GLOSSARY

The following terms used in this Annual Information Form have the meanings set out below:

“Adjusted Unitholders' Equity” means, at any time, the aggregate of the amount of unitholders' equity and the amount of accumulated depreciation recorded in the books and records of the REIT in respect of its Properties calculated in accordance with generally accepted accounting principles.

“Cominar” means Cominar Real Estate Investment Trust and the corporation wholly-owned by the REIT.

“Contract of Trust” means the contract of trust made as of March 31, 1998, governed by the laws of the Province of Québec, pursuant to which the REIT was established, as amended, supplemented or restated on May 8, 1998, May 13, 2003 and May 11, 2004.

“Dallaire Family” means Jules Dallaire, his wife, their children and the spouses of the said children.

“Dallaire Group” means, collectively, “Corporation Financière Alpha (CFA) inc.”, previously known as “Immeubles Cominar inc.”, “Société en Commandite Alpha-Québec”, previously known as “Société en Commandite Cominar” and “AM Total Investments, General Partnership”, previously known as “Société en nom collectif Cominar”, which are controlled by members of the Dallaire Family, or any one or more of them, as the context requires.

“Debenture” means a Series A 6.30% convertible unsecured subordinated debenture of the REIT.

“Debentureholder” means a holder of Debentures.

“Distributable Income” means the amount of cash available to be distributed by the REIT, calculated in the manner set forth under the heading “Computation of Distributable Income for Distribution Purposes”.

“Distribution Reinvestment Plan” means the distribution reinvestment plan of the REIT described under “Distribution Reinvestment Plan”.

“Greater Quebec City Area” means the City of Québec and the City of Lévis.

“Gross Book Value” means, at any time, the book value of the assets of the REIT, as shown on its then most recent balance sheet, plus the amount of accumulated depreciation shown thereon.

“Immovable Hypothec” means a secured interest in an Immovable Property under the laws of the Province of Québec.

“Immovable Property” means Immovable Property under the laws of the Province of Québec or real property under other applicable law.

“Income Tax Act” the *Income Tax Act* (Canada), as amended from time to time.

“Indenture” the Trust indenture entered into as of September 17, 2004, between Cominar and Natcan Trust, as trustee, pursuant to which the Debentures were issued, as amended, supplemented or restated on December 21, 2005.

“Independent Trustee” means a Trustee: (i) who is not a member of the Dallaire Family, an Associate, director, officer or employee of a corporation or partnership comprising the Dallaire Group or an affiliate thereof; (ii) who is not related (as defined in the Toronto Stock Exchange Guidelines on Corporate Governance) to the Dallaire Group; (iii) who is not a person who is a “related person” (within the meaning of the Income Tax Act) in relation to the Dallaire Group or to any member of the Dallaire Family; (iv) who has no material business relationships with the REIT (other than his election or appointment as Trustee or, subject to the provisions of the Contract of Trust, his being a Unitholder), the Dallaire Group and any member of the Dallaire Family; and (v) who represents to the REIT, upon his election or appointment as Trustee, that he meets the foregoing criteria. A Trustee of the Dallaire Group shall be deemed not to be an Independent Trustee.

“Liens” has the meaning ascribed thereto in the *Canada Business Corporations Act*, as amended from time to time.

“Management” means the management of the REIT.

“Non-Competition Agreement” means the non-competition agreement dated May 21, 1998 among the Dallaire Group and Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire.

“Net Operating Income” means the operating income before interest on borrowings, depreciation of income properties and amortization of deferred expenses and other assets, REIT’s administrative expenses and other revenues.

“Portfolio” means a 100 % ownership interest in each of the Properties.

“Properties” means, unless the context requires otherwise, collectively, as at December 31, 2005, the 128 office, retail, industrial and mixed-use properties owned by the REIT, and **“Property”** means any one of them.

“REIT” means Cominar Real Estate Investment Trust and the corporation wholly-owned by Cominar.

“Trustees” means the trustees of the REIT and **“Trustee”** means any one of them.

“Unit” means a unit of interest in the REIT issued from time to time in accordance with the Contract of Trust and includes, without limitation and, where the context so requires, units of the REIT issued pursuant to the Unit Option Plan or the Distribution Reinvestment Plan, and includes a fraction of a unit of the REIT.

“Unitholder” means a holder of Units of the REIT.

“Unit Option Plan” means the unit option plan of the REIT described under “Management of the REIT — Unit Option Plan”.

FORWARD-LOOKING STATEMENTS

This Annual Information Form contains statements about expected future events and financial and operating results of Cominar that are forward-looking. By their nature, forward-looking statements require the REIT to make assumptions and are subject to inherent risks and uncertainties. There is a significant risk that predictions and other forward-looking statements will not prove to be accurate. Readers are cautioned not to place undue reliance on forward-looking statements as number of factors may cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements. Factors that may cause actual results to differ materially include but are not limited to economic conditions, the financial position of tenants, the REIT's ability to refinance its debts upon maturity and to lease vacant space, as well as changes in interest rates and other risk factors discussed herein and listed from time to time in Cominar' reports, comprehensive public disclosure documents, and in other documents filed with securities commissions in Canada and filed on SEDAR at www.sedar.com. For further information, see the "Risk Factors" section. The REIT has neither the intention nor the obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

EXPLANATORY NOTES

Unless otherwise noted, in this Annual Information Form, measures of leasable area refer to net leasable area and measurements in square feet refer to approximate measurements.

1. DATE OF ANNUAL INFORMATION FORM

This Annual Information Form (the "AIF") is dated as of March 30, 2006. Unless otherwise noted, the information contained in this AIF is stated as at December 31, 2005.

2. CORPORATE STRUCTURE

Cominar Real Estate Investment Trust is an unincorporated closed-end investment trust created by the Contract of Trust under, and governed by, the laws of the Province of Québec. The REIT was established on March 31, 1998 and began its activities on May 21, 1998, at the time of the completion of its initial public offering. Amendments to the Contract of Trust were made at various times to give the REIT greater flexibility in operating its portfolio, and in particular, to invest in raw lands, provided that the aggregate value of the investments of the REIT in raw land will not exceed 2% of the Adjusted Unitholders' Equity, and also invest in immovable hypothecs or mortgages which are not first-ranking.

The head office of the REIT is located at 455 du Marais, Quebec (Quebec) G1M 3A2, phone number (418) 681-8151. Its website can be found at www.cominar.com.

Unless otherwise noted or the context otherwise indicates, references to the "REIT" or to "Cominar" in this AIF are to Cominar Real Estate Investment Trust. Reference to "SAC" is to Les Services Administratifs Cominar inc., a wholly-owned subsidiary of the REIT. The SAC was incorporated under the CBCA on March 17, 1998.

3. GENERAL DEVELOPMENT OF THE BUSINESS

3.1 OVERVIEW OF THE REIT

The REIT is one of the largest commercial property owners in the Province of Quebec. As at December 31, 2005, the REIT owned a diversified portfolio of 128 office, retail, industrial and mixed-use properties, of which 88 are located in the Greater Quebec City area and 40 are located in the Greater Montreal area.

The portfolio comprises approximately 2.2 million square feet of office space, 2.4 million square feet of retail space and 4.9 million square feet of industrial and mixed-use space, representing, in the aggregate, approximately 9.5 million square feet of leasable area. As at December 31, 2005, the REIT's portfolio was approximately 95.3% leased. The REIT's properties are mostly situated in prime locations along major traffic arteries and benefit from high-visibility and easy access by both tenants and tenants' customers.

The REIT's asset and property management is fully internalized and the REIT is a fully integrated, self-managed real estate investment operation. In this way, the REIT is not subject to any third party management contracts or property management fees, which the REIT believes reduce the potential for conflict between the interests of Management and the REIT. This fully internalized management structure ensures the interests of Management and employees will be aligned with those of Unitholders and will result in improved operating and financial performance for the REIT.

The REIT believes that a comprehensive and proactive management strategy intended to enhance the operating and financial performance of the REIT is the best way to achieve that objective.

For the fiscal year ended December 31, 2005, the REIT had operating revenues of \$122.1 million and net operating income of \$74.1 million compared to \$110.9 million and \$68.1 million, respectively, the previous year. The REIT's total assets at that date were \$725.6 million and it employed approximately 115 full-time people.

3.2 RETROSPECTIVE

On May 21, 1998, the REIT acquired a portfolio composed of 51 properties in the greater Quebec City area. The portfolio consisted of 8 office properties, 13 retail properties and 30 industrial and mixed-use properties for a total leasable area of approximately 3.1 million square feet. Subsequently, between May 21, 1998 and December 31, 2005, the REIT's portfolio reached 128 properties representing 9.5 million square feet of leasable space, 3.4 million square feet of which is located in the Montreal area.

3.3 ACQUISITIONS, CONSTRUCTIONS AND EXPANSIONS IN THE YEAR ENDED DECEMBER 31, 2005

In the fiscal year ended December 31, 2005, the REIT acquired and completed the construction of properties representing a leasable area of approximately 402,000 square feet. This includes the acquisition of three properties totalling 79,455 square feet and the construction and expansion of six properties for a total of 322,000 square feet. These properties represent an investment of \$28.2 million.

1. In February 2005, Cominar completed the construction of a 46,740 square foot industrial and mixed-use property located at 4500 Louis-B. Mayer in Laval, Québec, at an estimated cost of \$3.3 million.
2. In February 2005, Cominar completed the construction of a 35,000 square foot industrial and mixed-use building located at 2600 Saint-Jean-Baptiste in Québec, Québec, at an estimated cost of \$2.1 million.
3. On March 7, 2005, the REIT completed the acquisition of a 28,906 square foot retail property located at 1050, boul. René-Lévesque in Drummondville, Québec, for a total consideration of approximately \$2.0 million, payable as to \$1.0 million in cash and \$1.0 million by the assumption of a hypothec charging the property.

