcement.

The Rights Plan allows a competing permitted bid (a "**Competing Permitted Bid**") to be made while a Permitted Bid is in existence. A Competing Permitted Bid must satisfy all the requirements of a Permitted Bid except for the minimum deposit period, and must provide that no Units may be taken up and paid for prior to the close of business on a date that is not earlier than the later of (i) the 60th day after the date on which the earliest permitted bid which preceded the Competing Permitted Bid was made and (ii) 35 days following the date of the take-over bid constituting the Competing Permitted Bid.

PERMITTED LOCK-UP AGREEMENT

A permitted lock-up agreement is defined in the Rights Plan as an agreement, the terms of which are publicly disclosed and made available to the public (including the REIT) not later than (i) the date on which the Lock-up Bid (as defined below) is publicly announced or (ii) if the Lock-up Bid has been made prior to the date on which such agreement is entered into, forthwith and in any event not later than the date following the date of such agreement, between the offeror, any of its affiliates or Associates or any other person acting jointly or in concert with the offeror and a person (the "**Locked-up Person**") who is not an affiliate or Associate of the offeror or a person acting jointly or in concert with the offeror whereby the Locked-up Person agrees to deposit or tender the Units and/or convertible securities held by the Locked-up Person to the offeror's take-over bid or to any take-over bid made by any of the offeror's affiliates or Associates or made by any other person acting jointly or in concert with the offeror (the "**Lock-up Bid**"), where the lock-up agreement provides that any Locked-up Person may withdraw his Units or convertible securities (or both) from the lock-up agreement in order to deposit or tender such securities to another take-over bid or to support another transaction (collectively, a "**Competing Transaction**") prior to the Units and/or convertible securities being taken up and paid for under the Lock-up Bid, if:

- (i) the Competing Transaction is at a price or value per Unit and/or convertible security, as the case may be, that exceeds the price or value per Unit and/or convertible security, as the case may be, offered under the Lock-up Bid; or
- (ii) the Competing Transaction is at a price or value per Unit and/or convertible security, as the case may be, that exceeds the price or value per Unit and/or convertible security, as the case may be, offered under the Lock-up Bid by a specified margin (the "**Specified Margin**"), provided that the Specified Margin is not greater than 7% of the price or the value per Unit and/or convertible security, as the case may be, offered under the Lock-up Bid; or
- (iii) the Competing Transaction is for a number of Units and/or convertible securities, as the case may be, greater than the number of Units and/or convertible securities, as the case may be, subject to the Lock-up Bid at a price or value per Unit and/or convertible security, as the case may be, that is not less than the price or value per Unit and/or convertible security, as the case may be, offered under the Lock-up Bid; and

for greater clarity, a Lock-up Agreement may contain a right of first refusal or require a period of delay to give an offeror an opportunity to match any greater consideration offered under a Competing Transaction or a similar limitation on a Locked-up Person so long as the limitation does not preclude the exercise by the Locked-up Person of its rights to withdraw Units and/or convertible securities, as the case may be, under the Lock-up Agreement during the period of the Competing Transaction.

The lock-up agreement must also provide that no break-up fees, top-up fees, penalties, expenses or other amounts shall be payable pursuant to the lock-up agreement that exceed in the aggregate the greater of (i) 2.5% of the price or value of the consideration payable under the Lock-up Bid to a Locked-up Person and (ii) 50% of the amount by which the price or value of the consideration received by the Locked-up Person under a Competing Transaction exceeds the price or value or consideration that the Locked-up Person would have received under the Lock-up Bid, in the event that the Locked-up Person fails to deposit or tender its Units and/or convertible securities, as the case may be, to the Lock-up Bid, or withdraws its Units and/or convertible securities, as the case may be, previously tendered thereto in order to deposit or tender such Units and/or convertible securities, as the case may be, to the Competing Transaction.

REDEMPTION

The Trustees may, with the prior consent of the holders of Units or Rights, at any time prior to the occurrence of a Flip-in Event, determine to redeem all, but not less than all, of the outstanding Rights at a redemption price of \$0.001 per Right.

