Unless otherwise stated, all forward-looking statements speak only as of the date of this AIF.

## PART 1 – DATE OF ANNUAL INFORMATION FORM

This Annual Information Form (the “AIF”) is dated as of March 28, 2014. Unless otherwise noted, the information contained in this AIF is stated as at December 31, 2013.

## PART 2 – STRUCTURE OF THE REIT

The REIT is an unincorporated closed-end investment trust created by the Contract of Trust under, and governed by, the laws of the Province of Québec. The REIT was established on March 31, 1998 and began its activities on May 21, 1998, at the time of the completion of its initial public offering. Amendments to the Contract of Trust were made at various times to give the REIT greater flexibility in operating its portfolio.

The head office of the REIT is located at Complexe Jules-Dallaire – T3, 2820 Laurier Boulevard, Suite 850, Québec City, Québec G1V 0C1, phone number (418) 681-8151. Its Website address is [www.cominar.com](http://www.cominar.com).

Unless otherwise noted or the context otherwise requires, references to the “REIT” or to “Cominar” in this AIF are to Cominar Real Estate Investment Trust and Cominar’s wholly-owned companies.

## PART 3 – GENERAL DEVELOPMENT OF THE BUSINESS

### 3.1 OVERVIEW OF THE REIT

As the largest commercial property owner and manager in the Province of Québec, the REIT it has a leading presence and enjoys significant economies of scale in this market. It is also the third-largest diversified real estate investment trusts in Canada. As at March 28, 2014, the REIT owns a diversified portfolio of 513 office, retail, industrial and mixed-use Properties. Cominar’s real estate portfolio totals an area of 38.3 million square feet across Québec, Ontario, the Atlantic Provinces and Western Canada.

As at December 31, 2013, the REIT owned a diversified portfolio of 497 office, retail, industrial and mixed-use properties, of which 107 are located in the Québec City Area, 256 are located in the Montréal Area, 27 are located in the Others – Québec Area, 19 are located in the Ottawa Area, 13 are located in the Others – Ontario Area, 61 are located in the Atlantic Provinces and 14 are located in Western Canada. The REIT’s portfolio was comprised of approximately 13.0 million square feet of office space, 7.9 million square feet of retail space and 16.2 million square feet of industrial and mixed-use space, representing, in the aggregate, approximately 37.1 million square feet of leasable area. As at December 31, 2013, the REIT’s portfolio was approximately 93.1% leased.

Cominar’s primary objectives are to provide its Unitholders with stable and growing distributions, to increase and maximize the value of units, maintain a proactive and integrated management strategy and maximize the value of the property portfolio.

As a self-managed and fully integrated real estate investment trust, asset and property management is entirely internalized. Except for properties located in the Toronto Area, the REIT is not bound to any third party by management contracts or property

management fees. This mode of operation enables more direct, faster and more efficient contact with our clientele. The result is improved efficiency for Cominar.

The REIT believes that a comprehensive and proactive management strategy intended to enhance the operating and financial performance of the REIT is the best way to achieve that objective.

For the fiscal year ended December 31, 2013, the REIT had operating revenues of \$662.1 million and Net Operating Income of \$368.2 million compared to \$564.5 million and \$317.8 million, respectively, the previous year. The REIT's total assets as at December 31, 2013 were \$6.0 billion and it employed approximately 440 full-time people.

### **3.2 RETROSPECTIVE**

On May 21, 1998, during its initial public offering, the REIT acquired from corporate members of the Dallaire Group a portfolio of 51 properties located in the Québec City Area consisting of 8 office properties, 13 retail properties and 30 industrial and mixed-use properties for a total leasable area of approximately 3.1 million square feet. Following its creation, Cominar REIT leveraged its domination of the Québec City commercial real estate market to diversify into the Montréal market. In doing so, Cominar REIT continued to pursue its profitable long-term strategy of owning and operating a diversified portfolio of income properties concentrated in a specific regional market.

On June 1, 2007, Cominar acquired 28 industrial and mixed-use and 19 office properties from Alexis Nihon Real Estate Investment Trust, which represent approximately 6.1 million square feet of leasable space. On July 6, 2007, Cominar completed this transaction with the acquisition of co-ownerships in seven industrial properties. On February 29, 2008, Cominar acquired the remaining interest in industrial and mixed-use properties located in the Montréal Area that were previously co-owned. As a result of this acquisition transaction, Cominar is now the sole owner of these properties.

Cominar entered the Atlantic Provinces during the first quarter of 2010 with the acquisition of Overland Realty Limited, which includes 16 high quality properties representing an area of approximately 0.6 million square feet.

Continuing its growth strategy in 2012, Cominar acquired Canmarc Real Estate Investment Trust ("**Canmarc**") and 67 properties from GE Capital Real Estate's portfolio, which have allowed Cominar to increase its number of properties but also its presence on the Canadian market, including in Western Canada.

Since going public in 1998, Cominar REIT has expanded its leasable space from 51 properties with 3.1 million square feet to 497 properties with approximately 37.1 million square feet and increased the book value of its assets to \$6.0 billion as at December 31, 2013.

### **3.3 ACQUISITIONS MADE IN FISCAL 2013**

Over the years, Cominar has achieved much of its growth through the acquisition of companies and high-quality properties based on strict selection criteria, while maintaining an allocation among its three activity segments, i.e. office buildings, retail buildings and industrial and mixed-use properties, and geographic diversification of its property portfolio.

During fiscal 2013, Cominar focused on strategic acquisitions resulting in the addition of 24 buildings to its property portfolio and representing a total of 2.3 million square feet. These acquisitions, combined with those realised at the end of 2012, also contributed to a 3% increase in net operating income outside Québec and a 4% increase in net operating income in Ontario. Moreover, Cominar disposed, directly or indirectly, of 11 buildings that were not in line with its long-term objectives.

#### **3.3.1 ACQUISITIONS OF INCOME PROPERTIES**

On January 31, 2013, Cominar acquired a portfolio of 18 industrial properties primarily located in the Montréal Area (on the south shore of Montréal) and one office property located in the Montréal Area (in the city of Montréal), for a purchase price of \$149.8 million. These properties represent a total of approximately 1.8 million square feet of leasable area, consisting of approximately 1.7 million square feet of industrial space and approximately 0.1 million square feet of office space. As part of this transaction, Cominar also acquired a vacant lot of 173,569 square feet located in the Montréal Area (in the city of Saint-Bruno-de-Montarville), for \$1.4 million.

On March 21, 2013, Cominar acquired an office building located in the Atlantic Provinces Area (in the city of Fredericton, New Brunswick), for \$5.7 million, paid in cash; this building has a leasable area of 44,500 square feet.

On May 1, 2013, Cominar acquired an industrial building located in the Montréal Area (in the city of Pointe-Claire), for a purchase price of \$12.0 million, paid in cash; this property represents a leasable area of 199,000 square feet.

On December 20, 2013, Cominar acquired a shopping centre located in the Montréal Area (in the city of Beloeil), with a leasable area of 328,050 square feet, consisting of an indoor shopping centre, a strip mall and two single-tenant buildings, for a purchase price of \$60.0 million, paid in cash.

The following table presents detailed information on these acquisitions:

(2) These nineteen buildings were part of the same transaction.

(3) Includes a 173,569 sq. ft. vacant lot acquired for a purchase price of \$1.4 million.

(4) These 3 buildings were part of the same transaction.

### 3.3.2 ACQUISITION OF LAND HELD FOR FUTURE DEVELOPMENT

On March 15, 2013, Cominar acquired 508,780 square feet of vacant land located in Western Canada (in the city of Calgary, Alberta), which includes a parking facility with 347 parking spaces. With the acquisition of this lot, which is adjacent to the Mountain View Business Campus (formerly known as Centron Park), and includes office buildings that Cominar already owned, Cominar became the sole owner of the Mountain View Business Campus. Cominar paid \$20.5 million in cash for this property, including the parking lot.

### **3.4 DISPOSALS**

#### **3.4.1 DISPOSAL OF INCOME PROPERTIES**

On January 9, 2013, Cominar sold a commercial building in the Montréal area for \$3.5 million. Cominar recorded no gain or loss on this disposal.

On June 28, 2013, Cominar sold an office building located in the Québec Area (in the city of Lévis, Québec), for \$1.5 million. Cominar recorded a gain of \$0.5 million on this disposal.

On July 25, 2013, Cominar sold six industrial and mixed-use properties located in Western Canada (in the city of Prince George, British Columbia), for \$4.0 million. Cominar recorded no gain or loss on this disposal.

#### **3.4.2 DISPOSAL OF A SUBSIDIARY**

On May 22, 2013, Cominar sold its interest in Hardegane Investments Limited (“Hardegane”), which holds 100% of the shares of Dyne Holdings Limited (“Dyne”), to Homburg International Limited (“Homburg”), for a nominal consideration and the reimbursement of certain Cominar advances. Dyne owned three income properties, two of which were categorized as office properties and one as a retail property, as well as an unexploited hotel. This transaction allowed Cominar to remove Dyne’s liabilities from its balance sheet and, accordingly, to record a gain of \$8.0 million on this disposal.

### **3.5 PROPERTY DEVELOPMENT**

As at December 31, 2013, Cominar was mainly working on one office building located in the Montréal Area (in the city of Laval). This project, which was initially planned at 240,000 square feet distributed over 12 floors, has now grown to 284,000 square feet distributed over 14 floors and its construction cost is estimated at \$46.0 million. Adjacent to the Place Laval complex, this property will be occupied by a Government of Québec agency, under a long-term lease, for an area representing 100.0% of the building. This project is expected to be completed in the second quarter of 2014.

During fiscal 2013, Cominar completed the construction of three properties. The first is an industrial and mixed-use property located in the Québec City Area (in Québec City). It has an area of 49,000 square feet and represents a total investment of \$5.6 million. The second project consists of a 5,500-square-foot retail property located on the land of the Promenades Beauport retail complex, in the Québec City Area (in Québec City); the total investment for this project is valued at \$1.6 million. The third consists of an industrial and mixed-use property located in the Atlantic Provinces Area (in the city of Fredericton, New Brunswick). It has an area of 29,000 square feet and represents a total investment of \$2.2 million.