4. On April 1, 2005, the REIT completed the acquisition of a 14,800 square foot industrial and mixed-use property located at 940, rue Bergar, in Laval, Québec, for a total consideration of \$617,350, payable as to \$217,350 in cash and \$400,000 by the assumption of a hypothec charging the property.
5. In April 2005, Cominar undertook the construction of a 105,000 square foot industrial and mixed-use property located at 2800 Saint-Jean-Baptiste in Québec, Québec, at an estimated cost of \$6.5 million.
6. In June 2005, the REIT began the construction of a 106,500 square foot industrial and mixed-use property located at 2900 boul. Joseph-A.-Bombardier, Laval, Québec, at a cost of approximately \$6.2 million.
7. In June 2005, Cominar completed the expansion of an industrial and mixed-use building located at 1455 32^e Avenue in Lachine, Québec. This 32,500 square foot expansion represented an \$800,000 investment.
8. In July 2005, Cominar completed the 123,400 square foot expansion of Promenades Beauport in Québec, Québec, at a cost of \$7.8 million.
9. On July 19, 2005, the REIT completed the acquisition of a 35,749 square foot industrial and mixed-use property located at 275, avenue Saint-Sacrement, Québec City, Québec, for a total consideration of approximately \$1.2 million.
10. In July 2005, Cominar started construction of a 117,000 square foot industrial and mixed-use building located at 4451 Autoroute Laval Ouest in Laval, Québec, at an approximate cost of \$7.1 million.
11. In September 2005, Cominar also completed the 76,000 square foot expansion of Carrefour Charlesbourg in Québec, Québec, at an estimated cost of \$9.8 million.
12. In October 2005, the REIT completed the construction of an 8,500 square foot retail building located at 50, Président-Kennedy, in Lévis, Québec at a cost of approximately \$630,000.
13. In December 2005, the REIT began the construction of phase 3 of Carrefour Henri IV, a 45,000 square foot industrial and mixed-use property located at 3000 Avenue Saint-Jean-Baptiste, Québec City, Québec, at a cost of approximately \$2.2 million.
14. In the course of 2005, the REIT sold a 45,671 square foot industrial and mixed-use property located at 9055, rue Impasse-de-l'Invention in Montréal, Québec for a total consideration of approximately \$2.7 million, generating a gain of \$248,000.

4. DESCRIPTION OF THE BUSINESS

4.1 GENERAL

The following objectives have been approved by the Trustees and may be amended or replaced by the Trustees from time to time. In setting the objectives of the REIT, the Trustees are subject to the investment guidelines and operating policies set out in the Contract of Trust. See "Investment Guidelines and Operating Policies".

The objectives of the REIT are to provide Unitholders with growing tax-deferred cash distributions payable monthly and to increase and maximize unit value through proactive management, including the acquisition of income properties and the development and expansion of various properties in its portfolio, with the participation of a reliable and experienced team.

The REIT manages its assets with an emphasis on growing net rental revenues and occupancy levels within the Portfolio and, where economically viable, exploiting expansion or redevelopment opportunities that offer the REIT an accretive, risk-adjusted rate of return. Growth in cash flow from existing Properties comprising the Portfolio is anticipated to be achieved through: (i) increases in lease rates built into existing leases for the Properties, (ii) improvements in occupancy rates and proactive leasing efforts and (iii) reductions in operating costs.

The REIT seeks to acquire income-producing immovable properties when the projected net yield on acquisition would result in a yield on the outstanding Units greater than the current yield to Unitholders. The REIT intends to concentrate its acquisition activities in the Greater Quebec City Area where it can exploit its competitive advantages, in the Greater Montreal Area and other markets within the Province of Québec where the REIT can pursue other acquisitions that are complementary to the REIT's portfolio and management expertise. Management believes it will be able to maintain an investment strategy of acquiring properties to provide additional cash flow and enhance long-term portfolio value.

The continued growth of the REIT achieved through redevelopment and expansion of the Portfolio and future acquisitions enables the REIT to further realize economies of scale in the management of its Properties.

The REIT adopted the Dallaire Group's conservative approach to its borrowing policies and in general seeks to maintain a combination of short-term, medium-term and long-term debt maturities which are appropriate for the overall debt level of its portfolio, taking into account availability of financing, market conditions and the financial terms of the leases from which the REIT derives its cash flow. The REIT expects to issue Units only where such issuances are not considered by the Trustees to be materially dilutive to ensuing annual distributions to existing Unitholders.

Management believes that achieving these objectives will result in an increasingly diverse and stable income stream intended to reduce both risk and volatility in respect of the returns realized by Unitholders.

4.2 MANAGEMENT AND GROWTH STRATEGY OF THE REIT

The REIT believes that commercial real estate is a dynamic investment that requires active and experienced management in order to maximize total returns and minimize risk for Unitholders. The REIT believes that this objective can best be achieved through a comprehensive and proactive management strategy intended to enhance the operating and financial performance of the REIT. Specifically, the REIT focuses on:

- growing net rental revenues and occupancy levels of its Portfolio and, where economically viable, exploiting expansion or redevelopment opportunities for long-term value appreciation; and
- seeking accretive acquisitions, expansion and redevelopment opportunities for long-term value appreciation, firstly within the Greater Quebec City Area, in the Greater Montreal Area and other markets within the Province of Québec, where the REIT can capitalize on its development expertise and strong institutional, business and tenant relationships.

In 2005, the REIT continued to apply a conservative acquisition strategy and to develop quality properties in strategically located sites sought by customers in the Montreal and Quebec City regions.

As stated in the past, in order to meet its profitability criteria in a context of steadily rising properties prices, the REIT has focused on accelerating the development of those of its properties offering a potential increase in return, and the construction of new properties on vacant lots under its ownership.

Based on its long experience in the real estate sector and its in-depth market intelligence, the REIT is committed to remaining conservative in developing its property portfolio in order to secure its profitability in the medium and long term. Every project is therefore appraised in accordance with specific criteria, the most important being the property's current and future profitability.

The key criterion in analyzing a prospective property acquisition remains the ratio between its purchase price, the debt involved and its profitability. The purchase price must be supported by the property's actual value, so as to associate a reasonable debt level with the transaction and to ensure satisfactory profitability through the various phases of an economic cycle.

Furthermore, to reduce the risk associated with a particular sector, the REIT continues to ensure that its portfolio is well balanced among its three sectors – office, retail and industrial and mixed-use properties.

Geographical diversification also plays a key role in the REIT's growth strategy. As at December 31, 2005, properties in the Montreal region accounted for some 35% of its portfolio's leasable area.

In conclusion, the REIT's primary strategies are focused on continuing to make acquisitions and carry out developments, that match its criteria of quality and profitability over the short and long term, maintaining a fairly well-balanced segmented diversification among office, retail and industrial and mixed-use properties, continuing to maintain geographical diversification between the Montreal and Quebec City regions, and finally, maintaining a conservative financing structure.

4.2.1 THE MARKET

The REIT has a dominant presence in the Greater Quebec City Area by virtue of the size of the Portfolio, the concentration and diversity of the Properties and the attractiveness of their locations, all of which increase the likelihood that the REIT will discuss leasing opportunities with most prospective commercial tenants within such market. The ongoing strategy of the REIT is to maintain its dominant position as well as to capitalize on other real estate investment opportunities.

As at December 31, 2005, the REIT owned 88 income properties in the Greater Quebec City Area, totaling 6.1 million square feet. Since 1999, when Cominar acquired the first property in the Greater Montreal Area, this region has been developed with the quality of service and management that has proven successful in terms of client satisfaction in Quebec City. It is for this reason that, as soon as the REIT penetrated the Montreal market, it opened a regional office and set up a team committed to meeting clients' needs. As at December 31, 2005, the REIT's portfolio included 40 Montreal-area properties covering 3.4 million square feet.

The current economic conditions in the province of Quebec favor the real estate market. The price of buildings has increased significantly and the demand for leasable spaces remains high particularly in the sectors of industrial and mixed-use buildings and offices located on the outskirts of the downtown areas.

The REIT believes there is still significant growth potential for cash flows and value appreciation from other properties located in its market. However, in a bullish market, a real estate manager must be prudent when purchasing properties in order to ensure that an acquisition will remain profitable even in a more difficult economy.

4.2.2 ALIGNMENT OF MANAGEMENT' AND THE REIT'S INTERESTS

The REIT is a fully integrated, self-administered, self-managed real estate operation and is not subject to any third party management contracts and management fees. This structure reduces the potential for conflict between the interests of Management and the REIT. The REIT believes that by adopting a fully internalized management structure, the interests of Management and employees are aligned with those of Unitholders and improved operating and financial performance for the REIT will result. The REIT benefits from the experience and expertise of its executives and employees. See "Management of the REIT". The REIT also believes that interests of Management are further aligned with those of Unitholders through the granting of options under the Unit Option Plan. The Unit Option Plan provides an incentive for key management personnel to increase the REIT's cash flow and Unit value. Participation in this Plan is limited to Trustees (subject to applicable law), officers and employees of the REIT.

4.2.3 COMPETITIVE STRENGTHS

The REIT intends to capitalize on the following strengths and competitive advantages of the Portfolio and Management:

- privileged relationships with its existing tenant base, which allow Management to identify and fulfill tenants' needs for expansion or contraction of space;
- ability to identify and close acquisition opportunities;
- strategic alliances with suppliers and innovative cost control measures which reduce or limit the increase in operating costs, such that gross rents continue to be competitive;

- strong relationships with financial institutions, which facilitate access to financing on favourable commercial terms and which may provide for acquisition and joint venture investment opportunities;
- efficient management information systems, including comprehensive and proprietary tenant information for each Property in the Portfolio competing within the Greater Quebec City Area real estate market; and
- development and redevelopment expertise and capability of Management and employees, providing the REIT with the ability to undertake expansion and redevelopment opportunities in compliance with the Investment Guidelines and Operating Policies of the REIT.

4.2.4 BALANCED PORTFOLIO

The REIT seeks to maintain a balanced portfolio based on asset type and property characteristics consistent with its existing portfolio, but also in line with evolving market conditions. Management believes this strategy provides the REIT with a diversified tenant base, reduces cash flow volatility and increases potential capital appreciation.

In 2005, the office sector made the greatest contribution to net operating income with 35.7%, compared with 34.8% in 2004, while the contribution from the retail sector went from 32.5% in 2004 to 30.8% in 2005. For its part, the industrial and mixed-use sector remained quite stable, with a contribution of approximately 33.5% of Net Operating Income.