WAIVER

The Trustees may, at any time prior to the occurrence of a Flip-in Event, determine to waive the application of the Flip-in Event provisions to a take-over bid made by means of a take-over bid circular that would otherwise be subject to the said provisions. If the Trustees waive the application of the Flip-in Event provisions to a take-over bid, the Trustees are deemed to have waived the application of the Flip-in Event provisions to any other Flip-in Event occurring by reason of any competing take-over bid made by means of a take-over bid circular to all Unitholders of record prior to the expiry of the take-over bid for which the waiver was granted. The Trustees may also waive the application of the Flip-in Event provisions to a Flip-in Event where the Acquiring Person became such by inadvertence if, at the time of waiver, it is no longer an Acquiring Person. The Trustees may waive the application of the Flip-in Event provisions to any other Flip-in Event upon the prior consent of the holders of the Units or Rights, as the case may be.

SUPPLEMENT AND AMENDMENTS

The REIT is authorized to make amendments to the Rights Plan to correct any clerical error or typographical error or to maintain the validity of the Rights Plan as a result of changes in law or regulation. All other amendments require the prior approval of the Unitholders.

PORTFOLIO MANAGERS

The provisions of the Rights Plan relating to portfolio managers are designed to prevent the occurrence of a Flip-in Event solely by virtue of the customary activities of such managers, including trust companies and other persons, where a substantial portion of the ordinary business of such person is the management of funds for unaffiliated investors, so long as any such person does not propose to make a take-over bid either alone or jointly with others.

GENERAL

Until a Right is exercised, the holders thereof, as such, will have no rights as a Unitholder.

SELECTED FINANCIAL INFORMATION

The following table sets forth a summary of financial information of the REIT for the period from January 1, 2000 to December 31, 2000:

DISTRIBUTION POLICY

The following outlines the distribution policy of the REIT as contained in the Contract of Trust. The distribution policy may be amended only with the approval of a majority of the votes cast at a meeting of Unitholders.

GENERAL

The REIT distributes to Unitholders monthly, on or about the 15th day in each calendar month (other than January) and on December 31 each calendar year (a "***Distribution Date***"), not less than 85% of the Distributable Income of the REIT for the preceding calendar month and, in the case of distributions made on December 31, for the calendar month then ended. Unitholders also are entitled to receive a distribution on December 31 of each year of: (i) the net realized capital gains of the REIT and the net recapture income of the REIT for the year then ended; and (ii) any excess of the income of the REIT for the purposes of the Tax Act over distributions otherwise made for that year.

Distributions are made in cash. Distributions may be adjusted for amounts paid in prior periods if the actual Distributable Income for the prior periods is greater than or less than the Trustees' estimates for the prior periods.

If the Trustees anticipate a cash shortfall and determine that it would be in the best interests of the REIT, they may reduce for any period the percentage of Distributable Income to be distributed to Unitholders.

As mentioned, the REIT intends to gradually reduce its distribution percentage from 95% to 90% of the Distributable Income. This change will occur progressively without diminishing the distribution per Unit.

Monthly distributions will be based on the Trustees' estimate of yearly Distributable Income, subject to adjustment from time to time throughout the year.

COMPUTATION OF DISTRIBUTABLE INCOME FOR DISTRIBUTION PURPOSES

The Distributable Income of the REIT is calculated based on the REIT's income determined in accordance with the provisions of the Tax Act, subject to certain adjustments as set out in the Contract of Trust, including that capital gains and capital losses be excluded, net recapture income be excluded, no deduction be made for non-capital losses, capital cost allowance, terminal losses, amortization of cumulative eligible capital or amortization of costs of issuing Units or financing fees related to the instalment loan, and leasehold and tenant improvements be amortized. Distributable Income so calculated may reflect any other adjustments determined by the Trustees in their discretion and may be estimated whenever the actual amount has not been fully determined. Such estimates will be adjusted as of the subsequent Distribution Date when the amount of Distributable Income has been finally determined.

COMPUTATION OF NET REALIZED CAPITAL GAINS AND NET RECAPTURE INCOME

The net realized capital gains of the REIT for any year means the amount, if any, by which the capital gains of the REIT for the year exceed the aggregate of (i) the amount of any capital losses of the REIT for the year and (ii) the amount of any net capital losses of the REIT from prior years to the extent not previously deducted. The net recapture income of the REIT for any year means the amount, if any, by which the amount required to be included in the income of the REIT for income tax purposes for such year in respect of recapture of capital cost allowance previously claimed by the REIT exceeds terminal losses realized by the REIT in the year.