### **3.6 INVESTMENTS IN INCOME PROPERTIES**

Cominar continues to develop its income properties in the normal course of business. Investments made included additions, expansions, modernizations, modifications and upgrades to existing properties with a view to increasing or maintaining their rental income generating capacity.

During fiscal 2013, Cominar incurred \$88.5 million in capital expenditures in order to increase the rental income generating capacity of its properties or to reduce the related operating expenses. These expenditures do not include current repair and maintenance costs. Of this amount, \$39.3 million has been invested in three major revitalization projects that are currently underway, i.e., Alexis Nihon, Centre Laval and Place Longueuil. These investments allowed Cominar to sign leases with commercial clients in these three properties.

Finally, Cominar invests in leasehold improvements that increase the value of its properties through higher lease rates, as well as in other leasing costs, mostly brokerage fees and tenant inducements. The level of investment required may vary from quarter to quarter since it closely depends on lease renewals and the signing of new leases. It also depends on increases in rental space due to newly acquired, expanded or upgraded properties, or rental space transferred from properties under development. During fiscal 2013, Cominar made investments of \$29.2 million in this respect, of which \$10.9 million were in newly acquired, expanded or upgraded properties, or those recently transferred from properties under development.

### 3.7 CHUM EXPROPRIATION

On July 11, 2013, the *Tribunal administratif du Québec* rendered its final decision regarding the expropriation process initiated by the *Centre hospitalier de l'Université de Montréal* ("CHUM") in June 2006 in relation to the property located at 300 Viger Avenue in Montréal, Québec. The *Tribunal administratif du Québec* set the definitive expropriation indemnity at \$33.5 million. The CHUM paid Cominar a sum of \$3.5 million, which represents the difference between the amount of the provisional indemnity of \$30.0 million that was already paid to Cominar in 2007 and the total definitive indemnity. Cominar recorded a gain of \$2.9 million in connection with this event.

## PART 4 – DESCRIPTION OF THE BUSINESS

### 4.1 GENERAL

On November 5, 2013, Cominar adopted the 2014-2019 Strategic Plan, which is an update of the 2011-2016 Strategic Plan, in order to reflect its evolution in the market and to achieve its objectives.

The REIT manages its assets with an emphasis on growing net rental revenues and occupancy levels within the Portfolio and, where economically viable, exploiting expansion or redevelopment opportunities that offer the REIT an accretive, risk-adjusted rate of return. Growth in cash flow from existing Properties comprising the Portfolio is anticipated to be achieved through: (i) increases in lease rates built into existing leases for the Properties; (ii) improvements in occupancy rates and proactive leasing efforts; and (iii) reductions in operating costs.

Management believes it will be able to maintain an investment strategy of acquiring properties to provide additional cash flow and enhance long-term portfolio value. The continued growth of the REIT is also achieved through redevelopment and expansion of the Portfolio.

The REIT maintains a conservative approach to its borrowing policies and in general seeks to maintain a combination of short-term, medium-term and long-term debt maturities which are appropriate for the overall debt level of its portfolio, taking into account availability of financing, market conditions and the financial terms of the leases from which the REIT derives its cash flow.

Management believes that achieving these objectives will result in a diverse and stable income stream intended to reduce both risk and volatility in respect of the returns realized by Unitholders, with no negative impacts to the interests of the REIT, its employees and the communities in which it is established.

### 4.2 OBJECTIVES AND STRATEGY

Cominar's primary objectives are to provide its Unitholders with stable and growing distributions, to increase and maximize the value of units, maintain a proactive and integrated management strategy and maximize the value of the property portfolio.

To reach its objectives, Cominar continues to manage growth, operational risks and debt in a flexible and prudent manner.

In accordance with Cominar's financial management policies on maintaining a sound and strong financial position over the long-term and providing Unitholders with consistent and stable distributions, Cominar generally aims to maintain a debt ratio of approximately 50% of the gross carrying amount, even though the Contract of Trust provides for a ratio of up to 65%. In addition, Cominar is targeting a payout ratio that should gradually attain approximately 90% of distributable income, in order to increase reserves.

Cominar's growth strategy consists of a two-fold approach: acquiring properties or property portfolios and carrying out development projects.

To sustain and eventually increase the pace of its growth, Cominar is developing new markets outside the Province of Québec, as demonstrated by certain large acquisitions realized over the last three years. Through this strategy, Cominar has enhanced its geographical diversification. Cominar also intends to keep investing in Québec in order to benefit from the competitive advantage it has in this market.

Cominar will mainly grow through acquisitions and will limit the scale of development projects, executing only those that meet demand and the needs of its clients.

#### **4.2.1 THE MARKET**

The REIT has a leading presence and enjoys significant economies of scale in this market by virtue of the size of the Portfolio, the diversity of the Properties and the attractiveness of their locations, all of which help create opportunities and increase the likelihood that the REIT will discuss leasing with most prospective commercial tenants within such market.

The REIT is the third largest diversified real estate investment trust in Canada and the largest commercial property owner and manager in the Province of Québec. As at March 28, 2014, the REIT owns a diversified portfolio of 513 office, retail, industrial and mixed-use Properties, located in the Province of Québec, in the Province of Ontario, in the Atlantic Provinces and in Western Canada. The portfolio comprises approximately 14.1 million square feet of office space, 8.0 million square feet of retail space, 16.2 million square feet of industrial and mixed-use space and 485 units located in multi-residential buildings, for a total leasable area of over 38.3 million square feet.

The REIT's Properties are mostly situated in prime locations along major traffic arteries and benefit from high visibility and easy access by both tenants and tenants' customers.

The REIT can count on a high-quality real estate portfolio, a diversified tenant base, good cost and risk management and a healthy financial condition, and it believes that it is in a good position to sustain a relatively stable financial performance during periods affected by instability.

#### **4.2.2 ALIGNMENT OF THE INTERESTS OF MANAGEMENT OF THE REIT**

The REIT is a fully integrated, self-administered, self-managed real estate operation. Except for properties located in the Toronto Area, Cominar is not bound to any third party by management contracts or property management fees. The REIT believes that this operational approach reduces the potential for conflict between the interests of Management and the REIT. By adopting a fully internalized management structure, the interests of Management and employees are aligned with those of Unitholders and improved operating and financial performance for the REIT will result. The REIT benefits from the experience and expertise of its executives and employees. The REIT also believes that interests of eligible participants are further aligned with those of Unitholders through the granting of options, deferred units and restricted units under the equity incentive plan. The equity incentive plan provides an incentive for eligible employees to increase the REIT's cash flow and Unit value. Participation in the Plan is offered to all employees of the REIT (subject to applicable law).

#### **4.2.3 COMPETITIVE STRENGTHS**

The REIT intends to capitalize on the following strengths and competitive advantages of the Portfolio and Management:

- privileged relationships with its existing tenant base, which allow Management to better identify and fulfill tenants' needs;
- ability to identify and close acquisition opportunities;
- strategic alliances with suppliers and innovative cost control measures which reduce or limit the increase in operating costs, such that gross rents continue to be competitive;
- strong relationships with financial institutions, which facilitate access to financing and may provide for acquisition and partnership investment opportunities; and
- development and redevelopment expertise and capability of Management and employees, providing the REIT with the ability to respond to opportunities in compliance with the Investment Guidelines and Operating Policies of the REIT.

#### **4.2.4 BALANCED PORTFOLIO**

The REIT seeks to diversify its portfolio based on business sector and geographic sector by continuing to invest based on asset type and property characteristics consistent with its existing portfolio, but also in line with evolving market conditions. Management believes this strategy will provide the REIT with a broader tenant base, reduce cash flow volatility and increase potential capital appreciation.

#### 4.2.5 DEBT MANAGEMENT

The REIT seeks to maintain a combination of short-term, medium-term and long-term debt maturities which are appropriate for the overall debt level of the Portfolio, taking into account availability of financing and market conditions and the financial terms of the leases from which the REIT derives its cash flow. The REIT normally manages its debt maturities by seeking predominantly fixed-rate long-term debt and by maintaining a conservative level of debt relative to Book Value. In 2013, the REIT has obtained from financial institutions and by issuing units and debentures the financing required to make Immovable Property acquisitions, to undertake the expansion and improvement of its Properties and to cover certain operating expenses of the REIT and of its Properties from time to time, subject to the Investment Guidelines and Operating Policies of the REIT.

### 4.3 INVESTMENT GUIDELINES AND OPERATING POLICIES

#### 4.3.1 INVESTMENT GUIDELINES

The Contract of Trust provides for certain guidelines on investments, which may be made by the REIT. The Assets of the REIT may be invested only in accordance with the following guidelines:

- (i) the REIT shall focus its direct and indirect acquisition activities on existing income-producing properties that are capital property of the REIT, including office, retail, industrial and mixed use properties, and assets ancillary thereto necessary for the ownership, utilization or operation of same;
- (ii) notwithstanding anything in the Contract of Trust to the contrary, the REIT shall not make any investment or take any action or omit to take any action that would result in (i) Units not being units of a "mutual fund trust", a "real estate investment trust", or a "unit trust" within the meaning of the *Tax Act*; (ii) Units not being disqualified for investment by registered retirement savings plans, registered retirement income funds or deferred profit sharing plans; (iii) the REIT being liable to pay a tax imposed under paragraph 122(1)(b) of the *Tax Act*; or (iv) the REIT paying a tax under the registered investment provisions of the *Tax Act* imposed for exceeding certain investment limits;
- (iii) the REIT may, directly or indirectly, invest in a joint venture arrangement or similar arrangement (including, without limitation, a co-ownership, corporation, general partnership, limited partnership, and limited liability company) for purposes of owning interests, directly or indirectly, principally in immovable property or interests or investments otherwise permitted to be held by the REIT, provided that such arrangement contains terms and conditions which in the opinion of the Trustees are commercially reasonable relating to restrictions on transfer, liquidity to the REIT, liabilities in respect of third party liabilities, and management of the interest, as applicable;
- (iv) except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province of Canada, or Caisse centrale Desjardins, short-term government debt securities or money market instruments of, or guaranteed by certain Canadian chartered bank or Caisse centrale Desjardins maturing prior to one year from the date of issue, or some or all of the receivables under the Instalment Receipt Agreement, or except as permitted pursuant to the investment guidelines and operating policies of the REIT herein, the REIT may not hold securities of a person other than to the extent such securities would constitute, directly or indirectly, an investment or an interest in immovable property, or in any entity formed and operated, in whole or in part, for the purpose of carrying on ancillary activities to any immovable property owned, directly or indirectly, in whole or in part, by the REIT, and other than for any other purpose relating to the activities of the REIT, and provided further that, notwithstanding anything contained in this Contract of Trust to the contrary, the REIT may acquire securities of other real estate investment trusts or real estate operating companies;
- (v) except as otherwise prohibited in this Contract of Trust, the REIT may, directly or indirectly, invest in interests (including ownership and leasehold interests) in income-producing immovable property in Canada and the United States that is capital property of the REIT;
- (vi) the REIT shall not invest in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in immovable property that is capital property of the REIT;
- (vii) the REIT shall not invest in operating businesses unless such investment is incidental to a transaction or purpose (i) where revenue will be derived, directly or indirectly, principally from immovable property, or (ii) which principally involves the ownership, maintenance, development, leasing, management or operation, directly or indirectly, of immovable property (in each case as determined by the Trustees);