Information by Sector

Sectors	Rental Revenues		Net Operating Income	
	2005 (000\$)	2004 (000\$)	2005 (000\$)	2004 (000\$)
Office	44,176	38,457	26,422	23,668
Retail	38,954	37,701	22,800	22,164
Industrial and Mixed-Use	38,974	34,743	24,860	22,274
Total	122,104	110,901	74,082	68,106

4.2.5 DEBT MANAGEMENT

The REIT seeks to maintain a combination of short-term, medium-term and long-term debt maturities which are appropriate for the overall debt level of the Portfolio, taking into account availability of financing and market conditions and the financial terms of the leases from which the REIT derives its cash flow. The REIT normally manages its debt maturities by seeking predominantly fixed-rate medium-term debt and by maintaining a conservative level of debt relative to Gross Book Value. The REIT has obtained from a financial institution the financing required to make Immovable Property acquisitions, to undertake the expansion, redevelopment and improvement of its Properties and to cover certain operating expenses of the REIT and of its Properties from time to time, subject to the Investment Guidelines and Operating Policies of the REIT. See "Investment Guidelines and Operating Policies".

4.3 INVESTMENT GUIDELINES AND OPERATING POLICIES

4.3.1 INVESTMENT GUIDELINES

The Contract of Trust provides for certain guidelines on investments, which may be made by the REIT.

The Assets of the REIT may be invested only in accordance with the following guidelines:

- the REIT must focus its acquisition activities on existing income-producing properties, including office, retail, industrial and mixed-use properties, that are substantially leased;
- notwithstanding anything in the Contract of Trust to the contrary, the REIT may not make any investment or take any action or omit to take any action that would result in Units not being units of a "mutual fund trust" and of a "unit trust" within the meaning of the Income Tax Act, that would result in Units being disqualified for investment

by registered retirement savings plans, registered retirement income funds or deferred profit sharing plans, that would result in the REIT being liable under the Income Tax Act to pay a tax imposed as a result of holdings by the REIT of foreign property as defined in the Income Tax Act, that would result in Units being foreign property for the purposes of the Income Tax Act or that would result in the REIT paying a tax under the registered investment provisions of the Income Tax Act for exceeding certain investment limits;

iii) the REIT may invest in a joint venture arrangement only if:

- a) the arrangement is one pursuant to which the REIT holds an interest in Immovable Property jointly or in common with others ("**joint venturers**") either directly or through the ownership of an interest in a corporation or other entity (a "**joint venture entity**") as co-owners and not as partners and such Immovable Property is capital property of the REIT and, if owned through the ownership of an interest in a joint venture entity, the said Immovable Property is capital property of the joint venture entity;
 - b) the REIT's interest in the joint venture arrangement is not subject to any restriction on transfer other than a right of first refusal, if any, in favour of the joint venturers;
 - c) the REIT has a right of first refusal to buy the interests of the other joint venturers;
 - d) the joint venture arrangement provides an appropriate buy-sell mechanism to enable a joint venturer to purchase the other joint venturers' interests or to sell its interest;
 - e) the joint venture arrangement provides that the liability of the REIT to third parties is joint and not solidary (the common law equivalent being "several and not joint and several"), provided however, that, subject to any remedies that each joint venturer may have against the other joint venturers, a joint venturer shall be hypothecarily liable to the full extent of the property and that, further, may be required to give up its interest in any particular property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property; and
 - f) the joint venture arrangement permits, but does not require, the REIT or its designee to participate fully in the management thereof;
- iv) except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province of Canada, short-term government debt securities, some or all of the receivables under an instalment receipt agreement or in money market instruments of, or guaranteed by, a Schedule 1 Canadian bank maturing prior to one year from the date of issue, the REIT may not hold securities other than securities of a joint venture entity or an entity or corporation wholly owned by the REIT formed and operated solely for the purpose of holding a particular Immovable Property or Immovable Properties or some or all of the receivables under an instalment receipt agreement or for any purpose relating to the activities of the REIT, and provided further that, notwithstanding anything contained in the Contract of Trust to the contrary, the REIT may acquire securities of other real estate investment trusts;
- v) except as otherwise prohibited in the Contract of Trust, the REIT may invest in interests (including ownership and leasehold interests) in income-producing Immovable Property in Canada and the United States that is capital property of the REIT;
- vi) the REIT may not invest in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in Immovable Property that is capital property of the REIT;
- vii) the REIT may not invest in operating businesses or other specialty Immovable Property or acquire interests in general partnerships or limited partnerships;
- viii) the REIT may, with the prior approval of the Trustees, invest in raw-land to be held as capital property for development and ownership for other development projects, in any such case, for the purpose of (i) renovating or expanding existing facilities that are capital property of the Trust or (ii) developing new facilities which will be

income producing and constitute capital property of the Trust, provided that the aggregate value of the investments of the Trust in raw-land will not exceed 2% of the Adjusted Unitholders' Equity;

- ix) the REIT may invest in Immovable Hypothecs, mortgages and hypothecary or mortgage bonds (including, with the consent of a majority of the Trustees, a participating or convertible Immovable Hypothec or mortgage) where:
 - a) the Immovable Property which is security therefor is income-producing Immovable Property which otherwise meets the general investment guidelines of the REIT adopted by the Trustees from time to time in accordance with the Contract of Trust and the restrictions set out therein;
 - b) the amount of the hypothecary or mortgage loan is not in excess of 75% of the market value of the property securing the Immovable Hypothec or mortgage and the Immovable Hypothec or mortgage has at least 1.2 debt service coverage;
 - c) the Immovable Hypothec or mortgage is a first-ranking Immovable Hypothec or mortgage or of subsequent rank registered on title to the Immovable Property which is security therefor;
 - d) the aggregate value of the investments of the REIT in these Immovable Hypothecs and mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
- x) the REIT may invest in Immovable Hypothecs or mortgages if the sole intention is to use the acquisition of the Immovable Hypothecs and mortgages as a method of acquiring control of an income-producing Immovable Property which would otherwise meet the investment guidelines of the REIT and provided the aggregate value of the investments of the REIT in such Immovable Hypothecs and mortgages after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
- xi) at no time will indebtedness aggregating more than 12.5% of Gross Book Value (other than trade payables, accrued expenses and distributions payable) be at floating interest rates or have maturities of less than one year, not including debt with an original maturity of one year or more falling due in the next 12 months; and
- xii) subject to paragraph (ii), the REIT may invest an amount (which, in the case of an amount invested to acquire Immovable Property, is the purchase price less the amount of any indebtedness assumed or incurred by the REIT and secured by an Immovable Hypothec or mortgage on such property) up to 15% of the Adjusted Unitholders' Equity of the REIT in investments or transactions which do not comply with paragraphs (iv), (v), (ix) and (x) under the heading "Investment Guidelines and Operating Policies — Investment Guidelines" or paragraph (iii) under the heading "Investment Guidelines and Operating Policies — Operating Policies".

For the purpose of the foregoing guidelines, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the REIT shall be deemed to be those of the REIT on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Immovable Property shall be deemed to include an investment in a joint venture arrangement. Except as specifically set forth above to the contrary, all of the foregoing prohibitions, limitations or requirements for investment shall be determined as at the date of investment by the REIT. Nothing in the guidelines shall prohibit the REIT from holding or assigning some or all of the receivables due pursuant to any instalment receipt agreement.

4.3.2 OPERATING POLICIES

The Contract of Trust provides that the operations and affairs of the REIT shall be conducted in accordance with the following policies:

- i) the REIT shall not purchase, sell, market or trade in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term "hedging" shall have the meaning ascribed thereto by National Policy No. 39 adopted by the Canadian Securities Administrators, as in effect immediately prior to the rescission thereof effective February 1, 2000;

- ii) any written instrument creating an obligation which is or includes the granting by the REIT of an Immovable Hypothec or mortgage, and (b) to the extent the Trustees determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any written instrument which is, in the judgment of the Trustees, a material obligation shall contain a provision or be subject to an acknowledgment to the effect that the obligation being created is not personally binding upon, and that resort shall not be had to, nor shall recourse or satisfaction be sought from, the private property of any of the Trustees, Unitholders, Annuitants under a plan of which a Unitholder acts as a trustee or carrier, or officers, employees or agents of the REIT, but that only Property of the REIT or a specific portion thereof shall be bound; the REIT, however, is not required, but shall use all reasonable efforts, to comply with this requirement in respect of obligations assumed by the REIT upon the acquisition of Immovable Property;
- iii) the REIT shall not lease or sublease to any person any Immovable Property, premises or space where that person and its associates would, after the contemplated lease or sublease, be leasing or subleasing Immovable Property, premises or space having a fair market value net of encumbrances in excess of 20% of the Adjusted Unitholders' Equity of the REIT;
- iv) the limitations contained in paragraph (iii) shall not apply to the renewal of a lease or sublease and shall not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed by:
 - a) the Government of Canada, the Government of the United States, any province of Canada, any state of the United States or any municipality in Canada or the United States, or any agency thereof;
 - b) any corporation of which the bonds, debentures or other evidences of indebtedness which it issues or guarantees are authorized as an investment for insurance companies pursuant to subsection 86(1)(k) of the *Canadian and British Insurance Companies Act* in effect on December 31, 1991; or
 - c) a Canadian chartered bank registered under the laws of a province of Canada;
- v) title to each Immovable Property shall be drawn up in the name of the Trustees or, to the extent permitted by applicable law, the REIT or a corporation or other entity wholly-owned by the REIT or jointly owned by the REIT with joint venturers;
- vi) the REIT shall not incur or assume any indebtedness under an Immovable Hypothec or mortgage unless, at the date of the proposed assumption or incurring of the indebtedness, the aggregate of (a) the amount of all indebtedness secured on such Immovable Property or group of immovable properties and (b) the amount of additional indebtedness proposed to be assumed or incurred does not exceed 75% of the market value of such Immovable Property or group of immovable properties (other than the renewal, extension or modification of any existing Immovable Hypothec or mortgage, including, without limitation, the Assumed Hypothecs, on substantially similar terms or on terms more favourable to the REIT, in each such case, as determined by a majority of the Trustees);
- vii) the REIT shall not incur or assume any indebtedness if, after giving effect to the incurring or assumption of the indebtedness, the total indebtedness of the REIT would be more than 60% of the Gross Book Value;
- viii) the REIT shall not directly or indirectly guarantee any indebtedness or liabilities of any kind of a third party except indebtedness assumed or incurred under an Immovable Hypothec or mortgage by a corporation or other entity wholly-owned by the REIT or jointly owned by the REIT with joint venturers and operated solely for the purpose of holding a particular property or properties where such Immovable Hypothec or mortgage, if granted by the REIT directly, would not cause the REIT to otherwise contravene the restrictions set out under the heading "Investment Guidelines and Operating Policies", and where such Immovable Hypothec or mortgage is granted by a joint venture entity, subject to a joint venturer being required to give up its interest in a property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property, the liability of the REIT is limited strictly to the proportion of the hypothecary or mortgage loan equal to the REIT's proportionate ownership interest in the joint venture entity;

- ix) the REIT shall obtain an independent appraisal of each property that it intends to acquire;
- x) the REIT shall obtain and maintain at all times insurance coverage in respect of potential liabilities of the REIT and the accidental loss of value of the assets of the REIT from risks, in amounts, with such insurers and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties; and
- xi) the REIT shall have conducted a Phase I environmental audit of each Immovable Property to be acquired by it and, if the Phase I environmental audit report recommends that a Phase II environmental audit be conducted, the REIT shall have a Phase II environmental audit conducted, in each case by an independent and experienced environmental consultant; such audit, which constitutes a condition to any acquisition, shall be satisfactory to the Trustees. All new leases granted by the REIT shall contain appropriate covenants from the lessee respecting environmental matters as determined by the Trustees from time to time.