TAX DEFERRAL ON 2000 AND 2001 DISTRIBUTIONS

The distributions made by the REIT to Unitholders in 2000 were tax-deferred at 63% by reason of the REIT's ability to claim capital cost allowance and certain other deductions. Management estimates that approximately 66% of the distributions made by the REIT in 2001 will be tax-deferred. In the year of acquisition of a property, capital cost allowance is restricted to one-half of the normal annual rates. The adjusted cost base of Units held by a Unitholder will generally, subject to certain conditions under the Tax Act, be reduced by the non-taxable portion of distributions made to the Unitholder (other than the non-taxable portion of certain capital gains). A Unitholder will generally realize a capital gain to the extent that the adjusted cost base of the Unitholders' Units would otherwise be a negative amount.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS

The heading "Management's Discussion and Analysis" on the REIT's operating results and on the evolution of the financial situation for the period from January 1, 2000 to December 31, 2000 may be found at pages 14 through 20 of the REIT's 2000 annual report in the section entitled "Management's Discussion and Analysis" incorporated herein by reference.

MARKET FOR SECURITIES

The Units of the REIT are listed on the Toronto Stock Exchange under the trading symbol "CUF.UN".

MANAGEMENT OF THE REIT

The operations and affairs of the REIT subject to the control of the Trustees and the operations of the REIT are under the direction of Management. Among other duties, Management is responsible for providing the Trustees with information and advice relating to acquisitions, dispositions and financing, maintaining the books and financial records of the REIT, preparing reports and other information required to be sent to Unitholders and other disclosure documents, calculating and making all allocations, designations, elections and determinations to be made in connection with the income and capital gains of the REIT for tax and accounting purposes, preparing all documentation relating to meetings of Unitholders, completing or supervising completion of transactions and recommending suitable individuals for nomination as Trustees.

TRUSTEES

The Contract of Trust provides that the Assets and operations of the REIT are subject to the control and authority of a minimum of nine and a maximum of eleven Trustees.

The number of Trustees within such minimum and maximum numbers may be changed by the affirmative vote of at least two-thirds of the votes cast at a meeting of Unitholders, or by the Independent Trustees if so authorized by the Unitholders. A vacancy occurring among the Independent Trustees may be filled by resolution of the Independent Trustees only or by the Unitholders at a meeting of the Unitholders. An Independent Trustee may be removed with or without cause by two-thirds of the votes cast at a meeting of Unitholders or with cause by two-thirds of the remaining Independent Trustees.

The Dallaire Group is entitled to appoint four Trustees so long as the percentage of Units that the Dallaire Group holds is at

least 10% of the Units then outstanding. The remaining Trustees are to be elected by resolution passed by a majority of the votes cast at a meeting of the Unitholders. Such Trustees will serve two year staggered terms. Trustees elected at an annual meeting will be elected for terms expiring at the second subsequent annual meeting and will be eligible for re-election. A Trustee appointed or elected to fill a vacancy will be so appointed or elected for the remaining term of the Trustee he is succeeding.

A majority of the Trustees must be resident Canadians, a majority of the Trustees must have had at least five years substantial experience in the real estate industry and a majority of the Trustees must be Independent Trustees. Certain decisions respecting the REIT must be approved by a majority of the Independent Trustees only. See "Contract of Trust and Description of Units — Independent Trustee Matters".

The Contract of Trust provides that at all relevant times, it is intended that at least one Trustee will not be, directly or indirectly, a Unitholder or a person who owns an option to acquire Units (a "*Non-Unitholder Trustee*"). The Contract of Trust provides that in the event that at any relevant time, there is no Non-Unitholder Trustee, the Trustees shall take appropriate action during a period of no longer than 60 days thereafter to assure that there shall be at least one Non-Unitholder Trustee.

The Contract of Trust further provides that, notwithstanding anything therein contained to the contrary, and to the fullest extent permitted by applicable law, all the acts of the Trustees otherwise in accordance with the Contract of Trust shall be valid notwithstanding any temporary failure to comply with the foregoing provision.

A quorum for all meetings of the Trustees or any committee thereof is constituted of at least a majority of the Trustees or of the Trustees on such committee, as the case may be, present in person, at least one of whom shall, except for the Compensation and Governance Committee (all of whose members must be Independent Trustees), be an Independent Trustee. The Trustees (or, when only the approval of a majority of all of the Independent Trustees is required, the Independent Trustees) may act with or without a meeting. Any action of the Trustees (or the Independent Trustees in the circumstances mentioned in the preceding sentence) may be taken at a meeting by vote or without a meeting by written consent or resolution signed by all of the Trustees, or all of the Independent Trustees, as the case may be.