- (viii) the REIT may, with the prior approval of the Trustees, directly or indirectly, invest in raw land to be held as capital property for development and ownership or for other development projects, in any such case, for the purpose of (i) renovating or expanding existing facilities that are capital property of the REIT or (ii) developing new facilities which will be income producing and constitute capital property of the REIT, provided that the aggregate value of the investments of the REIT in raw land will not exceed 5% of the Adjusted Unitholders' Equity;
- (ix) the REIT may, directly or indirectly, invest in hypothecs, mortgages or mortgage bonds (including, with the consent of a majority of the Trustees, a participating or convertible hypothec or mortgage) where:
- (a) the immovable property which is security therefor is income-producing immovable property which otherwise meets the general investment guidelines of the REIT adopted by the Trustees from time to time in accordance with the Contract of Trust and the restrictions set out therein;
  - (b) the amount of the hypothecary or mortgage loan is not in excess of 75% of the market value of the property securing the hypothec or mortgage and the hypothec or mortgage has at least 1.2X debt service coverage;
  - (c) the immovable hypothec or mortgage is a first-ranking immovable hypothec or mortgage or of subsequent rank registered on title to the immovable property which is security therefore; and
  - (d) the aggregate value of the investments of the REIT in these hypothecs and mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
- (x) the REIT may invest in hypothecs or mortgages if its intention is to use the acquisition of the hypothecs and mortgages as a method of acquiring control of an income-producing immovable property which would otherwise meet the investment guidelines of the REIT and provided the aggregate value of the investments of the REIT in these hypothecs and mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity; and
- (xi) subject to paragraph (ii), the REIT may, directly or indirectly, invest an amount (which, in the case of an amount invested to acquire immovable property, is the purchase price less the amount of any indebtedness assumed or incurred by the REIT and secured by a hypothec or mortgage on such property) of up to 15% of the Adjusted Unitholders' Equity of the REIT in investments or transactions which do not comply with paragraphs (iv), (v), (ix) and (x) under the heading "Investment Guidelines and Operating Policies — Investment Guidelines" or paragraph (iii) under the heading "Investment Guidelines and Operating Policies — Operating Policies".

For the purpose of the foregoing guidelines, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the REIT shall be deemed to be those of the REIT on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Immovable Property shall be deemed to include an investment in a joint venture arrangement. Except as specifically set forth above to the contrary, all of the foregoing prohibitions, limitations or requirements for investment shall be determined as at the date of investment by the REIT. Nothing in the guidelines shall prohibit the REIT from holding or assigning some or all of the receivables due pursuant to any instalment receipt agreement.

Except as specifically set forth above to the contrary, all of the foregoing prohibitions, limitations or requirements for investment shall be determined as at the date of investment by the REIT.

#### **4.3.2 OPERATING POLICIES**

The Contract of Trust provides that the operations and affairs of the REIT shall be conducted in accordance with the following policies:

- (i) the REIT shall not purchase, sell, market or trade in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term "hedging" shall have the meaning ascribed thereto by National Policy No. 39 adopted by the Canadian Securities Administrators, as amended from time to time;
- (ii) (a) any written instrument creating an obligation which is or includes the granting by the REIT of a hypothec or mortgage, and (b) to the extent the Trustees determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any written instrument which is, in the judgment of the Trustees, a material obligation, shall contain a provision or be subject to an acknowledgement to the effect that the obligation being created is not personally binding upon, and that resort shall not be had to, nor shall recourse or satisfaction be sought from, the private property of any of the Trustees, Unitholders, annuitants under a plan of which a Unitholder acts as a trustee or carrier, or officers, employees or agents of the REIT, but that only property of the REIT or a specific portion thereof shall be bound; the

REIT, however, is not required, but shall use all reasonable efforts, to comply with this requirement in respect of obligations assumed by the Trust upon the acquisition of immovable property;

- (iii) shall not lease or sublease to any person any immovable property, premises or space where that person and its affiliates would, after the contemplated lease or sublease, be leasing or subleasing immovable property, premises or space having a fair market value in excess of 20% of the Adjusted Unitholders' Equity of the REIT;
- (iv) the limitations contained in paragraph (iii) shall not apply to the renewal of a lease or sublease and shall not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed by:
  - (a) the Government of Canada, the Government of the United States, any province of Canada, any state of the United States or any municipality in Canada or the United States, or any agency thereof;
  - (b) any corporation, the bonds, debentures or other evidences of indebtedness of or guaranteed by which are authorized as an investment for insurance companies pursuant to subsection 86(1)(k) of the *Canadian and British Insurance Companies Act* in effect on December 31, 1991; or
  - (c) a Canadian chartered bank registered under the laws of a province of Canada;
- (v) title to each immovable property shall be drawn up in the name of the Trustees or, to the extent permitted by applicable law, the REIT or a corporation or other entity owned, in whole or in part, directly or indirectly, by the REIT, or jointly by the REIT with other persons, including in co-ownership with other persons;
- (vi) the REIT shall not incur or assume any indebtedness if, after giving effect to the incurring or assumption of the indebtedness, the total indebtedness of the REIT would be more than 60% of the Gross Book Value (65% if Convertible Debentures of the REIT are outstanding, including the full face value of any Convertible Debentures). If as a result of an acquisition or if as a result of a variation in gross book value the 60% limit (the 65% limit if Convertible Debentures of the REIT are outstanding, including the full face value of any Convertible Debentures) is exceeded, the REIT shall reduce its indebtedness or issue additional Units, or take other action, in order to comply with such limit within the twelve months from the date such limit was exceeded, subject to such reasonable extensions beyond such 12-month period as approved by the Trustees;
- (vii) the REIT shall not directly or indirectly guarantee any indebtedness or liabilities of any kind of a third party, except indebtedness or liabilities assumed or incurred by an entity in which the REIT holds, directly or indirectly, an interest or an investment or in respect of an entity in which the REIT holds an interest or an investment, directly or indirectly, or by an entity jointly owned by the REIT, directly or indirectly, with others or in respect of an immovable co-owned by the REIT, directly or indirectly, with others, where such indebtedness, if granted by the REIT directly, would not cause the REIT to otherwise contravene the restrictions set out under the heading "Investment Guidelines and Operating Policies";
- (viii) the REIT shall obtain or review an independent appraisal of each property that it intends to acquire;
- (ix) the REIT shall obtain and maintain at all times insurance coverage in respect of potential liabilities of the REIT and the accidental loss of value of the assets of the Trust from risks, in amounts, with such insurers, and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties; and
- (x) the REIT shall obtain or review a Phase I environmental audit of each immovable property to be acquired by it and, if the Phase I environmental audit report recommends a Phase II environmental audit be conducted, in any material respect, the REIT shall obtain or review a Phase II environmental audit, in each case by an independent and experienced environmental consultant.

For the purposes of the foregoing policies, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the REIT shall be deemed to be those of the REIT on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Immovable Property shall be deemed to include an investment in a joint venture. All of the foregoing prohibitions, limitations or requirements pursuant to the foregoing policies shall be determined as at the date of investment or other action by the REIT.

#### 4.3.3 AMENDMENTS TO INVESTMENT GUIDELINES AND OPERATING POLICIES

Pursuant to the Contract of Trust, all of the investment guidelines set out under the heading "Investment Guidelines and Operating Policies — Investment Guidelines" and the operating policies contained in paragraphs (v), (vi), (vii), (viii), (ix), (x) and (xi) under the heading "Investment Guidelines and Operating Policies — Operating Policies" may be amended only if such amendment is approved by two-thirds of the votes cast by Unitholders of the REIT at a meeting of Unitholders called for such

purpose. The remaining operating policies may be amended if such amendment is approved by the Trustees and by a majority of the votes cast by Unitholders at a meeting called for such purpose.

#### 4.4 PROPERTIES

As at December 31, 2013, the REIT's Portfolio included 497 office, retail, and industrial and mixed-use Properties located in Québec, Ontario, the Atlantic Provinces and Western Canada. The portfolio consists of approximately 13.0 million square feet of office space, 7.9 million square feet of retail space and 16.2 million square feet of industrial and mixed-use space representing, in the aggregate, 37.1 million square feet of leasable area. The Properties comprising the Portfolio are generally prime locations along major thoroughfares and benefit from high visibility and easy access by both tenants and tenants' customers. The Properties are well-maintained and in good operating condition.