For the purposes of the foregoing policies, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the REIT shall be deemed to be those of the REIT on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Immovable Property shall be deemed to include an investment in a joint venture. All of the foregoing prohibitions, limitations or requirements pursuant to the foregoing policies shall be determined as at the date of investment or other action by the REIT.

4.3.3 AMENDMENTS TO INVESTMENT GUIDELINES AND OPERATING POLICIES

Pursuant to the Contract of Trust, all of the investment guidelines set out under the heading "Investment Guidelines and Operating Policies — Investment Guidelines" and the operating policies contained in paragraphs (v), (vi), (vii), (viii), (ix), (x) and (xi) under the heading "Investment Guidelines and Operating Policies — Operating Policies" may be amended only if such amendment is approved by two-thirds of the votes cast by Unitholders of the REIT at a meeting of Unitholders called for such purpose. The remaining operating policies may be amended if such amendment is approved by the Trustees and by a majority of the votes cast by Unitholders at a meeting called for such purpose.

4.4 PROPERTIES

As at December 31, 2005, the Portfolio of the REIT included 128 office, retail, industrial and mixed-use properties located in the Greater Quebec City Area and in the Greater Montreal area. The Portfolio consists of 2.2 million square feet of office space, 2.4 million square feet of retail space and 4.9 million square feet of industrial and mixed-use space representing, in the aggregate, approximately 9.5 million square feet of leasable area. The Properties comprising the Portfolio are prime locations along major thoroughfares and benefit from high visibility and easy access by both tenants and tenants' customers. There are no land leases on any of the Properties comprising the Portfolio. The Properties are generally well-maintained and in good operating condition.

4.4.1 OVERVIEW OF PORTFOLIO

The following tables summarize the Properties of the REIT as at December 31, 2005 by asset class, the lease expiries and renewals as well as the new leases as at December 31, 2005 and the lease maturities from 2006 to 2010:

Allocation by Property Type ⁽¹⁾

Property Type	Number of Properties	Area (square feet)	%	% Leased
Office Properties	14	2,212,143	23.2	95.0
Retail Properties	28	2,338,749	24.6	93.6
Industrial and Mixed-Use Properties....	<u>86</u>	<u>4,973,240</u>	<u>52.2</u>	<u>96.2</u>
Total Portfolio	128	9,524,132	100.0	95.3

Notes:

- 1) Includes the properties being developed which are not included in the calculation of the occupancy rate and the weighted average net rent (See "Summary of the Properties").

(2) Sets forth certain generally recognized tenants.

The following is a summary of each of the Properties comprising the Portfolio of the REIT.

4.4.3 PLACE DE LA CITE 2600 boul. Laurier, Québec, Québec

Place de la Cité in Québec, Québec is a fully-integrated 1.04 million square foot multi-functional office and retail complex built between 1964 and 1988, comprising 668,044 square feet of Class "A" office space and 371,769 square feet of retail space, including a 46,718 square foot health and recreational centre (Club Entrain). The complex has parking for 2,368 cars, of which 2,230 are on three underground levels. In 1995, a major \$20 million renovation program was completed to upgrade and integrate the two office buildings into the retail and services complex and ground floor shopping mall. In April 2004, Cominar completed the construction of a 17 storey office tower (the "Cominar Tower") having a leasable area of approximately 205,000 square feet. Place de la Cité enjoys a prime location on Laurier Boulevard, the most important thoroughfare of Sainte-Foy and into the Greater Quebec City Area, and is strategically situated between two major shopping centres comprising approximately 1.7 million square feet of retail space in the aggregate. Université Laval, which is attended by approximately 34,000 students, is in the immediate vicinity. In addition, the area is characterized by a heavy concentration of hotels, restaurants, office buildings, businesses and two major hospitals.

4.4.3.1 Office

Place de la Cité is one of the foremost business addresses for the financial and professional services industry in the Greater Quebec City Area. The following table sets forth the major office tenants for Place de la Cité:

Tenants	Leasable Area (square feet)

Total	668,044

In addition to the tenants listed above, other prominent office tenants are Manuvie Financial, Laberge Lafleur AEMG, TD Waterhouse, Gestion M.D, Zurich Canada, Bureau des Passeports, Bureau de la sécurité des transports du Canada, Lombard Canada, Microsoft Canada and La Garantie cie d'assurance.

4.4.3.2 Retail

Place de la Cité is the central property in the highest concentration of retail shopping in the Greater Quebec City Area. Place de la Cité is situated immediately between and is effectively anchored by two major regional shopping centres:

- Place Laurier, a 1.1 million square foot super-regional shopping centre anchored by Sears, The Bay, Zellers and Toys 'R' US; and
- Place Ste-Foy, a 656,000 square foot regional mall anchored by Les Ailes de la Mode, Archambault, Simons, Metro and Holt Renfrew.

Place de la Cité is the direct connection between Place Ste-Foy and Place Laurier and benefits from a continuous flow of retail shoppers, as evidenced by pedestrian traffic of 200,000 people per week on average.

The following table sets forth the major retail tenants for Place de la Cité:

Tenants	Leasable Area (square feet)
Club Entrain	41,784
Marché Larbofruit	18,360
Caisse populaire Desjardins	13,863
Automobile & Touring Club du Québec	8,483

1405 55e Avenue, Dorval, Québec

A 66,185 square foot industrial building situated on 119,111 square feet of land. It was built in 2001. The building is 100% leased and has 60 outdoor parking spaces. Major tenants include Intermove Canada (1992), International Paint division of Akzono and Total Logistick Partner (Ocean consolidators).

5055 Hugues-Randin, Québec, Québec

A 56,337 square foot industrial and mixed-use building situated on 129,027 square feet of land. It was built in 1989 and is located in the Métrobec industrial park on the north side of the Capitale Highway. It contains warehouses and offices. The warehouse has a 25 foot ceiling height. The building is 100% leased to Canada Post Corporation and has 85 parking spaces.

330 Avro, Pointe-Claire, Québec

A 101,222 square foot industrial and mixed-use building situated on 225,646 square feet of land. It was built in 1991 and expanded in 1998. The building is located west of Boulevard des Sources and south of the Transcanadian Highway in Pointe-Claire. It contains warehouses and offices. It is 100% leased to Dynacast Canada and has approximately 215 parking spaces.

19701 Clark-Graham, Baie d'Urfé, Québec

A 162,000 square foot industrial and mixed-use building situated on 383,500 square feet of land. It was built in 1994 and expanded in 1999. The building is located next to the Transcanadian Highway in the Beaconsfield-Baie d'Urfé area. It contains warehouses and offices. It is 100% leased to Emballages Alcan Canada and has approximately 200 parking spaces.

4500-4536 Louis-B.-Mayer, Laval, Québec (Highway 440 Project)

A 46,740, square foot industrial and mixed-use building part of a three building project known as the "Highway 440 Project". The project is located next to the Highway 440 and is situated on 542,109 square feet of land. The Property is 100% leased and major tenants include PH Vitres d'Auto and Fournitures Funéraires Victoriaville.

4451-4479 Autoroute Laval Ouest, Laval, Québec (Highway 440 Project)

A 117,000 square foot industrial and mixed-use building also part of the Highway 440 Project. It is currently under development.

2900-2976 Joseph-A.-Bombardier, Laval, Québec (Highway 440 Project)

A 106,500 square foot industrial and mixed-use building completing the Highway 440 Project. It is currently under development.

2600 Saint-Jean-Baptiste, Québec, Québec (Henri IV Project)

A 35,000 square foot industrial and mixed-use building part of a three building project known as the "Henri IV Project". It is located next to the Henri IV highway, one of the key through lanes in Québec City and is situated on 550,424 square feet of land. It is 100% leased and the main tenants include Telops and Studio Ross.

2800 Saint-Jean-Baptiste, Québec, Québec (Henri IV Project)

A 105,000 square foot industrial and mixed-use building also part of the Henri IV Project and currently under development.

3000 Saint-Jean-Baptiste, Québec, Québec (Henri IV Project)

A 45,000 square foot industrial and mixed-use building part of the Henri IV Project currently under development.

275 St-Sacrement, Québec, Québec

A 35,749 square foot industrial and mixed-use building situated on 193,017 square feet of land. Built in 1949, the building will be renovated and expanded by 30,000 square feet in 2006.

940 Bergar, Laval, Québec

A 14,800 square foot industrial and mixed-use building situated on 70,001 square feet of land. The Property was built in 1987 and is currently under development.

4.5 HYPOTHECS AND DEBENTURES

4.5.1 HYPOTHECS

The Portfolio of the REIT is conservatively leveraged, with predominantly fixed rate debt. The weighted average interest rate pursuant to the Hypothecs is approximately 6.27% per annum and the weighted average term to maturity of the Hypothecs is approximately 2.81 years.