The exclusive standard of care and duties of the Trustees provided in the Contract of Trust are similar to those imposed on a director of a corporation governed by the *Canada Business Corporations Act*. Accordingly, the Contract of Trust requires that the Trustees exercise their powers and carry out their functions honestly, in good faith, with a view to the best interests of the REIT and the Unitholders and, in connection therewith, they exercise that degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The duties and standard of care of the Trustees as aforesaid are intended to be similar to and not greater than those imposed on an administrator of the property of others charged with full administration pursuant to article 1309 of the *Civil Code of Québec*. The Contract of Trust provides that, to the extent that the Trustees have contracted or delegated the performance of certain activities to a property manager, they shall be deemed to have satisfied the aforesaid standard of care.

The Contract of Trust provides for certain indemnities in favour of the Trustees and officers of the REIT and certain other persons in certain circumstances.

CONFLICT OF INTEREST RESTRICTIONS AND PROVISIONS

The Contract of Trust contains "conflict of interest" provisions that serve to protect Unitholders without creating undue limitations on the REIT. Given that the Trustees are engaged in a wide range of real estate and other activities, the Contract of Trust contains provisions, similar to those contained in the *Canada Business Corporations Act*, that require each Trustee to disclose to the REIT any interest in a material contract or transaction or proposed material contract or transaction with the REIT (including a contract or transaction involving the making or disposition of any investment in Immovable Property or a joint venture arrangement) or the fact that such person is a director or officer of, or otherwise has a material interest in, any person who is a party to a material contract or transaction or proposed material contract or transaction with the REIT. Such disclosure is required to be made at the meeting at which a proposed contract or transaction is first considered. In the event that a material contract or transaction or proposed material contract or transaction is one that in the ordinary course would not require approval by the Trustees or the Unitholders, a Trustee is required to disclose in writing to the REIT or request to have entered into the minutes of the meeting, the nature and extent of his interest forthwith after the Trustee becomes aware of the contract or transaction or proposed contract or transaction. In any case, a Trustee who has made disclosure to the foregoing effect is not entitled to vote on any resolution to approve the contract or transaction unless the contract or transaction is one relating primarily to his remuneration as a Trustee, officer, employee or agent of the REIT or one for indemnity under the provisions of the Contract of Trust or the purchase of liability insurance.

TRUSTEES AND OFFICERS

The following table sets forth the name and municipality of residence, principal occupation of each Trustee and officer of the REIT, and their years of service as trustees:

RICHARD MARION ⁴⁾ Dollard-des-Ormeaux, Québec	Trustee	1998	---

Notes:

- 1) Individual Trustees have furnished information as to Units beneficially owned by them or over which they exercise control of direction.
- 2) Member of the Audit Committee.
- 3) Member of the Compensation and Governance Committee.
- 4) Independent Trustee
- 5) Comprises 6,628,759 Units which are beneficially owned by "AM Total Investments, General Partnership" previously known as "Société en nom collectif Cominar". The AM Total Investments, General Partnership Units are indirectly held by members of the Dallaire Family.

The mandate of Yvan Caron and Ghyslaine Laberge as Independent Trustees was renewed at the annual meeting of Unitholders held on May 15, 2001, to hold office until the closing of the annual meeting of Unitholders for the financial year of the REIT ending on December 31, 2002, or until their successors are duly elected or appointed in accordance with the Contract of Trust.

The mandate of Richard Marion, Pierre Gingras and Robert Després will expire at the closing of the annual meeting of Unitholders for the financial year ending December 31, 2001.

The mandate of Jules Dallaire, Michel Berthelot, Michel Dallaire and Michel Paquet will not expire until their respective successors are elected or appointed by the Dallaire Group.

Each of the Trustees of the REIT named in the above table has been engaged in their principal occupation for at least five (5) years, except for Michel Berthelot who, from January 1997 to February 1999, was President of Michel Berthelot and Associates Inc. and, prior to 1997, was Vice-President and General Manager of Forkem inc. (a manufacturer and distributor of industrial and commercial sanitary products).