##### 4.4.1 OVERVIEW OF THE PORTFOLIO

**4.4.3 DESCRIPTION OF 10 OF THE REIT'S MAJOR BUILDINGS IN TERMS OF VALUE****2590-2640 Laurier Blvd., Québec City, Québec**

Place de la Cité in Sainte-Foy, Québec is a fully-integrated approximately 1.05 million square foot multi-functional office and retail complex built between 1988 and 2004, comprising approximately 760,000 square feet of Class "A" office space and 290,000 square feet of retail space, including a 40 000 square foot clinic. Place de la Cité enjoys a prime location on Laurier Boulevard, the most important thoroughfare of the Borough of Sainte-Foy and into Québec City, and is strategically situated between two major shopping centres comprising approximately 1.7 million square feet of retail space in the aggregate. Université Laval, which is attended by approximately 48,000 students, is in the immediate vicinity. Major tenants include the Société québécoise des infrastructures, the Autorité des marchés financiers, the Cité Médicale, the SEPAQ and a Canadian chartered bank.

**Complexe Jules-Dallaire – Phase I  
2828 Laurier Blvd., Québec City, Québec**

An approximately 360,000<sup>(1)</sup> square foot property along one of the most important thoroughfares in Québec City. Construction of Phase I of the Complexe Jules-Dallaire was completed in 2010 and the fitting out of rental space is on track. The office space tenants continue to gradually move in. Given its strategic location, multiple-use nature and LEED certification, this building should achieve a high occupancy rate. It is 98.0% leased and major tenants include Société québécoise des infrastructures, Norton Rose Fulbright, the Société des alcools du Québec, Le Paris Grill (restaurant), Le Calao (restaurant), Corporation BCF Québec, CIBC World Markets, Robic, Her Majesty the Queen, RBC Dominion Securities, RBC Philips, Hager & North Services-Conseils en placements and three Canadian chartered banks. [See also paragraph 6.3, "Ownership interest of Complexe Jules-Dallaire," in Part 6, "Subsequent events after this AIF," of this AIF].

**Note:** (1) Corresponds to the REIT's proportion (95%) of the leaseable area.

## PART 5 – RISK FACTORS

The activities of the REIT and an investment in Units or Debentures involve certain risks. Investors should carefully consider, in light of their own financial circumstances, the factors set out below.

### 5.1 RISK FACTORS RELATED TO THE BUSINESS OF THE REIT

#### 5.1.1 ACCESS TO CAPITAL AND DEBT FINANCING, AND CURRENT GLOBAL FINANCIAL CONDITIONS

The real estate industry is capital intensive. Cominar will require access to capital to maintain its properties, as well as to fund its growth strategy and significant capital expenditures from time to time. There can be no assurances that Cominar will have access to sufficient capital (including debt financing) on terms favourable to Cominar for future property acquisitions and developments, including for the financing or refinancing of properties, for funding operating expenses or for other purposes. In addition, Cominar may not be able to borrow funds under its credit facilities due to limitations on Cominar's ability to incur debt set forth in the Contract of Trust. Failure by Cominar to access required capital could adversely impact Cominar's financial position and results of operations and reduce the amount of cash available for distributions.

Recent market events and conditions, including disruptions in international and regional credit markets and in other financial systems and deteriorating global economic conditions, could impede Cominar's access to capital (including debt financing) or increase the cost such capital. Failure to raise capital in a timely manner or under favourable terms could have a material adverse effect on Cominar's financial position and results of operations, including on its acquisition and development program.

#### 5.1.2 DEBT FINANCING

Cominar has and will continue to have substantial outstanding consolidated borrowings comprised primarily of hypothecs, property mortgages, debentures, and borrowings under its acquisition and operating credit facilities. Cominar intends to finance its growth strategy, including acquisitions and developments, through a combination of its working capital and liquidity resources, including cash flows from operations, additional borrowings and public or private sales of equity or debt securities. Cominar's activities are therefore partially dependent upon the interest rates applied to its existing debt. Cominar may not be able to refinance its existing debt or renegotiate the terms of repayment at favourable rates. In addition, the terms of Cominar's indebtedness generally contain customary provisions that, upon an event of default, result in accelerated repayment of the amounts owed and that restrict the distributions that may be made by Cominar. Therefore, upon an event of default under such borrowings or an inability to renew same at maturity, Cominar's ability to make distributions will be adversely affected.

A portion of Cominar's cash flows is dedicated to servicing its debt, and there can be no assurance that Cominar will continue to generate sufficient cash flows from operations to meet required interest or principal payments, such that it could be required to seek renegotiation of such payments or obtain additional financing, including equity or debt financing. The current credit facilities in the stated amount of \$550.0 million are repayable in two tranches in January 2014 and January 2015, respectively. Cominar has decided not to renew the \$250.0 million tranche B portion of its credit facility upon maturity.

Cominar is exposed to debt financing risks, including the risk that the existing hypothecary borrowings secured by its properties cannot be refinanced or that the terms of such refinancing will not be as favourable as the terms of the existing loans. In order to minimize this risk, Cominar tries to appropriately structure the timing of the renewal of significant tenant leases on its respective properties in relation to the times at which the hypothecary borrowings on such properties become due for refinancing.

### **5.1.3 OWNERSHIP OF IMMOVABLE PROPERTY**

All immovable property investments are subject to risk exposures. Such investments are affected by general economic conditions, local real estate markets, demand for leased premises, competition from other vacant premises, municipal valuations and assessments, and various other factors.

The value of immovable property and improvements thereto may also depend on the solvency and financial stability of tenants and the economic environment in which they operate. Cominar's income and distributable income would be adversely affected if one or more major tenants or a significant number of tenants were unable to meet their lease obligations or if a significant portion of vacant space in the properties in which Cominar has an interest cannot be leased on economically favorable lease terms. In the event of default by a tenant, delays or limitations may be experienced in enforcing Cominar's rights as a lessor and substantial costs may be incurred to protect Cominar's investment. The ability to rent unleased space in the properties in which Cominar has an interest will be affected by many factors, including the general level of economic activity and competition for tenants from other property owners. Costs may need to be incurred to make improvements or repairs to a property as required by a new tenant. The failure to rent unleased space on a timely basis or at all or at rents that are equivalent to or higher than current rents would likely have an adverse effect on Cominar's financial position and the value of its properties.

Certain significant expenditures, including property taxes, maintenance costs, hypothecary payments, insurance costs and related charges must be made throughout the period of ownership of immovable property, regardless of whether the property is producing any income. If Cominar is unable to meet mortgage payments on a property, a loss could be sustained as a result of the mortgage creditor's exercise of its hypothecary remedies.

Immovable property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relationship with the demand for and the perceived desirability of such investments. Such illiquidity may tend to limit Cominar's ability to make changes to its portfolio promptly in response to changing economic or investment conditions. If Cominar were to be required to liquidate its immovable property investments, the proceeds to Cominar might be significantly less than the aggregate carrying value of its properties.

Leases for Cominar's properties, including those of significant tenants, will mature from time to time over the short and long term. There can be no assurance that Cominar will be able to renew any or all of the leases upon maturity or that rental rate increases will occur or be achieved upon any such renewals. The failure to renew leases or achieve rental rate increases may adversely impact Cominar's financial position and results of operations and decrease the amount of cash available for distribution.

### **5.1.4 ENVIRONMENTAL MATTERS**

Environmental and ecological related policies have become increasingly important in recent years. As an owner or operator of real property, Cominar could, under various federal, provincial and municipal laws, become liable for the costs of removal or remediation of certain hazardous or toxic substances released on or in our properties or related corrective measures. The failure to remove or remediate such substances, or address such matters through alternative measures prescribed by the governing authority, may adversely affect Cominar's ability to sell such real estate or to borrow using such real estate as collateral, and could, potentially, also result in claims against Cominar. Cominar is not currently aware of any material non-compliance, liability or other claim in connection with any of our properties, nor is it aware of any environmental condition with respect to any properties that it believes would involve material expenditures by Cominar.

Pursuant to Cominar's operating policies, Cominar shall obtain or review a Phase I environmental audit of each immovable property it acquires. See "Investment Guidelines and Operating Policies — Operating Policies"

### **5.1.5 LEGAL RISKS**

Cominar's operations are subject to various laws and regulations across all of its operating jurisdictions and Cominar faces risks associated with legal and regulatory changes and litigation.

### **5.1.6 COMPETITION**

Cominar competes for suitable immovable property investments with individuals, corporations and institutions (both Canadian and foreign) which are presently seeking or which may in the future seek immovable property investments similar to those desired by Cominar. Many of those investors have greater financial resources than Cominar, or operate without the investment or operating restrictions applicable to Cominar or under more flexible conditions. An increase in the availability of investment funds and heightened interest in immovable property investments could increase competition for immovable property investments, thereby increasing the purchase prices of such investments and reducing their yield.

In addition, numerous property developers, managers and owners compete with Cominar in seeking tenants. The existence of competing developers, managers and owners and competition for Cominar's tenants could have an adverse effect on Cominar's ability to lease space in its properties and on the rents charged, and could adversely affect Cominar's revenues and, consequently, its ability to meet its debt obligations.

### **5.1.7 ACQUISITIONS**

Cominar's business plan is focused in part on growth by identifying suitable acquisition opportunities, pursuing such opportunities, completing acquisitions and effectively operating and leasing such properties. If Cominar is unable to manage its growth effectively, this could adversely impact Cominar's financial position and results of operations, and decrease the amount of cash available for distribution. There can be no assurance as to the pace of growth through property acquisitions or that Cominar will be able to acquire assets on an accretive basis, and as such there can be no assurance that distributions to Unitholders will increase in the future.

### **5.1.8 PROPERTY DEVELOPMENT PROGRAM**

Information regarding Cominar's development projects, development costs, capitalization rates and expected returns are subject to change, which may be material, as assumptions regarding items such as, but not limited to, tenant rents, building sizes, leasable areas, project completion timelines and project costs, are updated periodically based on revised site plans, Cominar's cost tendering process, continuing tenant negotiations, demand for leasable space in Cominar's markets, the obtaining of required building permits, ongoing discussions with municipalities and successful property re-zonings. There can be no assurance that any assumptions in this regard will materialize as expected and any changes in these assumptions could have a material adverse effect on Cominar's development program, asset values and financial performance.

### **5.1.9 RECRUITMENT AND RETENTION OF EMPLOYEES AND EXECUTIVES**

Cominar depends upon the services of certain key management personnel. Competition for qualified employees and executives is intense. If Cominar is unable to attract and retain qualified and capable employees and executives, including its key management personnel, the conduct of its activities may be adversely affected.