The following table summarizes the Immovable Hypothecs on the REIT's properties:

Properties	Balance as at December 31, 2005	Interest Rate	Maturity Date
<u>HYPOTHECS – FIXED RATE</u>			
Place de la Cité — 2600 boul. Laurier, Québec	\$88,176,774	6.15%	April 2008

 TOTAL HYPOTHECS	 \$253,581,615		

The following table summarizes the capital reimbursements, including balances upon maturity, of the Hypothecs as at December 31, 2005:

Debt Maturities ⁽¹⁾ ⁽²⁾				
	Office	Retail	Industrial and Mixed-use	Total
2006	\$25,521,346	\$7,445,132	\$19,110,502	\$52,076,979
2007	\$29,433,038	\$2,035,785	\$19,385,531	\$50,854,354
2008	\$61,849,207	\$33,340,831	\$22,905,662	\$118,095,701
2009	\$642,979	\$909,724	\$829,415	\$2,382,119
2010	\$691,807	\$973,779	\$897,423	\$2,563,009
After 2011	\$7,589,568	\$14,308,253	\$5,711,633	\$27,609,454
Weighted Average Interest Rate on Hypothechs	6.33 %	6.30%	6.15%	6.27%
Weighted Average Term to Maturity on Hypothechs	2.14 years	4.87 years	2.26 years	2.81 years

Notes:

- (1) The Place de la Cité loan was allocated by Management, based on the value of Place de la Cité, as follows: 65% for the office properties and 35% for the retail properties.
- (2) As at December 31, 2005, Cominar's indebtedness stood at 49.0% of gross book value.

4.5.2 DEBENTURES

During the course of the year ended December 31, 2004, Cominar issued an aggregate principal amount of \$100 million of Convertible Debentures bearing interest at the annual rate of 6.30%. This issue enabled Cominar to protect more than a third of its debt against potential increases in interest rates for the next 10 years. As at December 31, 2005, outstanding Convertible Debentures amounted to \$97.5 million.

5. CAPITALIZATION

The following table shows the REIT's capitalization as at December 31, 2005.

Capitalization	As at December 31, 2005 (000 \$)
Hypothecs	253,581
Debentures	<u>97,535</u>
TOTAL LONG-TERM DEBT	351,116
Market Capitalization ⁽¹⁾	<u>634,768</u>
TOTAL CAPITALIZATION	985,884
LONG-TERM DEBT AS A % OF CAPITALIZATION	35,6%

Note:

(1) Based on 32,940,735 Units outstanding and a Unit price of \$19.27

6. NON-COMPETITION AGREEMENT

6.1 GENERAL

The corporations and partnerships comprising the Dallaire Group and Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire entered into the Non-Competition Agreement with the REIT, which restricts certain real estate related activities by them and their spouses (collectively the "**Restricted Group**").

6.2 SCOPE OF RESTRICTIONS AND RIGHT OF FIRST REFUSAL

Except as provided in the Non-Competition Agreement, each member of the Restricted Group will be prohibited from investing in office, retail, industrial or mixed-use properties, unless the REIT has been offered such investment in accordance with the terms of the Non-Competition Agreement. The Non-Competition Agreement provides that each member of the Restricted Group, during the term of any lease of a tenant of any Property or within 60 days of the expiry thereof, may not solicit such tenant to move to a building in which the REIT does not have an interest. The foregoing restriction does not apply to a tenant which has ceased to be a tenant of any property of the REIT and which requires additional space which the REIT is unable to accommodate.

The restrictions in the Non-Competition Agreement only apply to properties situated in Canada.

The Non-Competition Agreement provides for a right of first refusal in favour of the REIT with respect to any proposed sale of any office, retail, industrial or mixed-use property owned by any member of the Restricted Group pursuant to a third party offer to purchase which such member is prepared to accept, for the same price and on the same terms and conditions as such third party offer to purchase.

6.3 TERM OF RESTRICTIONS

The restrictions in the Non-Competition Agreement apply to the Dallaire Group until the occurrence of the later of the following events: (i) one year after the Dallaire Family, directly or indirectly, ceases to own, in the aggregate, at least 10% of the Units then outstanding; and (ii) Mr. Jules Dallaire ceases to be bound by the Non-Competition Agreement and ceases to have an active role in the management of the Dallaire Group.

Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire are bound by such restrictions until one year after the occurrence of the later of the following events: (i) he ceases to be a Trustee, officer or employee of the REIT; and (ii) if he has an interest in the Dallaire Group, whether as a shareholder, director or officer of a corporation comprising the Dallaire Group or as a partner of a partnership comprising the Dallaire Group, (a) he ceases to have such an interest or (b) the Dallaire Family, directly or indirectly, ceases to own at least 10% of the Units then outstanding. Upon any of Messrs. Jules Dallaire, Michel Dallaire or Alain Dallaire ceasing to be bound by such restrictions, his spouse will also cease to be so bound.

A breach of the Non-Competition Agreement by Mr. Jules Dallaire or his spouse (so long as he has an active role in the management of the REIT) shall entitle the compensation and governance committee of the REIT to terminate his employment with the REIT without entitlement to severance, in addition to all of its other recourses. A breach of the Non-Competition Agreement by Mr. Michel Dallaire or his spouse (so long as he has an active role in the management of the REIT) shall entitle the compensation and governance committee to terminate his employment with the REIT without entitlement to severance, in addition to all of its other recourses. A breach of the Non-Competition Agreement by Mr. Alain Dallaire or his spouse (so long as he has an active role in the management of the Dallaire Group) shall entitle the compensation and governance committee to terminate his employment with the REIT without entitlement to severance, in addition to all of its other recourses.

6.4 EXCLUSIONS FROM RESTRICTIONS

The restrictions in the Non-Competition Agreement do not apply to the Restricted Group with respect to any real estate other than office, retail, industrial or mixed-use properties or with respect to any investments in respect of which any member of the Restricted Group has no active management or which they do not control.

In addition, any member of the Restricted Group and his spouse shall have the right to invest in and develop any of the Excluded Property or any Immovable Property transmitted by way of donation, will, succession or bequest to him or her, provided that in either case, as soon as practicable (but in any event within 90 days) after the date on which such property is substantially non-residentially leased, the REIT is offered the opportunity to purchase their interest at fair market value, except however in the case of Immovable Property transmitted at arm's length by way of donation, will, succession or bequest which is gratuitous and stipulates inalienability.

However, no exclusion limits the restriction on soliciting tenants as described above.

7. RISK FACTORS

An investment in Units or Debentures and the activities of the REIT involve certain risks. Investors should carefully consider, in light of their own financial circumstances, the factors set out below as well as other information contained or incorporated by reference in this AIF.

7.1 MARKET PRICE

A publicly traded real estate investment trust will not necessarily trade at values determined solely by reference to the underlying value of its real estate assets. Accordingly, the Units may trade at a premium or a discount to values implied by the initial appraisal of the value of its properties or the value of such properties from time to time.

Whether or not the Debentures will trade at lower prices depends on many factors, including liquidity of the Debentures, prevailing interest rates and the markets for similar securities, the market price of the Units, general economic conditions and the REIT's financial condition, historic financial performance and future prospects.

Although the REIT intends to make distributions of its available cash to Unitholders, these cash distributions are not assured. The actual amount distributed will depend on numerous factors including, but not limited to, the REIT's financial performance, debt covenants and obligations, working capital requirements and future capital requirements. The market price of the Units may deteriorate if the REIT is unable to meet its cash distribution targets in the future.

The after-tax return from an investment in Units to Unitholders subject to Canadian income tax will depend, in part, on the composition for tax purposes of distributions paid by the REIT (portions of which may be fully or partially taxable or may constitute non-taxable returns of capital). The composition for tax purposes of those distributions may change over time, thus affecting the after-tax return to Unitholders.

One of the factors that may influence the market price of the Units is the annual yield on the Units. Accordingly, an increase in market interest rates may lead purchasers of Units to demand a higher annual yield which could adversely affect the market price of the Units. Unlike fixed-income securities, there is no obligation of the REIT to distribute to Unitholders any fixed amount and reductions in, or suspensions of, distributions may occur that would reduce yield based on the market price of the Units. In addition, the market price for the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities, changes in the economic environment and numerous other factors beyond the control of the REIT.

7.2 OWNERSHIP OF IMMOVABLE PROPERTY

All immovable property investments are subject to elements of risk. Such investments are affected by general economic conditions, local real estate markets, demand for leased premises, competition from other available premises, municipal valuations and assessments and various other factors. In the case of the REIT, such risk is heightened by the concentration of properties in two geographical areas.

The value of immovable property and any improvements thereto may also depend on the credit and financial stability of the tenants and the economic environment in which they operate. The REIT's income and Distributable Income would be adversely affected if one or more major tenants or a significant number of tenants were to become unable to meet their obligations under their leases or if a significant amount of available space in the properties in which the REIT will have an interest is not able to be leased on economically favourable lease terms. In the event of default by a tenant, delays or limitations in enforcing rights as a lessor may be experienced and substantial costs in protecting the REIT's investment may be incurred. The ability to rent unleased space in the properties in which the REIT will have an interest will be affected by many factors, including but not limited to the level of economic activity generally and the competition for tenants by other properties. Costs may be incurred in making improvements or repairs to property required by a new tenant. The failure to rent unleased space on a timely basis or at all would likely have an adverse effect on the REIT's financial condition.

Certain significant expenditures, including property taxes, maintenance costs, hypothecary payments, insurance costs and related charges must be made throughout the period of ownership of immovable property regardless of whether the property is producing any income. If the REIT is unable to meet hypothecary payments on any property, loss could be sustained as a result of the hypothecary creditor's exercise of its hypothecary recourses.

Immovable property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relationship with demand for and the perceived desirability of such investments. Such illiquidity may tend to limit the REIT's ability to vary its portfolio promptly in response to changing economic or investment conditions. If the REIT were to be required to liquidate its immovable property investments, the proceeds to the REIT might be significantly less than the aggregate carrying value of its properties.

The REIT is subject to the risks associated with debt financing, including the risk that existing hypothecary indebtedness secured by the REIT's properties will not be able to be refinanced or that the terms of such refinancing will not be as favourable as the terms of existing indebtedness. In order to minimize this risk, the REIT will attempt to appropriately structure the timing of the renewal of significant tenant leases on its respective properties in relation to the time at which hypothecary indebtedness on such properties becomes due for refinancing.

Certain of the leases of the REIT's properties have early termination provisions which, if exercised, would reduce the average lease term. However, such termination rights are generally exercisable only at a cost to the tenant and the amount of space in the REIT's portfolio which could be affected and operating revenues derived therefrom are not significant.