The Management and Trustees of the REIT beneficially held collectively (five people) or had control over 6,690,517 Units, representing approximately 32.7% of the outstanding Units as of March 14, 2001.

INVESTMENT COMMITTEE

The Contract of Trust provides that the Trustees may, subject to applicable law, from time to time appoint from among their number an Investment Committee consisting of at least three Trustees. At least two-thirds of the members of the Investment Committee must have had at least five years of substantial experience in the real estate industry. In addition, a majority of the members of the Investment Committee must be Independent Trustees and one member must be a Trustee of the Dallaire Group (for as long as the Dallaire Group owns at least 10% of Units then outstanding).

The Trustees decided unanimously not to form an investment committee for the time being, preferring to leave all the latitude required to the board of trustees to approve or reject projected operations including acquisition projects and the transfer of investments as well as loans (including the assumption or the creation of Immovable Hypothecs) by the REIT.

AUDIT COMMITTEE

The contract of Trust requires, subject to applicable law, the creation of an Audit Committee, consisting of at least three (3) trustees, to review the financial statements of the REIT. A majority of the members of the Audit Committee must be Independent Trustees and one member must be a Trustee of the Dallaire Group (for as long as the Dallaire Group owns at least ten per cent (10%) of the Units then outstanding). The Trustees have appointed an Audit Committee consisting of three (3) Trustees, namely Robert Després (President), Yvan Caron and Michel Dallaire.

COMPENSATION AND GOVERNANCE COMMITTEE

The Contract of Trust requires, subject to applicable law, the creation of a Compensation and Governance Committee, consisting of at least three (3) Trustees, to review Management's compensation and the governance of the REIT. All of the members of the Compensation and Governance Committee must be Independent Trustees. The Trustees have set up a Compensation and Governance Committee consisting of three (3) Trustees, namely Yvan Caron (President), Pierre Gingras and Ghislaine Laberge.

REMUNERATION OF TRUSTEES

A person who is employed by and receives salary from the REIT do not receive any remuneration from the REIT for serving as a Trustee. Trustees who are not so employed receive remuneration from the REIT in the amount of \$8,000 per year and \$500 for each meeting of Trustees attended by the Trustee. In addition, each Independent Trustee who is a member of the Audit Committee receives \$500 for each meeting he attends. In all cases, Trustees are entitled to reimbursement from the REIT of their out-of-pocket expenses incurred in acting as Trustees.

UNIT OPTION PLAN

The REIT has established a unit option plan (the "**Unit Option Plan**"). Participation in the Unit Option Plan is restricted to (i) trustees, officers or employees of the REIT or its subsidiary (an "**eligible person**"), (ii) a corporation controlled by an eligible person holding, directly or indirectly, issued and outstanding voting shares and/or the spouse, minor children and/or minor grandchildren, or (iii) a family trust of which the sole trustee is an eligible person and the beneficiary(ies) are an eligible person or a combination of those constituting an eligible person and/or their spouse, minor children and/or minor grandchildren.

Under the Unit Option Plan, the REIT has granted options to the Trustees and key-employees of the REIT. Options are granted by the Trustees. The maximum number of Units reserved for issuance pursuant to the Unit Option Plan is 2,045,699 Units. The options may be exercised on a cumulative basis after each of the first three anniversaries of the date they are granted. The options are for a maximum period of seven (7) years. The exercise price of the options equals the market price of the Units on the date they are granted.

The following provides summary information regarding options outstanding under the Unit Option Plan as of December 31, 2000:

RISK FACTORS

There are certain risks inherent in an investment in the Units and in the activities of the REIT, including the following, which investors should carefully consider before investing in the Units.

MARKET PRICE

A publicly traded real estate investment trust will not necessarily trade at values determined solely by reference to the underlying value of its real estate assets. Accordingly, the Units may trade at a premium or a discount to values implied by the appraisal.

One of the factors that may influence the market price of the Units is the annual yield on the Units. Accordingly, an increase in market interest rates may lead purchasers of Units to demand a higher annual yield which could adversely affect the market price of the Units. In addition, the market price for the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities, changes in the economic environment and numerous other factors beyond the control of the REIT.

OWNERSHIP OF IMMOVABLE PROPERTY

All Immovable Property investments are subject to elements of risk. Such investments are affected by general economic conditions, local real estate markets, demand for leased premises, competition from other available premises, municipal valuations and assessments and various other factors. In the case of the REIT, such risk is heightened by the concentration of properties in one geographical area.