### **5.1.10 GOVERNMENT REGULATION**

Cominar and its properties are subject to various government statutes and regulations. Any change in such statutes or regulations that is adverse to Cominar and its properties could affect Cominar's operating results and financial performance.

In addition, environmental and ecological legislation and policies have become increasingly important in recent decades. Under various laws, Cominar could become liable for the costs of removal or remediation of certain hazardous or toxic substances released on or in its properties or disposed of at other locations, or for the costs of other remedial or preventive work. The failure to remove or remediate such substances, or to effect such remedial or preventive work, if any, may adversely affect an owner's ability to sell such real estate or to borrow using such real estate as collateral, and could potentially also result in claims against

the owner by private plaintiffs or governmental agencies. Notwithstanding the above, Cominar is not aware of any material non-compliance, liability or other claim in connection with any of its properties, nor is Cominar aware of any environmental condition with respect to any of its properties that it believes would involve material expenditure by Cominar.

#### **5.1.11 LIMIT ON ACTIVITIES**

In order to maintain its status as a “mutual fund trust” under the *Income Tax Act*, Cominar cannot carry on most active business activities and is limited in the types of investments it may make. The Contract of Trust contains restrictions to this effect.

#### **5.1.12 GENERAL UNINSURED LOSSES**

Cominar subscribed a blanket comprehensive general liability including insurance against fire, flood, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks (generally of a catastrophic nature such as from wars or environmental contamination) which are either uninsurable or not insurable on an economically viable basis. Cominar also carries insurance for earthquake risks, subject to certain policy limits and deductibles, and will continue to carry such insurance if it is economical to do so. Should an uninsured or underinsured loss occur, Cominar could lose its investment in, and anticipated profits and cash flows from, one or more of its properties, but Cominar would continue to be obligated to repay any hypothecary recourse or mortgage indebtedness on such properties.

Many insurance companies have eliminated coverage for acts of terrorism from their policies, and Cominar may not be able to obtain coverage for terrorist acts at commercially reasonable rates or at any price. Damage to a property sustained as a result of an uninsured terrorist or similar act would likely adversely impact Cominar's financial condition and results of operations and decrease the amount of cash available for distribution.

### **5.2 RISK FACTORS RELATED TO THE OWNERSHIP OF UNITS**

#### **5.2.1 MARKET PRICE**

A publicly traded real estate investment trust will not necessarily trade at values determined solely by reference to the underlying value of its real estate assets. Accordingly, the Units may trade at a premium or a discount to values implied by the initial appraisal of the value of its properties or the value of such properties from time to time.

Although Cominar intends to make distributions of its available cash to Unitholders, these cash distributions are not assured. The actual amount distributed will depend on numerous factors including current global financial conditions and disruptions in the marketplace, Cominar's financial performance, debt covenants and obligations, working capital requirements and future capital requirements. The market price of the Units may deteriorate if Cominar is unable to meet its cash distribution targets in the future.

The after-tax return from an investment in Units to Unitholders subject to Canadian income tax will depend, in part, on the composition for tax purposes of distributions paid by Cominar (portions of which may be fully or partially taxable or may constitute non-taxable returns of capital). The composition for tax purposes of those distributions may change over time, thus affecting the after-tax return to Unitholders.

Factors that may influence the market price of the Units include the annual yield on the Units, the number of Units issued and outstanding and Cominar's payout ratio. An increase in market interest rates may lead purchasers of Units to demand a higher annual yield which could adversely affect the market price of the Units. In contrast to fixed-income securities, Cominar is under no obligation to distribute to Unitholders any fixed amount and reductions in, or suspensions of, distributions may occur that would reduce yield based on the market price of the Units. In addition, the market price for the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities, changes in the economic environment and numerous other factors beyond the control of Cominar.

#### **5.2.2 STRUCTURAL SUBORDINATION OF UNITS**

In the event of a bankruptcy, liquidation or reorganization of Cominar or any of its subsidiaries, holders of certain of their indebtedness and certain trade creditors will generally be entitled to payment of their claims from the assets of Cominar and those subsidiaries before any assets are made available for distribution to the holders of securities. The securities will be effectively subordinated to most of the other debt instruments and liabilities of Cominar and its subsidiaries. Neither Cominar, nor any of its subsidiaries will be limited in their ability to incur additional secured or unsecured indebtedness.

### 5.2.3 AVAILABILITY OF CASH FLOW

Distributable income may exceed the cash actually available to Cominar from time to time because of items such as principal repayments, tenant allowances, leasing commissions and capital expenditures. Cominar may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items.

Cominar may need to refinance its debt obligations from time to time, including upon expiration of its debt. There could be a negative impact on distributable income if Cominar's debt obligations are replaced with debt that has less favourable terms or if Cominar is unable to refinance its debt. In addition, loan and credit agreements with respect to debt obligations of Cominar include, and may include in the future, certain covenants with respect to the operations and financial position of Cominar, and distributable income may be restricted if Cominar is unable to maintain any such covenants.

### 5.2.4 UNITHOLDER LIABILITY

The Contract of Trust provides that no Unitholder or annuitant under a plan of which a Unitholder acts as trustee or carrier will be held to have any personal liability as such, and that no resort shall be had to the private property of any Unitholder or annuitant for satisfaction of any obligation or claim arising out of or in connection with any contract or obligation of Cominar or of the Trustees. Only assets of Cominar are intended to be liable and subject to levy or execution.

The Contract of Trust further provides that certain written instruments signed by Cominar (including all immovable hypothecs and, to the extent the trustees determine to be practicable and consistent with their obligation as trustees to act in the best interests of the Unitholders, other written instruments creating a material obligation of Cominar) shall contain a provision or be subject to an acknowledgment to the effect that such obligation will not be binding upon Unitholders or annuitants personally. Except in case of bad faith or gross negligence on their part, no personal liability will attach under the laws of the Province of Québec to Unitholders or annuitants for contract claims under any written instrument disclaiming personal liability as aforesaid.

However, in conducting its affairs, Cominar will be acquiring immovable property investments, subject to existing contractual obligations, including obligations under hypothecs or mortgages and leases. The trustees will use all reasonable efforts to have any such obligations, other than leases, modified so as not to have such obligations binding upon any of the Unitholders or annuitants personally. However, Cominar may not be able to obtain such modification in all cases. If a claim is not satisfied by Cominar, there is a risk that a Unitholder or annuitant will be held personally liable for the performance of the obligations of Cominar where the liability is not disavowed as described above. The possibility of any personal liability attaching to Unitholders or annuitants under the laws of the Province of Québec for contract claims where the liability is not so disavowed is remote.

Cominar uses all reasonable efforts to obtain acknowledgments from the hypothecary creditors under assumed hypothecs that assumed hypothec obligations will not be binding personally upon the trustees or the Unitholders.

Claims against Cominar may arise other than under contracts, including claims in delict, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of Unitholders for such claims is considered remote under the laws of the Province of Québec and, as well, the nature of Cominar's activities are such that most of its obligations arise by contract, with non-contractual risks being largely insurable. In the event that payment of an obligation were to be made by a Unitholder, such Unitholder would be entitled to reimbursement from the available assets of Cominar.

Article 1322 of the Civil Code of Québec effectively states that the beneficiary of a trust is liable towards third persons for the damage caused by the fault of the trustees of such trust in carrying out their duties only up to the amount of the benefit such beneficiary has derived from the act of such trustees and that such obligations are to be satisfied from the trust patrimony. Accordingly, although this provision remains to be interpreted by the courts, it should provide additional protection to Unitholders with respect to such obligations.

The trustees will cause the activities of Cominar to be conducted, with the advice of counsel, in such a way and in such jurisdictions as to avoid, to the extent they determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any material risk of liability on the Unitholders for claims against Cominar.

### 5.2.5 DILUTION

The number of Units Cominar is authorized to issue is unlimited. The Trustees have the discretion to issue additional Units in other circumstances. Additional Units may also be issued pursuant to the DRIP, the long term incentive plan and any other incentive plan of Cominar, upon conversion of the Convertible Debentures, and to the Convertible Debenture Indenture Trustee in payment of interest on the Convertible Debentures. Any issuance of Units may have a dilutive effect on Unitholders.

## 5.2.6 RESTRICTIONS ON CERTAIN UNITHOLDERS AND LIQUIDITY OF UNITS

The Contract of Trust imposes restrictions on non-resident Unitholders, who are prohibited from beneficially owning more than 49% of the Units. These restrictions may limit the rights of certain Unitholders, including non-residents of Canada, to acquire Units, to exercise their rights as Unitholders and to initiate and complete take-over bids in respect of the Units. As a result, these restrictions may limit the demand for Units from certain Unitholders and thereby adversely affect the liquidity and market value of the Units held by the public. Unitholders who are non-residents of Canada are required to pay all withholding taxes payable in respect of distributions by Cominar. Cominar withholds such taxes as required by the Tax Act and remits such payment to the tax authorities on behalf of the Unitholder. The Tax Act contains measures to subject to Canadian non-resident withholding tax on certain otherwise non-taxable distributions of Canadian mutual funds to non-resident Unitholders. This may limit the demand for Units and thereby affect their liquidity and market value.

## 5.2.7 CASH DISTRIBUTIONS ARE NOT GUARANTEED

There can be no assurance regarding the amount of income to be generated by Cominar's properties. The ability of Cominar to make cash distributions, and the actual amounts distributed, will be entirely dependent on the operations and assets of Cominar and its subsidiaries, and will be subject to various factors including financial performance, obligations under applicable credit facilities, fluctuations in working capital, the sustainability of income derived from anchor tenants and capital expenditure requirements. The market value of the Units will deteriorate if Cominar is unable to meet its distribution targets in the future, and that deterioration may be significant. In addition, the composition of cash distributions for tax purposes may change over time and may affect the after-tax return for investors.