7.3 STRUCTURAL SUBORDINATION OF UNITS AND DEBENTURES

In the event of a bankruptcy, liquidation or reorganization of the REIT or any of its subsidiaries, holders of certain of their indebtedness and certain trade creditors will generally be entitled to payment of their claims from the assets of the REIT and those subsidiaries before any assets are made available for distribution to the Unitholders and Debentureholders. The Units and Debentures will be effectively subordinated to most of the other indebtedness and liabilities of the REIT and its subsidiaries. Neither the REIT, nor any of its subsidiaries will be limited in their ability to incur additional secured or unsecured indebtedness.

7.4 CREDIT RISK AND PRIOR RANKING INDEBTEDNESS: ABSENCE OF COVENANT PROTECTION

The likelihood that Debentureholders will receive payments owing to them under the terms of the Debentures will depend on the financial health of the REIT and its creditworthiness. In addition, the Debentures are unsecured obligations of the REIT and are subordinate in right of payment to all the REIT's existing and future senior indebtedness (as defined in the Indenture). Therefore, if the REIT becomes bankrupt, liquidates its assets, reorganizes or enters into certain other transactions, the REIT's assets will be available to pay its obligations with respect to the Debentures only after it has paid all of its senior and secured indebtedness in full. There may be insufficient assets remaining following such payments to pay amounts due on any or all of the Debentures then outstanding. The Debentures are also effectively subordinate to claims of creditors of the REIT's subsidiaries except to the extent the REIT is a creditor of such subsidiaries ranking at least *pari passu* with such other creditors. The Indenture does not prohibit or limit the ability of the REIT or its subsidiaries to incur additional debt or liabilities (including senior indebtedness) or to make distributions, except, in respect of distributions, where an Event of Default (as defined in the Indenture) has occurred and such default has not been cured or waived. The Indenture does not contain any provision specifically intended to protect Debentureholders in the event of a future leveraged transaction involving the REIT.

7.5 CONVERSION FOLLOWING CERTAIN TRANSACTIONS

In the case of certain transactions, each Debenture will become convertible into the securities, cash or property receivable by a Unitholder in the kind and amount of securities, cash or property into which the Debenture was convertible immediately prior to the transaction. This change could substantially lessen or eliminate the value of the conversion privilege associated with the Debentures in the future. For example, if the REIT were acquired in a cash merger, each Debenture would become convertible solely into cash and would no longer be convertible into securities whose value would vary depending on the REIT's future prospects and other factors.

7.6 AVAILABILITY OF CASH FLOW

Distributable Income may exceed actual cash available to the REIT from time to time because of items such as principal repayments, tenant allowances, leasing commissions and capital expenditures. The REIT may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items.

The REIT may need to refinance its debt obligations from time to time, including upon expiration of its debt. There could be a negative impact on Distributable Income if debt obligations of the REIT are replaced with debt that has less favourable terms or if the REIT is unable to refinance its debt. In addition, loan and credit agreements with respect to debt obligations of the REIT, include, and may include in the future, certain covenants with respect to the operations and financial condition of the REIT and Distributable Income may be restricted if the REIT is unable to maintain any such covenants.

7.7 UNITHOLDER LIABILITY

The Contract of Trust provides that no Unitholder or annuitant under a plan of which a Unitholder acts as trustee or carrier (an "annuitant") will be held to have any personal liability as such, and that no resort shall be had to the private property of any Unitholder or annuitant for satisfaction of any obligation or claim arising out of or in connection with any contract or obligation of the REIT or of the Trustees. Only assets of the REIT are intended to be liable and subject to levy or execution.

The Contract of Trust further provides that certain written instruments signed by the REIT (including all immovable hypothecs and, to the extent the Trustees determine to be practicable and consistent with their obligation as Trustees to act in the best interests of the Unitholders, other written instruments creating a material obligation of the REIT) shall contain a provision or be subject to an acknowledgment to the effect that such obligation will not be binding upon Unitholders personally or upon any annuitant. Except in case of bad faith or gross negligence on their part, no personal liability will attach under the laws of the Province of Québec to Unitholders or annuitants for contract claims under any written instrument disclaiming personal liability as aforesaid.

However, in conducting its affairs, the REIT will be acquiring immovable property investments, subject to existing contractual obligations, including obligations under hypothecs or mortgages and leases. The Trustees will use all reasonable efforts to have any such obligations, other than leases, modified so as not to have such obligations binding upon any of the Unitholders or annuitants personally. However, the REIT may not be able to obtain such modification in all cases. To the extent that claims are not satisfied by the REIT, there is a risk that a Unitholder or annuitant will be held personally liable for obligations of the REIT where the liability is not disavowed as described above. The possibility of any personal liability attaching to Unitholders or annuitants under the laws of the Province of Québec for contract claims where the liability is not so disavowed is remote.

The REIT will use all reasonable efforts to obtain acknowledgments from the hypothecary creditors under assumed hypothecs that assumed hypothec obligations will not be binding personally upon the Trustees, the Unitholders or any annuitant.

Claims against the REIT may arise other than under contracts, including claims in delict, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of Unitholders for such claims is considered remote under the laws of Québec and, as well, the nature of the REIT's activities are such that most of its obligations arise by contract, with non-contractual risks being largely insurable. In the event that payment of a REIT obligation were to be made by a Unitholder, such Unitholder would be entitled to reimbursement from the available assets of the REIT.

Article 1322 of the *Civil Code of Québec* effectively states that the beneficiary of a trust is liable towards third persons for the damage caused by the fault of the trustees of such trust in carrying out their duties only up to the amount of the benefit such beneficiary has derived from the act of such trustees and that such obligations are to be satisfied from the trust patrimony. Accordingly, although this provision remains to be interpreted by the courts, it should provide additional protection to Unitholders with respect to such obligations.

The Trustees will cause the activities of the REIT to be conducted, with the advice of counsel, in such a way and in such jurisdictions as to avoid, to the extent they determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any material risk of liability on the Unitholders for claims against the REIT. The Trustees will, to the extent available on terms which they determine to be practicable, cause the insurance carried by the REIT, to the extent applicable, to cover the Unitholders and annuitants as additional insureds.

7.8 COMPETITION

The REIT competes for suitable immovable property investments with individuals, corporations and institutions (both Canadian and foreign) which are presently seeking or which may seek in the future immovable property investments similar to those desired by the REIT. Many of those investors have greater financial resources than those of the REIT, or operate without the investment or operating restrictions of the REIT or according to more flexible conditions. An increase in the availability of investment funds and an increase in interest in immovable property investments may tend to increase competition for immovable property investments, thereby increasing purchase prices and reducing the yield on them.

In addition, numerous other developers, managers and owners of properties compete with the REIT in seeking tenants. The existence of competing developers, managers and owners and competition for the REIT's tenants could have an adverse effect on the REIT's ability to lease space in its properties and on the rents charged, and could adversely affect the REIT's revenues and, consequently, its ability to meet its debt obligations.

7.9 DEPENDENCE ON KEY PERSONNEL

The management of the REIT depends on the services of certain key personnel, including Mr. Michel Dallaire, President and Chief Executive Officer of the REIT. The loss of the services of any key personnel could have a material adverse effect on the REIT.

7.10 POTENTIAL CONFLICTS OF INTEREST

The REIT may be subject to various conflicts of interest because of the fact that the Dallaire Group and their respective directors, officers and associates, as well as the Trustees, are engaged in a wide range of real estate and other business activities. The REIT may become involved in transactions which conflict with the interests of the foregoing.

The Trustees may from time to time deal with persons, firms, institutions or corporations with which the REIT may be dealing, or which may be seeking investments similar to those desired by the REIT. The interests of these persons could conflict with those of the REIT. In addition, from time to time, these persons may be competing with the REIT for available investment opportunities.

Any decisions regarding the enforcement by the REIT of the terms of any agreement entered into by the REIT with a Trustee who is not an Independent Trustee, with the Dallaire Group or an affiliate thereof, or with an associate of a non-Independent Trustee may be made by a majority of the Independent Trustees only. The non-Independent Trustees may attempt to influence the Independent Trustees in this regard.

The Contract of Trust contains “conflicts of interest” provisions requiring Trustees to disclose material interests in material contracts and transactions and refrain from voting thereon. The REIT concluded a non-competition agreement with the corporation and partnerships comprising the Dallaire Group and Messrs. Jules Dallaire, Michel Dallaire and Alain Dallaire, which permits to resolve certain potential conflicts of interest.

7.11 GENERAL UNINSURED LOSSES

The REIT subscribed a blanket comprehensive general liability including insurance against fire, flood, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks (generally of a catastrophic nature such as from wars or environmental contamination) which are either uninsurable or not insurable on an economically viable basis. The REIT also carries insurance for earthquake risks, subject to certain policy limits, deductibles and self-insurance arrangements, and will continue to carry such insurance if it is economical to do so. Should an uninsured or underinsured loss occur, the REIT could lose its investment in, and anticipated profits and cash flows from, one or more of its properties, but the REIT would continue to be obligated to repay any hypothecary recourse or mortgage indebtedness on such properties.

7.12 STATUS FOR TAX PURPOSES AND INVESTMENT ELIGIBILITY

There can be no assurance that the Income Tax Act or the judicial interpretation thereof or the administrative and/or assessing practices of the Canada Customs and Revenue Agency (“CCRA”) respecting the conditions to qualify as a mutual fund trust, the treatment of mutual fund trusts or the deductibility of interest will not be changed in a manner which adversely affects Unitholders and Debentureholders. Although the REIT currently qualifies as a “mutual fund trust” and as a registered investment based on information provided by the REIT under the Income Tax Act, if the REIT ceases to so qualify, the Units will cease to be qualified investments for Deferred Income Plans and RESPs. As well, if the REIT ceases to be a mutual fund trust or if its Units are not listed on a prescribed stock exchange in Canada, then the Debentures shall cease to be qualified investments for Deferred Income Plans and RESPs. In addition, if the REIT ceases to be a mutual fund trust it will be required to pay a tax under Part XII.2 of the Income Tax Act. The payment of Part XII.2 tax by the REIT may have adverse income tax consequences for certain Unitholders and Debentureholders. The REIT will endeavour to ensure that the Securities constitute and continue to be qualified investments for Deferred Income Plans and RESPs. The Tax Act imposes penalties on Deferred Income Plans and RESPs for the acquisition or holding of non-qualified or ineligible investments and there is no assurance that the conditions prescribed for such qualified or eligible investments will be adhered to at any particular time.