The value of Immovable Property and any improvements thereto may also depend on the credit and financial stability of the tenants and the economic environment in which they operate. The REIT's income and Distributable Income would be adversely affected if one or more major tenants or a significant number of tenants were to become unable to meet their obligations under their leases or if a significant amount of available space in the properties in which the REIT has an interest is not able to be leased on economically favourable lease terms. In the event of default by a tenant, delays or limitations in enforcing rights as lessor may be experienced and substantial costs in protecting the REIT's investment may be incurred. The ability to rent unleased space in the properties in which the REIT will have an interest will be affected by many factors, including but not limited to the level of economic

activity generally and the competition for tenants by other properties. Costs may be incurred in making improvements or repairs to property required by a new tenant. The failure to rent unleased space on a timely basis or at all would likely have an adverse effect on the REIT's financial condition.

Certain significant expenditures, including property taxes, maintenance costs, hypothecary payments, insurance costs and related charges must be made throughout the period of ownership of Immovable Property regardless of whether the property is producing any income. If the REIT is unable to meet hypothecary payments on any Property, loss could be sustained as a result of the hypothecary creditor's exercise of its hypothecary recourses.

Immovable Property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relationship with demand for and the perceived desirability of such investments. Such illiquidity may tend to limit the REIT's ability to vary its portfolio promptly in response to changing economic or investment conditions. If the REIT were to be required to liquidate its Immovable Property investments, the proceeds to the REIT might be significantly less than the aggregate carrying value of its Properties.

The REIT is subject to the risks associated with debt financing, including the risk that existing hypothecary indebtedness secured by the Properties will not be able to be refinanced or that the terms of such refinancing will not be as favourable as the terms of existing indebtedness. In order to minimize this risk, the REIT will attempt to appropriately structure the timing of the renewal of significant tenant leases on the respective Properties in relation to the time at which hypothecary indebtedness on such Properties becomes due for refinancing.

Certain of the leases of the REIT have early termination provisions which, if exercised, would reduce the average lease term. However, such termination rights are generally exercisable only at a cost to the tenant and the amount of space in the Portfolio which could be affected and operating revenues derived therefrom are not significant.

COMPETITION

The REIT competes for suitable Immovable Property investments with individuals, corporations and institutions (both Canadian and foreign) which are presently seeking or which may seek in the future Immovable Property investments similar to those desired by the REIT. Many of those investors will have greater financial resources than those of the REIT, or operate without the investment or operating restrictions of the REIT or according to more flexible conditions. An increase in the availability of investment funds and an increase in interest in Immovable Property investments may tend to increase competition for Immovable Property investments, thereby increasing purchase prices and reducing the yield on them.

In addition, numerous other developers, managers and owners of properties compete with the REIT in seeking tenants. The existence of competing developers, managers and owners and competition for the REIT's tenants could have an adverse effect on the REIT's ability to lease space in its Properties and on the rents charged, and could adversely affect the REIT's revenues and, consequently, its ability to meet its debt obligations.

AVAILABILITY OF CASH FLOW

Distributable Income may exceed actual cash available to the REIT from time to time because of items such as principal repayments, tenant allowances, leasing commissions and capital expenditures. The REIT may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items.

GOVERNMENT REGULATION

The REIT and its Properties are subject to various governmental legislation and regulation. Any change in such legislation or regulation adverse to the REIT and the Properties could affect the operating and financial performance of the REIT.

In addition, environmental and ecological legislation and policies have become increasingly important in recent years. Under various laws, the REIT could become liable for the costs of removal or remediation of certain hazardous or toxic substances released on or in its Properties or disposed of at other locations or for the costs of other remedial or preventive work. The failure to remove or remediate such substances, or to effect such remedial or preventive work, if any, may adversely affect an owner's ability to sell such real estate or to borrow using such real estate as collateral, and could potentially also result in claims against the owner by private

plaintiffs or government agencies. Notwithstanding the above, the REIT is not aware of any material non-compliance, liability or other claim in connection with any of the Properties, nor is the REIT aware of any environmental condition with respect to any of its Properties that it believes would involve material expenditure by the REIT. It is the REIT's operating policy to obtain a Phase I environmental assessment, conducted by an independent and experienced environmental consultant, prior to acquiring a property.