## 5.2.8 NATURE OF AN INVESTMENT

A holder of a Unit of Cominar does not hold a share of a body corporate. As holders of Units of Cominar, the Unitholders will not have statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions. The rights of Unitholders are based primarily on the Contract of Trust. There is no statute governing the affairs of Cominar equivalent to the CBCA, which sets out the rights, and entitlements of the shareholders of corporation in various circumstances.

## 5.2.9 STATUS FOR TAX PURPOSES

Cominar is considered a mutual fund trust for income tax purposes. Pursuant to the Contract of Trust, the trustees intend to distribute or designate all taxable income directly earned by Cominar to unitholders and to deduct such distributions and designations for income tax purposes.

Certain Cominar subsidiaries are subject to tax on their taxable income under the *Income Tax Act* and the *Québec Taxation Act*.

A special tax regime applies to trusts and partnerships that are considered SIFT entities as well as those individuals who invest in SIFT entities. Under this regime, SIFT entities must generally pay taxes on their income at rates that are close to those of companies. In short, a SIFT entity is an entity (including a trust) that resides in Canada, whose investments are listed on a stock exchange or other public market and that holds one or more non-portfolio properties.

For a given taxation year, Cominar is not considered a SIFT entity and is therefore not subject to SIFT rules if, during that year, it constitutes a real estate investment trust. On October 24, 2012, Canada's Minister of Finance tabled a notice of ways and means motion suggesting modifications aimed at SIFT entities, which received royal assent on June 26, 2013. Generally, to qualify as a real estate investment trust, a trust must be resident in Canada and meet the following conditions all year long: [i] at each time in the taxation year the total fair market value of all "non-portfolio properties" that are "qualified REIT properties" held by the trust is at least 90% of the total fair market value at that time of all the "non-portfolio assets" held by the trust, [ii] not less than 90% of its "gross REIT revenue" for the taxation year is from one or more of the following sources: rent from "real or immovable properties," interest, capital gains from dispositions of real or immovable properties, dividends and royalties, and gains from dispositions of "eligible resale properties"; [iii] not less than 75% of its "gross REIT revenue" for the taxation year is from one or more of the following sources: rent from "real or immovable properties," interest from mortgages, or hypothecs, on "real or immovable properties," and capital gains from dispositions of "real or immovable properties" that are capital properties, [iv] at each time in the taxation year, an amount that is equal to 75% or more of the equity value of the trust at that time, is the amount that is the total fair market value of all properties held by the trust each of which is "real or immovable property," which is a capital property, an "eligible resale property," an indebtedness of a Canadian corporation represented by a banker's acceptance, cash or, generally, an amount receivable from the Government of Canada or from certain other public agencies;

and v) the investments made therein are, at any time in the taxation year, listed or traded on a stock exchange or other public market.

As at December 31, 2013, considering the valuation of Cominar's assets and the results of its normal business activities, management believes that the REIT currently meets all the criteria required to qualify for the REIT exception, as per the REIT exception currently in effect. As a result, Cominar's management believes that the SIFT trust tax rules do not apply to Cominar. Cominar's management intends to take all the necessary steps to meet these conditions on an on-going basis in the future. Nonetheless, there is no guarantee that Cominar will continue to meet all the required conditions to be eligible for the REIT exception for 2014 or any other subsequent year.

Were the REIT exception not applicable to Cominar at any time in a year (including the current taxation year), the SIFT regime (under which amounts deductible will no longer be deductible in computing the income of Cominar and additional taxes will be payable by Cominar) will, commencing in such year, impact materially the level of cash distributions which would otherwise be made by Cominar.

### **5.3 RISK FACTORS RELATED TO THE OWNERSHIP OF DEBENTURES**

An investment in the Debentures is subject to certain risks. Prior to investing, investors in the Debentures should carefully consider the risk factors and investment considerations described below and in the Base Shelf Prospectus and in Management's Discussion and Analysis for 2013. If any of such or other risks occur, the REIT's business, prospects, financial condition, results of operations and cash flows could be materially adversely impacted. There is no assurance that risk management steps taken will avoid future loss caused by the occurrence of the below described or other unforeseen risks.

#### **5.3.1 ABSENCE OF MARKET FOR SECURITIES**

Except as regards the Convertible Debentures, there is currently no trading market for any Debentures. No assurance can be given that an active or liquid trading market for these securities will develop or be sustained. If an active or liquid market for these securities fails to develop or be sustained, the prices at which these securities trade may be adversely affected. Whether or not these securities will trade at lower prices depends on many factors, including the liquidity of these securities, prevailing interest rates and the markets for similar securities, the market price of the Units, general economic conditions and Cominar's financial position, historic financial performance and future prospects.

#### **5.3.2 CREDIT RISK AND PRIOR RANKING INDEBTEDNESS: ABSENCE OF COVENANT PROTECTION**

The likelihood that holders of Convertible Debentures will receive the payments owing to them under the terms of the Convertible Debentures will depend on the financial health of Cominar and its creditworthiness. In addition, the Convertible Debentures are unsecured obligations of Cominar and are subordinate in right of payment to all Cominar's existing and future senior indebtedness. Therefore, if Cominar becomes bankrupt, liquidates its assets, reorganizes or enters into certain other transactions, Cominar's assets will be available to pay its obligations with respect to the Convertible Debentures only after it has paid all of its senior and secured indebtedness in full. There may be insufficient assets remaining following such payments to pay amounts due on any or all of the Convertible Debentures then outstanding. The Convertible Debentures are also effectively subordinate to claims of creditors of Cominar's subsidiaries except to the extent that Cominar is a creditor of such subsidiaries ranking at least *pari passu* with such other creditors. The convertible debenture Trust Indenture does not prohibit or limit the ability of Cominar or its subsidiaries to incur additional debt or liabilities or to make distributions, except, in respect of distributions, where an event of default has occurred and such default has not been cured or waived. The convertible debenture Trust Indenture does not contain any provision specifically intended to protect holders of Convertible Debentures in the event of a future leveraged transaction involving Cominar.

#### **5.3.3 CONVERSION FOLLOWING CERTAIN TRANSACTIONS**

In the case of certain transactions, each convertible debenture may become convertible into the securities, cash or property receivable by a Unitholder in the kind and amount of securities, cash or property into which the convertible debenture was convertible immediately prior to the transaction. This change could substantially lessen or eliminate the value of the conversion privilege associated with the Convertible Debentures in the future.

#### **5.3.4 INABILITY TO REDEEM CONVERTIBLE DEBENTURES IN THE EVENT OF A CHANGE OF CONTROL**

In the event of a change of control including the acquisition, by one or more persons acting jointly or in concert, of voting control or direction over an aggregate of 66⅔% or more of the outstanding Units, a holder of Convertible Debentures may

require Cominar to purchase, on the date which is 30 days after the delivery of a notice of a change of control, all or any part of such holder's Convertible Debentures at a price equal to 101% of the principal amount of such convertible debentures plus accrued and unpaid interest up to but not including the date of the put option. Cominar may not have the funds required to make the purchases that may be required, and there is no guarantee that it will have access to such funds.

### **5.3.5 CREDIT RATING**

The credit rating assigned to Cominar and the Senior Debentures by DBRS is not a recommendation to buy, hold or sell securities of Cominar. A rating is not a comment on the market price of a security nor is it an assessment of ownership rights given various investment objectives. Prospective investors should consult with DBRS with respect to the interpretation and implications of the rating. There is no assurance that any rating will remain in effect for any given period of time and ratings may be upgraded, downgraded, placed under review, confirmed or withdrawn. Non-credit risks that can meaningfully impact the value of the securities issued include market risk, trading liquidity risk and covenant risk. DBRS uses rating symbols as a simple and concise method of expressing its opinion to the market, although DBRS usually provides broader contextual information regarding securities in rating reports, which generally set out the full rationale for the chosen rating symbol, and in other releases.

### **5.3.6 SENIOR DEBENTURES CREDIT RISK, PRIOR RANKING INDEBTEDNESS AND STRUCTURAL SUBORDINATION OF THE DEBENTURES**

The likelihood that purchasers of the Senior Debentures will receive payments owing to them under the terms of the Senior Debentures will depend on the financial health of the REIT and its creditworthiness. In addition, the Senior Debentures are unsecured obligations of the REIT and, therefore, if the REIT becomes bankrupt, liquidates its assets, reorganizes or enters into certain other transactions, the REIT's assets will be available to pay its obligations with respect to the Senior Debentures only after it has paid all of its secured indebtedness in full. There may be insufficient assets remaining following such payments to pay amounts due on any or all of the Senior Debentures then outstanding.

Liabilities of a parent entity with assets held by various subsidiaries may result in the structural subordination of the lenders of the parent entity. The parent entity is entitled only to the residual equity of its subsidiaries after all debt obligations of its subsidiaries are discharged. In the event of a bankruptcy, liquidation or reorganization of the REIT, holders of indebtedness of the REIT (including holders of Senior Debentures) may become subordinate to lenders to the subsidiaries of the REIT.

### **5.3.7 MARKET PRICE OR VALUE FLUCTUATION**

If the Senior Debentures are traded after their initial issuance, they may trade at a discount from their initial public offering price. The market price or value of the Senior Debentures depends on many factors, including liquidity of the Senior Debentures, prevailing interest rates and the markets for similar securities, general economic conditions and the REIT's financial condition, historic financial performance and prospects.

Assuming all other factors remain unchanged, the market price or value of the Senior Debentures, which carry a fixed interest rate, will likely decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Challenging market conditions, the health of the economy as a whole and numerous other factors beyond the control of the REIT may have a material effect on the business, financial condition, liquidity and results of operations of the REIT. In recent years, financial markets have experienced significant price and volume fluctuations that have particularly affected the market prices of securities of issuers and that have often been unrelated to the operating performance, underlying asset values or prospects of such issuers. There can be no assurance that such fluctuations in price and volume will not occur. Accordingly, the market price of the Senior Debentures may decline even if the REIT's operating results, underlying asset values or prospects have not changed. In periods of increased levels of volatility and market turmoil, the REIT's operations could be adversely impacted and the market price of the Senior Debentures may be adversely affected.