Although the REIT is of the view that all expenses claimed by it in the determination of its income under the Income Tax Act will be reasonable and deductible in accordance with the applicable provisions of the Income Tax Act and that the REIT's "undepreciated capital cost" has been determined in accordance with the applicable provisions of the Income Tax Act, there can be no assurance that the Income Tax Act or the interpretation of the Income Tax Act will not change, or that CCRA will agree with the expenses claimed or the determination and computation of the REIT's "undepreciated capital costs" or the claims made by the REIT in respect thereof. If CCRA successfully challenges the deductibility of such expenses or the correctness of such amounts or claims, the extent to which distributions by the REIT will be income tax deferred would be materially adversely affected. On October 31, 2003, the Department of Finance released, for public comment, proposed amendments to the Income Tax Act that relate to the deductibility of interest and other expenses for income tax purposes for taxation years commencing after 2004. In general, the proposed amendments may deny the realization of losses in respect of a business or property in a year if, in that year, it is not reasonable to expect that the taxpayer will realize a cumulative profit from that business or property for the period in which the taxpayer has carried on, and can reasonably be expected to carry on, that business, or has held, and can reasonably be expected to hold, that property. The REIT is of the view that it is reasonable to expect that the REIT will realize a cumulative profit from its properties.

Although the REIT is of the view that it is not a "business income trust" and is further of the view that it would be an "exempt trust" as defined in the Budget Proposals, if the REIT were a "business income trust" and were not an "exempt trust", then certain tax-exempt entities other than Deferred Income Plans and RESPs may be materially and adversely affected. On May 18, 2004, the Minister of Finance announced that the implementation of these proposed amendments is suspended pending further consultation with interested parties, following which further legislative proposals will be announced. In September 2005, the Government of Canada issued a consultation paper stating its intention to assess the tax and economic efficiency implications of income trusts and limited partnerships publicly listed on a Canadian Stock Exchange to determine if the current tax system is appropriate or should be modified. On November 23, 2005, the Minister of Finance announced a measure to unify the rules for corporations and income trusts by proposing a tax reduction on dividends.

However, further changes in this area are possible and may cause actual tax implications to differ materially, in some respects, from those described under "Tax".

7.13 GOVERNMENT REGULATION

The REIT and its properties are subject to various governmental legislation and regulation. Any change in such legislation or regulation adverse to the REIT and its properties could affect the operating and financial performance of the REIT.

In addition, environmental and ecological legislation and policies have become increasingly important in recent years. Under various laws, the REIT could become liable for the costs of removal or remediation of certain hazardous or toxic substances released on or in its properties or disposed of at other locations or for the costs of other remedial or preventive work. The failure to remove or remediate such substances, or to effect such remedial or preventive work if any, may adversely affect an owner's ability to sell such real estate or to borrow using such real estate as collateral, and could potentially also result in claims against the owner by private plaintiffs or governmental agencies. Notwithstanding the above, the REIT is not aware of any material non-compliance, liability or other claim in connection with any of its properties, nor is the REIT aware of any environmental condition with respect to any of its properties that it believes would involve material expenditure by the REIT.

7.14 DILUTION

The number of Units the REIT is authorized to issue is unlimited. The Trustees have the discretion to issue additional Units in other circumstances. Additional Units may also be issued pursuant to the DRIP, the Unit Option Plan and any other incentive plan of the REIT, and upon conversion of the Debentures and Units issuable to the Debenture Trustee (as defined in the Indenture) in payment of interest on Debentures. Any issuance of Units may have a dilutive effect on the Unitholders.

7.15 RESTRICTIONS ON CERTAIN UNITHOLDERS AND LIQUIDITY OF UNITS

The Contract of Trust imposes restrictions on non-resident Unitholders who are prohibited from beneficially owning more than 49% of the Units. These restrictions may limit the rights of certain Unitholders, including non-residents of Canada, to acquire Units, to exercise their rights as Unitholders and to initiate and complete take-over bids in respect of the Units. As a result, these restrictions may limit the demand for Securities from certain Unitholders and thereby adversely affect the liquidity and market value of the Securities held by the public. Unitholders who are non-residents of Canada are required to pay all withholding taxes payable in respect of distributions by the REIT. The REIT withholds such taxes as required by the Income Tax Act and the Tax Proposals and remits such payment to the tax authorities on behalf of the Unitholder. The Budget Proposals contain measures to subject to Canadian non-resident withholding tax certain otherwise non-taxable distributions of Canadian mutual funds to non-resident Unitholders. This may limit the demand for Units and/or Debentures and thereby affect their liquidity and market value.

8. DISTRIBUTIONS

The following outlines the distribution policy of the REIT as contained in the Contract of Trust. The distribution policy may be amended only with the approval of a majority of the votes cast at a meeting of Unitholders.

8.1 GENERAL

The REIT distributes to Unitholders monthly, on or about the 15th day in each calendar month (other than January) and on December 31 each calendar year (a "**Distribution Date**"), not less than 85% of the Distributable Income of the REIT for the preceding calendar month and, in the case of distributions made on December 31, for the calendar month then ended. Unitholders also are entitled to receive a distribution on December 31 of each year of: (i) the net realized capital gains of the REIT and the net recapture income of the REIT for the year then ended; and (ii) any excess of the income of the REIT for the purposes of the Income Tax Act over distributions otherwise made for that year.

Distributions are made in cash. Distributions may be adjusted for amounts paid in prior periods if the actual Distributable Income for the prior periods is greater than or less than the Trustees' estimates for the prior periods.

If the Trustees anticipate a cash shortfall and determine that it would be in the best interests of the REIT, they may reduce for any period the percentage of Distributable Income to be distributed to Unitholders.

Monthly distributions will be based on the Trustees' estimate of yearly Distributable Income, subject to adjustment from time to time throughout the year.

8.2 COMPUTATION OF DISTRIBUTABLE INCOME FOR DISTRIBUTION PURPOSES

The Distributable Income of the REIT is calculated based on the REIT's income determined in accordance with the provisions of the Income Tax Act, subject to certain adjustments as set out in the Contract of Trust, including that capital gains and capital losses be excluded, net recapture income be excluded, no deduction be made for non-capital losses, capital cost allowance, terminal losses, amortization of cumulative eligible capital or amortization of costs of issuing Units or financing fees related to the instalment loan, and leasehold and tenant improvements be amortized. Distributable Income so calculated may reflect any other adjustments determined by the Trustees in their discretion and may be estimated whenever the actual amount has not been fully determined. Such estimates will be adjusted as of the subsequent Distribution Date when the amount of Distributable Income has been finally determined.

8.3 COMPUTATION OF NET REALIZED CAPITAL GAINS AND NET RECAPTURE INCOME

The net realized capital gains of the REIT for any year means the amount, if any, by which the capital gains of the REIT for the year exceed the aggregate of (i) the amount of any capital losses of the REIT for the year and (ii) the amount of any net capital losses of the REIT from prior years to the extent not previously deducted. The net recapture income of the REIT for any year means the amount, if any, by which the amount required to be included in the income of the REIT for

income tax purposes for such year in respect of recapture of capital cost allowance previously claimed by the REIT exceeds terminal losses realized by the REIT in the year.

8.4 TAX DEFERRAL ON 2005 DISTRIBUTIONS

The distributions made by the REIT to Unitholders in 2005 were tax-deferred at 47.9% by reason of the REIT's ability to claim capital cost allowance and certain other deductions. In the year of acquisition of a property, capital cost allowance is restricted to one-half of the normal annual rates. The adjusted cost base of Units held by a Unitholder will generally, subject to certain conditions under the Tax Act, be reduced by the non-taxable portion of distributions made to the Unitholder (other than the non-taxable portion of certain capital gains). A Unitholder will generally realize a capital gain to the extent that the adjusted cost base of the Unitholders' Units would otherwise be a negative amount.

8.5 PRIOR DISTRIBUTIONS

The following table shows the distributions per unit made to unitholders for the three years ended December 31, 2005:

Year	Distribution per Unit (\$)
2005	1.210
2004	1.178
2003	1.152

9. CAPITAL STRUCTURE

9.1 GENERAL DISPOSITION

The ownership interests in the REIT constitute a single class of Units. Units represent a Unitholder's proportionate undivided ownership interest in the REIT. The aggregate number of Units which the REIT may issue is unlimited. As at December 31, 2005, there were 32,940,735 Units outstanding. No Unit has any preference or priority over another. No Unitholder has or is deemed to have any right of ownership in any of the assets of the REIT. Each Unit confers the right to one vote at any meeting of Unitholders and to participate equally and ratably in any distributions by the REIT and, in the event of any required distribution of all of the property of the REIT, in the net assets of the REIT remaining after satisfaction of all liabilities. Units are issued in registered form, are non-assessable when issued and are transferable. Issued and outstanding Units may be subdivided or consolidated from time to time by the Trustees without Unitholder approval. No certificates for fractional Units will be issued and fractional Units will not entitle the holders thereof to vote.

The Units are issued upon the terms and subject to the conditions of the Contract of Trust, which Contract of Trust is binding upon all Unitholders.

9.2 RESTRICTION ON THE ISSUE AND TRANSFER OF UNITS

The Contract of Trust imposes certain restrictions to non-residents of Canada, who may not be the beneficial owners of more than 49% of units. See "Restrictions on Certain Unitholders and Liquidity of Units".

10. DISTRIBUTION REINVESTMENT PLAN

The REIT has set up a distribution reinvestment plan (the “***Distribution Reinvestment Plan***”) pursuant to which Unitholders may elect to have all cash distributions of the REIT automatically reinvested in additional Units at a price per Unit calculated by reference to the weighted average of the trading price of Units on the Toronto Stock Exchange for the twenty trading days immediately preceding the relevant Distribution Date. No brokerage commissions will be payable in connection with the purchase of Units under the Distribution Reinvestment Plan and all administrative costs will be borne by the REIT. Proceeds received by the REIT upon the issuance of additional Units under the Distribution Reinvestment Plan will be used by the REIT for future property acquisitions, capital improvements and working capital.