UNITHOLDER LIABILITY

The Contract of Trust provides that no Unitholder or annuitant under a plan of which a Unitholder acts as trustee or carrier (an "*Annuitant*") will be held to have any personal liability as such, and that no resort shall be had to the private property of any Unitholder or Annuitant for satisfaction of any obligation or claim arising out of or in connection with any contract or obligation of the REIT or of the Trustees. Only Assets of the REIT are intended to be liable and subject to levy or execution.

The Contract of Trust further provides that certain written instruments signed by the REIT (including all Immovable Hypothecs and mortgages and, to the extent the Trustees determine to be practicable and consistent with their obligation as Trustees to act in the best interests of the Unitholders, other written instruments creating a material obligation of the REIT) shall contain a provision or be subject to an acknowledgment to the effect that such obligation will not be binding upon Unitholders personally or upon any Annuitant. Except in the case of bad faith or gross negligence on their part, no personal liability will attach under the laws of the Province of Québec to Unitholders or Annuitants for contract claims under any written instrument disclaiming personal liability as aforesaid.

However, in conducting its affairs, the REIT will be acquiring Immovable Property investments subject to existing contractual obligations, including obligations under hypothecs or mortgages and leases. The Trustees will use all reasonable efforts to have any such obligations, other than leases, modified so as not to have such obligations binding upon any of the Unitholders or Annuitants personally. However, the REIT may not be able to obtain such modification in all cases. To the extent that claims are not satisfied by the REIT, there is a risk that a Unitholder or Annuitant will be held personally liable for obligations of the REIT where the liability is not disavowed as described above. The possibility of any personal liability attaching to Unitholders or Annuitants under the laws of the Province of Quebec for contract claims where the liability is not so disavowed, is remote.

The REIT will use all reasonable efforts to obtain acknowledgments from the hypothecary creditors under the Assumed Hypothecs that the Assumed Hypothec obligations will not be binding personally upon the Trustees, the Unitholders or any Annuitant.

Claims against the REIT may arise other than under contracts, including claims in delict, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of Unitholders for such claims is considered remote under the laws of Québec and, as well, the nature of the REIT's activities will be such that most of its obligations will arise by contract, with non-contractual risks being largely insurable. In the event that payment of a REIT obligation were to be made by a Unitholder, such Unitholder would be entitled to reimbursement from the available Assets of the REIT.

Article 1322 of the *Civil Code of Québec* effectively states that the beneficiary of a trust is liable towards third persons for the damage caused by the fault of the trustees of such trust in carrying out their duties only up to the amount of the benefit such beneficiary has derived from the act of such trustees and that such obligations are to be satisfied from the trust patrimony. Accordingly, although this provision remains to be interpreted by the courts, it should provide additional protection to Unitholders with respect to such obligations.

The Trustees will cause the activities of the REIT to be conducted, with the advice of counsel, in such a way and in such jurisdictions as to avoid, to the extent they determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any material risk of liability on the Unitholders for claims against the REIT. The Trustees will, to the extent available on terms which they determine to be practicable, cause the insurance carried by the REIT, to the extent applicable, to cover the Unitholders and Annuitants as additional insureds.

DEPENDENCE ON KEY PERSONNEL

The Management of the REIT depends on the services of certain key personnel, including Mr. Jules Dallaire, President and CEO of the REIT. The loss of the services of any of these key personnel could have a material adverse effect on the REIT.

POTENTIAL CONFLICTS OF INTEREST

The REIT may be subject to various conflicts of interest because of the fact that the Dallaire Group and their respective directors, officers and associates, as well as the Trustees, are engaged in a wide range of real estate and other business activities. The REIT may become involved in transactions which conflict with the interests of the foregoing.

The Trustees may from time to time deal with persons, firms, institutions or corporations with which the REIT may be dealing, or which may be seeking investments similar to those desired by the REIT. The interests of these persons could conflict with those of the REIT. In addition, from time to time, these persons may be competing with the REIT for available investment opportunities.

Any decisions regarding the enforcement by the REIT of the terms of any agreement entered into by the REIT with a Trustee who is not an Independent Trustee, with the Dallaire Group or an affiliate thereof, or with an Associate of a non-Independent Trustee may be made by a majority of the Independent Trustees only. The non-Independent Trustees may attempt to influence the Independent Trustees in this regard.