### **5.3.8 SENIOR DEBENTURES REDEMPTION RIGHT RISK**

The REIT may choose to redeem the Senior Debentures prior to maturity, in whole or in part, at any time or from time to time, especially when prevailing interest rates are lower than the rate borne by the Senior Debentures. If prevailing rates are lower at the time of redemption, a purchaser may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the Senior Debentures being redeemed.

### 5.3.9 INABILITY OF THE REIT TO PURCHASE SENIOR DEBENTURES ON A CHANGE OF CONTROL

The REIT may be required to purchase all outstanding Senior Debentures upon the occurrence of a Change of Control. However, it is possible that following a Change of Control, the REIT will not have sufficient funds at that time to make any required purchase of outstanding Senior Debentures or that restrictions contained in other indebtedness will restrict those purchases.

## PART 6 – SUBSEQUENT EVENTS AFTER THIS AIF

### 6.1 ACQUISITION OF PROPERTIES

On February 26, 2014, Cominar acquired a portfolio of 11 office properties in the Toronto Area and in the Montréal Area for a net purchase price of \$228.8 million; \$127.9 million paid in cash and \$100.9 million by assuming mortgages payable. The acquired portfolio consists of 4 office properties in the Toronto Area, comprising a total of approximately 780,000 square feet in leasable area, and 7 office properties in the Montréal Area, comprising a total of approximately 400,000 square feet in leasable area.

On February 27, 2014, Cominar acquired, for a purchase price of \$20.2 million, the power center known as “Carrefour Lachenaie,” consisting of 5 properties located in the Montréal Area (in the city of Terrebonne). Located next to Highway 40, Carrefour Lachenaie comprises a leasable area of 120,733 square feet and is part of the retail offer anchored in the area.

### 6.2 FINANCING ACTIVITIES

On January 13, 2014, Cominar re-opened the Series 4 senior unsecured debentures bearing an interest rate of 4.941% and maturing in July 2020 in the amount of \$100 million.

On January 27, 2014, Cominar decided not to seek renewal of the \$250.0 million tranche B portion of its operating and acquisition credit facilities which matured on this date, allowing Cominar to add to its portfolio of unencumbered income property approximately \$424.0 million in value of income properties which are not necessary to secure the remaining \$300.0 million tranche A portion which is secured by income properties worth approximately \$508.0 million.

On March 4, 2014, Cominar re-opened its 4.941% Series 4 senior unsecured debentures due July 27, 2020, in the amount of \$100 million.

### 6.3 OWNERSHIP INTEREST OF COMPLEXE JULES-DALLAIRE

On January 13, 2014, Cominar completed the merger of the ownership interests in a previously co-owned investment property, as planned. Prior to completion of this merger, phase I of Complexe Jules-Dallaire, comprised of office and retail premises, was owned in undivided co-ownership by Cominar as to 95% and by a company indirectly owned by Dallaire Group as to 5% and phase II of Complexe Jules-Dallaire, comprised of office premises, was owned by Dallaire Group. In addition to the contribution of its pre-merger ownership interests in phases one and two, Dallaire Group paid \$20.2 million to Cominar in connection with the merger. Under this business combination, both Cominar and Dallaire Group now each own a 50% interest in Complexe Jules-Dallaire.

## PART 7 – DISTRIBUTIONS

The following outlines the distribution policy of the REIT as contained in the Contract of Trust. The distribution policy may be amended only with the approval of a majority of the votes cast at a meeting of Unitholders.

### 7.1 GENERAL

The REIT distributes to Unitholders monthly, on or about the 15th day in each calendar month (other than January) and on December 31 each calendar year (a “**Distribution Date**”), not less than 85% of the Distributable Income of the REIT for the preceding calendar month and, in the case of distributions made on December 31, for the calendar month then ended. Unitholders also receive a distribution on December 31 of each year of: (i) the net realized capital gains of the REIT and the net recapture income of the REIT for the year then ended; and (ii) any excess of the income of the REIT for the purposes of the Income Tax Act over distributions made for that year.

Distributions are made in cash. Distributions may be adjusted for amounts paid in prior periods if the actual Distributable Income for the prior periods is greater than or less than the Trustees' estimates for the prior periods.

If the Trustees anticipate a cash shortfall and determine that it would be in the best interests of the REIT, they may reduce for any period the percentage of Distributable Income to be distributed to Unitholders.

Monthly distributions will be based on the Trustees' estimate of yearly Distributable Income, subject to adjustment from time to time throughout the year.

## 7.2 COMPUTATION OF DISTRIBUTABLE INCOME FOR DISTRIBUTION PURPOSES

The Distributable Income of the REIT is calculated based on the REIT's income determined in accordance with the provisions of the Income Tax Act, subject to certain adjustments as set out in the Contract of Trust, including that capital gains and capital losses be excluded, net recapture income be excluded, no deduction be made for non-capital losses, capital cost allowance, terminal losses, amortization of cumulative eligible capital or amortization of costs of issuing Units or financing fees related to the instalment loan, and leasehold and tenant improvements be amortized. Distributable Income so calculated may reflect any other adjustments determined by the Trustees in their discretion and may be estimated whenever the actual amount has not been fully determined. Such estimates will be adjusted as of the subsequent Distribution Date when the amount of Distributable Income has been finally determined.

## 7.3 COMPUTATION OF NET REALIZED CAPITAL GAINS AND NET RECAPTURE INCOME

The net realized capital gains of the REIT for any year means the amount, if any, by which the capital gains of the REIT for the year exceed the aggregate of (i) the amount of any capital losses of the REIT for the year and (ii) the amount of any net capital losses of the REIT from prior years to the extent not previously deducted. The net recapture income of the REIT for any year means the amount, if any, by which the amount required to be included in the income of the REIT for income tax purposes for such year in respect of recapture of capital cost allowance previously claimed by the REIT exceeds terminal losses realized by the REIT in the year.

## 7.4 TAX DEFERRAL ON 2013 DISTRIBUTIONS

The distributions made by the REIT to Unitholders in 2013 were tax-deferred at 74.5% by reason of the REIT's ability to claim capital cost allowance and certain other deductions. In the year of acquisition of a property, capital cost allowance is restricted to one-half of the normal annual rates. The adjusted cost base of Units held by a Unitholder will generally, subject to certain conditions under the Tax Act, be reduced by the non-taxable portion of distributions made to the Unitholder (other than the non-taxable portion of certain capital gains). A Unitholder will generally realize a capital gain to the extent that the adjusted cost base of the Unitholder's Units would otherwise be a negative amount.

## 7.5 DISTRIBUTIONS DURING THE LAST THREE FISCAL YEARS

The following table presents the distributions per Unit made by the REIT for the last three fiscal years ending on December 31.

Year	Distribution per Unit (\$)
2013	1.44
2012	1.44
2011	1.44

## PART 8 – CAPITAL STRUCTURE

### 8.1 GENERAL DESCRIPTION OF CAPITAL STRUCTURE

The ownership interests in the REIT constitute a single class of Units. Units represent a Unitholder's proportionate undivided ownership interest in the REIT. The aggregate number of Units that the REIT may issue is unlimited. As at December 31, 2013,

there were 127,051,095 Units outstanding. No Unit has any preference or priority over another. No Unitholder has or is deemed to have any right of ownership in any of the assets of the REIT. Each Unit confers the right to one vote at any meeting of Unitholders and to participate equally and ratably in any distributions by the REIT and, in the event of any required distribution of all of the property of the REIT, in the net assets of the REIT remaining after satisfaction of all liabilities. Units are issued in registered form, are non-assessable when issued and are transferable. Issued and outstanding Units may be subdivided or consolidated from time to time by the Trustees without Unitholder approval. No certificates for fractional Units will be issued and fractional Units will not entitle the holders thereof to vote.

The Units are issued upon the terms and subject to the conditions of the Contract of Trust, which Contract of Trust is binding upon all Unitholders.

On July 8, 2013, Cominar redeemed all its then outstanding Series C convertible unsecured subordinated debentures, bearing an interest rate of 5.80% and totalling \$110.0 million. These debentures were replaced with unsecured debentures bearing interest at 4.941% and maturing in July 2020. As at December 31, 2013, 8,317,610 Units could potentially be issued following the conversion of these Debentures. For details, see "PART 4 – Description of the Business - Hypothecs and Debentures – Debentures".

During fiscal 2013, Cominar issued \$550.0 million in senior unsecured debentures. Cominar allocated the net proceeds from the issuance of debentures to repaying its credit facility.

These offerings allowed Cominar to move closer to its long-term objective of increasing the senior unsecured portion of its total debt to approximately 50.0%, from 16.0% as at December 31, 2012 to 32.4% as at December 31, 2013.

Under the equity incentive plan, the REIT grants Unit options, deferred units and restricted units, to the company's executives and employees. As at December 31, 2013, there were 7,835,500 Unit options outstanding. Also, as of December 31, 2013, 530 restricted units and 38 280 deferred units were outstanding.

The REIT also has a Distribution Reinvestment Plan under which Unitholders can choose to automatically reinvest their cash distributions in additional Units. See "PART 9 – Distribution Reinvestment Plan".

## **8.2 RESTRICTIONS ON THE ISSUE AND TRANSFER OF UNITS**

The Contract of Trust imposes certain restrictions on Unitholders who are non-residents of Canada, including that they may not be the beneficial owners of more than 49% of Units. See "5.2.6 – Restrictions on Certain Unitholders and Liquidity of Units".

## **8.3 CREDIT RATINGS**

On May 15, 2012, the REIT received an Issuer Rating of BBB (low), with a Stable trend, from DBRS Limited ("DBRS"), which rating was confirmed by DBRS on July 9, 2013. DBRS has also assigned a credit rating of BBB (low), with a Stable trend, to the Senior Debentures. The requests for such credit ratings were initiated by the REIT.

DBRS provides credit ratings of debt securities for commercial entities and the following description has been sourced from information made publicly available by DBRS. DBRS ratings are opinions that reflect the creditworthiness of an issuer, a security, or an obligation. They are opinions based on forward-looking measurements that assess an issuer's ability and willingness to make timely payments on outstanding obligations (whether principal, interest, dividend, or distributions) with respect to the terms of an obligation. Ratings are opinions based on the quantitative and qualitative analysis of information sourced and received by DBRS, which information is not audited or verified by DBRS. DBRS cautions that no two issuers possess exactly the same characteristics, nor are they likely to have the same future opportunities. Consequently, two issuers with the same rating should not be considered to be of exactly the same credit quality.