In order to encourage participation in the Distribution Reinvestment Plan, the Trustees of the REIT amended it on March 27, 2001, so that the Unitholders who participated in the Distribution Reinvestment Plan will be granted the right to receive an additional number of Units equal to 5% of the distributions to which they are entitled and which they choose to reinvest.

Unitholders who reside in the United States or who are United States citizens will not be entitled to participate in the Distribution Reinvestment Plan.

11. MARKET FOR SECURITIES OF THE REIT

11.1 MARKET FOR UNITS

The Units are listed and posted for trading on the Toronto Stock Exchange under the symbol “CUF.UN”. The following table sets forth the market price range, in Canadian dollars, and trading volumes of the REIT’s Units on the Toronto Stock Exchange for each month of the most recently completed financial year.

Fiscal Year ended December 31, 2005	High (\$)	Low (\$)	Trading Volumes
January	17.62	17.00	969,898
February	18.85	17.40	2,623,196
March	19.40	16.97	2,018,201
April	18.29	16.61	1,355,812
May	18.08	17.59	423,677
June	19.00	17.82	492,118
July	19.20	18.61	616,923
August	19.15	18.40	1,026,685
September	19.70	18.50	1,178,207
October	19.80	17.45	1,076,216
November	19.67	18.09	850,291
December	19.57	18.98	772,988

11.2 MARKET FOR DEBENTURES

The Debentures are listed and posted for trading on the Toronto Stock Exchange under the symbol "CUF.DB". The following table sets forth the market price range, in Canadian dollars, and trading volumes of the REIT's Debentures for each month of the year ended December 31, 2005.

Fiscal Year ended December 31, 2005	High (\$)	Low (\$)	Trading Volumes (in 000)
January	104.50	102.88	1,839
February	108.01	104.50	4,085
March	110.45	101.00	6,372
April	105.99	102.00	2,337
May	107.00	103.05	1,644
June	109.95	104.56	4,132
July	109.95	107.00	2,287
August	109.00	106.50	1,134
September	112.98	108.59	4,822
October	111.93	104.06	4,100
November	112.28	105.00	3,525
December	111.87	109.50	1,860

12. TRUSTEES AND MANAGEMENT OF THE REIT

12.1 INFORMATION CONCERNING TRUSTEES

The following table sets forth the name of each current Trustee, the positions and offices within the REIT currently held by them, their principal occupations and their employment during the last five years, the period during which each served as Trustee of the REIT and the approximate number of Units they have advised are beneficially owned, directly or indirectly, by them or over which they exercise control or direction as at December 31, 2005:

Name, Municipality of Residence and Office	Principal Occupation	Period	Number of Units beneficially owned or over which control or direction is exercised ⁽¹⁾
Jules Dallaire Québec (arrondissement Charlesbourg) (Québec) AM Total Investments Trustee, Chairman of the REIT	Chairman of the Board of Trustees	1998-	398,600 ⁽⁶⁾
Michel Dallaire, P.Eng. Québec (arrondissement Beauport) (Québec) AM Total Investments Trustee, President and Chief Executive Officer of the REIT	President and Chief Executive Officer of the REIT	1998-	6,916,231 ⁽⁷⁾
Michel Berthelot, CA Québec (arrondissement Laurentien) (Québec) AM Total Investments Trustee, Executive Vice-President and Chief Financial Officer of the REIT	Executive Vice-President and Chief Financial Officer of the REIT	1999-	5,398
Me Michel Paquet ⁽⁴⁾ Québec (arrondissement Sainte-Foy- Sillery) (Québec) AM Total Investments Trustee, Executive Vice-President, Legal Affairs and Secretary of the REIT	Executive Vice-President, Legal Affairs and Secretary of the REIT	1998-	4,818
Yvan Caron ^{(2) (3) (5)} Québec (arrondissement Limoilou) (Québec) Independent Trustee	Consultant	1998-	Nil
Robert Després, O.C., G.O.Q. ^{(2) (4) (5)} Québec (arrondissement de la Cité) (Québec) Independent Trustee	Director of various companies	1998-	16,500
Pierre Gingras ^{(2) (3) (5)} Ste-Pétronille, Ile d'Orléans (Québec) Independent Trustee	President of Placements Moras inc., a personal holding company, director of Desjardins Sécurité Financière, a life assurance company and director of Reliure Sélect Inc., a thermoplastic-binding company	1998-	91,072 ⁽⁸⁾
Ghislaine Laberge ^{(3) (4) (5)} Montréal (arrondissement Verdun) (Québec) Independent Trustee	Consultant in real estate investments, director of CDP Capital – Real Estate Advisory and CDP Capital - Mortgages, members of the group of the Caisse de dépôt et placement du Québec	1998-	Nil
Richard Marion Montréal (arrondissement Ville-Marie) (Québec) Independent Trustee	President of Actigest inc., a personal holding company, partner of Capital Groupe Conseil Inc., an asset and finance management company	1998-	2,000

NOTES :

- (1) Individual Trustees have furnished information as to the Units beneficially owned by them or over which they exercise control or direction.
- (2) Member of the Audit Committee.
- (3) Member of Compensation and Governance Committee (designated under the name of Compensation Committee since February 23, 2006).
- (4) Member of the Nominating and Corporate Governance Committee.
- (5) Will hold office as an Independent Trustee for a term expiring at the close of the annual meeting of Unitholders for the financial year ending December 31, 2006.
- (6) Comprises 41,600 Units held by Corporation Financière Alpha (CFA) Inc., a corporation resulting from the amalgamation of Corporation Financière Alpha (CFA) Inc. and Groupe Financier Alpha (GFA) Inc. (formerly known as Groupe Cominar Inc.) and the subsequent amalgamation of Corporation Financière Alpha (CFA) Inc. and Groupe Financier Alpha (GFA) 2001 Inc.
- (7) Comprises 41,600 Units held by Corporation Financière Alpha (CFA) Inc., a corporation resulting from the amalgamation of Corporation Financière Alpha (CFA) Inc. and Groupe Financier Alpha (GFA) Inc. (formerly known as Groupe Cominar Inc.) and the subsequent amalgamation of Corporation Financière Alpha (CFA) Inc. and Groupe Financier Alpha (GFA) 2001 Inc. and 6,807,400 Units held by AM Total Investments, general partnership (formerly known as Cominar, general partnership). The Units held by AM Total Investments, general partnership, are indirectly held by Michel Dallaire, Alain Dallaire, Sylvie Dallaire and Linda Dallaire, being the children of Jules Dallaire.
- (8) Comprises 15,072 Units held by Placements Moras inc.

The mandate of the Trustees of the Dallaire Group, namely Jules Dallaire, Michel Dallaire, Michel Berthelot and Michel Paquet will hold office until their respective successors are duly elected or appointed by Dallaire Group.

Each of the Trustees listed above has held his or her principal occupation for the five preceding years, except for Richard Marion who, from August 1996 to April 2004, was President and General Manager of Société en commandite immobilière Solim, a fund investing in real estate development.

In April 2005, Michel Dallaire was appointed Chief Executive Officer of the REIT. He replaced Jules Dallaire, who remained as Chairman of the Board of Trustees.

12.2 INFORMATION CONCERNING NON-TRUSTEES OFFICERS

Non-Trustees Officer	Office with the REIT	Province of Residence and Country
Michel Ouellette	Executive Vice-President, Acquisitions and Development	Quebec, Canada
Alain Dallaire	Executive Vice-President, Leasing and Commercial Operations	Quebec, Canada
René Bérubé	Vice-President, Industrial and Commercial Properties	Quebec, Canada
Robert Larivière	Vice-President, Construction	Quebec, Canada
Louis Bolduc	Vice-President, Development Montreal	Quebec, Canada
Jacques Blais	Vice-President, Building Operations	Quebec, Canada

During the past five years, each of the non-trustee officers of the REIT has been engaged in his present principal occupation or in other executive capacities for the REIT, except for Jacques Blais, who joined Cominar in September 2005 as Vice-President, Building Operations and who was previously Vice-President of Corporate Services for Société des Alcools du Québec.

As at December 31, 2005, management of the REIT and the Trustees owned beneficially or exercised control or direction over 7,423,587 Units, or approximately 23% of the issued and outstanding Units.

13. LEGAL PROCEEDINGS

The REIT is involved in various claims and litigation as a regular part of its business. Management believes that the resolution of these claims and litigation (which in certain cases are subject to applicable deductibles covered by insurance) will not have a material adverse effect on its financial position or results of operations.

14. MANAGEMENT AND OTHER INFORMED PERSONS IN MATERIAL TRANSACTIONS

For the financial year ended December 31, 2005, the REIT has no knowledge of any material interest of a Trustee or of a member of management, current or proposed, in any transaction, or in a proposed transaction, that could or would materially affect the REIT.

Jules Dallaire, Chairman of the Board of Trustees and Michel Dallaire, Trustee and officer of the REIT, indirectly control Dalcon Inc. and Corporation Financière Alpha (CFA) Inc. Michel Paquet, a Trustee and officer of the REIT, is also associated with these corporations as an officer thereof. Alain Dallaire, member of Cominar's management team, has ties to Corporation Financière Alpha (CFA) Inc.

During the financial year ended December 31, 2005, the REIT recorded leasing revenues of \$1.3M from Dalcon Inc. and Corporation Financière Alpha (CFA) Inc. The REIT also incurred an expense of \$8.3M for the completion by Dalcon Inc., on its behalf, of tenant improvements for tenants of the REIT and \$21.9M for the construction of a property and development of income-producing properties on its behalf by Dalcon Inc.

15. TRANSFER AGENT AND REGISTRAR

The REIT's transfer agent and registrar is National Bank Trust inc. The register of transfers maintained is located at its offices in Montreal, Quebec, and the co-transfer agent is Natcan Trust in Toronto.

16. ADDITIONAL INFORMATION

Additional information relating to the REIT may be found on SEDAR at www.sedar.com.

Additional information, including Trustees and officers' remuneration, principal holder of the REIT's Units and Units authorized for issuance under the Unit Option Plan, where applicable, is contained in the REIT's information circular for its most recent annual meeting of Unitholders that involves the election of Trustees.

Additional financial information is provided in the REIT's financial statements and Management's Discussion and Analysis for the financial year ended December 31, 2005.