The Contract of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions and refrain from voting thereon. The REIT concluded a Non-Competition Agreement with the corporation and partnerships comprising the Dallaire Group and Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire, which permits certain potential conflicts of interest to be resolved.

GENERAL UNINSURED LOSSES

The REIT has purchased blanket comprehensive general liability insurance which includes protection against fire, flood, extended coverage and rental loss with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks (generally of a catastrophic nature such as wars or environmental contamination) which are either uninsurable or not insurable on an economically viable basis. The REIT also carries insurance for earthquake risk, subject to certain policy limits, deductibles and self-insurance arrangements, and will continue to carry such insurance if it is economical to do so. Should an uninsured or underinsured loss occur, the REIT could lose its investment in, and anticipated profits and cash flows from, one or more of its Properties, but it would continue to be obligated to repay any hypothecary loan or mortgage indebtedness on such properties.

STATUS FOR TAX PURPOSES AND INVESTMENT ELIGIBILITY

There can be no assurance that income tax laws and the treatment of mutual fund trusts will not be changed in a manner which adversely affects Unitholders. Although the REIT intends to qualify as a "mutual fund trust" under the Tax Act, if the REIT fails or ceases to so qualify, the Units will not be qualified investments or will cease to be qualified investments for registered retirement savings plans, deferred profit sharing plans and registered retirement income funds. In addition, the REIT will then be required to pay a tax under Part XII.2 of the Tax Act. The payment of Part XII.2 tax by the REIT may have adverse income tax consequences for certain Unitholders including non-resident persons and registered retirement savings plans, registered retirement income tax funds and deferred profit sharing plans that acquired an interest in the REIT directly or indirectly from another Unitholder. If the REIT fails or ceases to qualify as a "mutual trust fund" and a "registered investment" under the Tax Act, the Units will not be or will cease to be qualified investments for registered retirement savings plans, deferred profit sharing plans and registered retirement income funds. The REIT will endeavour to ensure that the Units constitute and continue to be qualified investments for registered retirement savings plans, deferred profit sharing plans and registered retirement income funds. The Tax Act imposes penalties for the acquisition or holding of non-qualified or ineligible investments and there is no assurance that the conditions prescribed for such qualified or eligible investments will be adhered to at any particular time.

DILUTION

The number of Units the REIT is authorized to issue is unlimited. The Trustees have the discretion to issue additional Units in other circumstances, including under the Unit Option Plan. Additional Units may also be issued pursuant to the Distribution Reinvestment Plan or the Unitholders Rights Plan. Any issuance of Units may have a dilutive effect on the purchasers of Units offered hereby.

ADDITIONAL INFORMATION

When the securities of the REIT are in the course of a distribution pursuant to a short form prospectus or when a preliminary short form prospectus has been filed in respect of a distribution of its securities, the REIT will provide to any person, upon request to the Secretary of the REIT, the following:

- i) one copy of the Annual Information Form (the “*AIF*”), together with one copy of any document, or the pertinent pages of any document incorporated by reference in the AIF;
- ii) one copy of the comparative financial statements for the most recently completed financial year, together with the accompanying report of the auditor, and one copy of any interim financial statements subsequent to the financial statements for its most recently completed financial year;
- iii) one copy of the information circular in respect of the most recent annual meeting of securityholders that involved the election of Independent Trustees; and
- iv) one copy of any other documents that are incorporated by reference into the preliminary short form prospectus or the short form prospectus and are not required to be provided under (i) to (iii) above.

The REIT may ask for reasonable fees if the request is made at any other time by a person or company which is not a holder of REIT securities.

Additional information, including information on the principal Unitholders of the REIT, Trustees’ and officers’ remuneration and indebtedness, options to purchase securities and interests of insiders in material transactions, where applicable, is contained in the REIT’s Management Information Circular for its most recent annual general meeting of Unitholders that involves the election of Independent Trustees. See pages 2, 3, 5, 6, 7 and 12 of the Management Information Circular of the REIT dated March 30, 2001. Additional financial information is provided in the REIT’s consolidated financial statements for the most recently completed financial year. See pages 8 and 9, and 14 through 28 of the REIT’s 2000 annual report. Copies of this Annual Information Form, the consolidated financial statements for the most recently completed financial year, the REIT’s interim consolidated financial statements and the Management Information Circular of the REIT dated March 30, 2001 may be obtained, upon, request from the Secretary of the REIT.