The DBRS long-term rating scale provides an opinion on the risk of default, that is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued.

The BBB (low), with a Stable trend, rating assigned to the REIT and the Senior Debentures by DBRS is the fourth highest rating of DBRS's ten rating categories, which range from AAA to D. With the exception of the AAA and D categories, DBRS uses high or low designations to indicate the relative standing of the securities being rated within a particular rating category, and the absence of either a high or low designation indicates the rating is in the middle of the category. Under the DBRS rating system, debt securities rated BBB are of adequate credit quality and the capacity for payment of financial obligations is considered acceptable, but the entity may be vulnerable to future events.

DBRS uses “rating trends” for its ratings in, among other areas, the real estate investment trust sector. DBRS’ rating trends provide guidance in respect of DBRS’ opinion regarding the outlook for the rating in question, with rating trends falling into one of three categories: “Positive”, “Stable” or “Negative”. The rating trend indicates the direction in which DBRS considers the rating is headed should present tendencies continue or, in some cases, unless challenges are addressed. In general, DBRS’ view is based primarily on an evaluation of the issuer, but may also include consideration of the outlook for the industry or industries in which the issuer operates. A “Positive” or “Negative” trend assigned by DBRS is not an indication that a rating change is imminent, but represents an indication that there is a greater likelihood that the rating could change in the future than would be the case if a “Stable” trend was assigned.

The credit rating assigned to the REIT and the Senior Debentures by DBRS is not a recommendation to buy, hold or sell the securities of the REIT. A rating is not a comment on the market price of a security nor is it an assessment of ownership given various investment objectives. There is no assurance that any rating will remain in effect for any given period of time and ratings may be upgraded, downgraded, placed under watch, confirmed or discontinued. Non-credit risks that can meaningfully impact the value of the securities issued include market risk, trading liquidity risk and covenant risk. DBRS uses rating symbols as a simple and concise method of expressing its opinion to the market, although DBRS ratings usually consist of broader contextual information regarding the security provided by DBRS in rating reports, which generally set out the full rationale for the chosen rating symbol, and in other releases.

The REIT paid to DBRS the customary fee in connection with the ratings assigned to the REIT and the Senior Debentures, and it will continue to make payments to DBRS from time to time in connection with the confirmation of such ratings or in connection with credit ratings to be assigned to debt securities of the REIT, if any, which may be offered for sale from time to time in the future, as the case may be. The REIT did not make any payments to DBRS in respect of any other service provided to the REIT by DBRS during the last two (2) years.

## PART 9 – DISTRIBUTION REINVESTMENT PLAN

The REIT has set up a Distribution Reinvestment Plan pursuant to which Unitholders may elect to have all cash distributions of the REIT automatically reinvested in additional Units at a price per Unit calculated by reference to the weighted average of the trading price of Units on the Toronto Stock Exchange for the twenty trading days immediately preceding the relevant Distribution Date. No brokerage commissions will be payable in connection with the purchase of Units under the Distribution Reinvestment Plan and all administrative costs will be borne by the REIT. Proceeds received by the REIT upon the issuance of additional Units under the Distribution Reinvestment Plan will be used by the REIT for future property acquisitions, capital improvements and working capital.

In order to encourage participation in the Distribution Reinvestment Plan, the Unitholders who participate in the Distribution Reinvestment Plan are granted the right to receive an additional number of Units equal to 5% of the distributions to which they are entitled and which they choose to reinvest.

Unitholders who reside in the United States or who are United States citizens are not entitled to participate in the Distribution Reinvestment Plan.

## PART 11 – TRUSTEES AND OFFICERS OF THE REIT

### 11.1 INFORMATION CONCERNING TRUSTEES

The REIT believes that the diversity of members on the Board of Trustees enhances the quality of discussions, and therefore recognizes the importance of increasing the number of women acting as trustees and of improving gender balance on the Board. As at December 31, 2013, three of nine members of the Board of Trustees were women and the REIT continues its efforts to identify candidates who meet various selection criteria.

The following table sets forth the name of each current Trustee, the positions and offices within the REIT currently held by them, their principal occupations and their employment during the last five years, the period during which each served as Trustee of the REIT and the approximate number of Units they are beneficially owned, directly or indirectly, by them or over which they exercise control or direction as at March 26, 2014:

As at March 26, 2014, the executive officers and Trustees of the REIT beneficially owned as a group, directly or indirectly, 9,139,159 Units.

## 11.3 INDEPENDENCE

The REIT considers that the Independent Trustees are independent within the meaning of Regulation 58-101 respecting Disclosure of Corporate Governance Practices and that the members of the Audit Committee are independent within the meaning of Regulation 52-110 respecting Audit Committees. The Trustees appointed by the Dallaire Group are not considered independent.

## 11.4 AUDIT COMMITTEE

### 11.4.1 GENERAL PROVISIONS

The REIT has an Audit Committee which currently consists of Messrs. Alban D'Amours and Robert Després and Mss. Mary-Ann Bell and Johanne M. Lépine. All the members of the Audit Committee are Independent Trustees and are considered "independent" and "financially literate" within the meaning of Regulation 52-110 respecting Audit Committees. Mr. Després is a member of the Chartered Professional accountants of Québec of which he is FCMA, FCPA and FCGA and a Fellow of the *Ordre des comptables en management accrédités du Québec*, and Mr. D'Amours is the former President and Chief Executive Officer of the *Fédération du Mouvement des caisses Desjardins* and is a Fellow of the *Ordre des administrateurs agréés du Québec*. Ms. Bell is a member of the *Ordre des ingénieurs du Québec* (Québec order of professional engineers), and is currently Senior Vice-President, Québec and Ontario at Bell Aliant Regional Communications. Ms. Johanne M. Lépine has been President and Chief Executive Officer of Aon Parizeau Inc. since 2002 and Senior Vice-President and Regional Director, Eastern Canada of Aon Reed Stenhouse since 2011.

### 11.4.2 MANDATE OF THE AUDIT COMMITTEE

The mandate of the Audit Committee is to assist the Board of Trustees of the REIT in fulfilling its oversight responsibilities. As such, the Audit Committee reviews the financial reporting process, the system of internal controls, the management of financial risks, the audit process and the REIT's process for monitoring compliance with laws and regulations and its own general policies. The Committee maintains effective working relationships with the Board of Trustees, Management and external auditors. The mandate of the Audit Committee is attached hereto as SCHEDULE "A".

### 11.4.3 EDUCATION AND EXPERIENCE OF AUDIT COMMITTEE MEMBERS

The following is a brief summary of the education and experience of each member of the Audit Committee that is relevant to the performance of his or her responsibilities as a member of the Audit Committee, including any education or experience that has provided the member with an understanding of the accounting principles used by the REIT to prepare its annual and interim financial statements.

Name of Audit Committee Member	Relevant Education and Experience
Robert Després, OC., GOQ., M.Sc.C., FCMA, FCPA, FCGA.	Mr. Després, M.Sc., is a member of the Chartered Professional accountants of Québec of which he is FCMA, FCPA and FCGA. He is also a Fellow of the Institute of Corporate Directors and of the <i>Collège des administrateurs de sociétés</i> . He has acted as director of several public companies and has chaired several audit committees.
Alban D'Amours, M.C, G.O.Q., F.Adm.A.	Mr. Alban D'Amours was President and Chief Executive Officer of the <i>Mouvement des caisses Desjardins</i> from 2000 to 2008. In 1988 he joined the <i>Confédération des caisses Desjardins du Québec</i> , where he held various management positions. He held various positions in the Québec civil service, including those of Associate Deputy Minister of Energy and Deputy Minister of Revenue. He taught for 12 years at the <i>Université de Sherbrooke</i> , where he helped set up the Economics Department. Each of the Audit Committee members understands the accounting principles used by the REIT to prepare its financial statements and has the capacity to generally assess the application of the accounting principles related to the accounting of estimates, accounts receivable, accounts payable and reserves. Messrs. Després and D'Amours and Mss. Bell and Lépine all have experience in the preparation, audit, analysis and assessment of financial statements containing accounting issues of a generally similar scope and complexity as can reasonable be expected to be raised by the REIT's financial statements. Messrs. Després and D'Amours and Mss. Bell and Lépine also understand internal controls and disclosure controls and procedures.

#### 11.4.4 EXTERNAL AUDITOR SERVICE FEES

The following table shows fees paid and accrued to the external auditors in the past two fiscal years for various services provided to the REIT:

	Year ended December 31, 2013 (\$)	Year ended December 31, 2012 (\$)
Audit Fees	736,347	712,320
Audit Related Fees	103,975	52,525
Fees related to fiscal services	283,328	605,522
Other Fees	45,805	119,595
<b>Total:</b>	<b>1,169,455</b>	<b>1,489,962</b>

#### Audit Fees

These fees include professional services rendered by the external auditors for audits of financial statements or services usually provided by external auditors for regulatory filings and engagements.

#### Audit Related Fees

These fees include certification services and other services provided by external auditors that are reasonably related to audits or reviews of financial statements and that are not included in the audit fees.

#### Fees Related to Fiscal Services

These fees include the total fees paid to the auditors for professional services related to tax compliance, tax advice and tax planning.

#### Other Fees

These fees include the total fees for other products and services rendered and billed by external auditors.

#### 11.4.5 PROCEDURES FOR THE ENGAGEMENT OF AUDIT AND NON-AUDIT SERVICES

The Audit Committee may engage advisors if it deems it necessary in the exercise of its functions, and fix and pay their remuneration.

#### 11.5 CEASE TRADE ORDERS AND BANKRUPTCIES

To the knowledge of the Trustees and officers of the REIT and according to information provided to the REIT, none of the candidates proposed for election as Trustee of the REIT, other than (i) Robert Després who was a director and an officer of McWatters Mining Inc., a mining company which filed in January 2004 a notice of intention to submit a proposal to its creditors under the *Bankruptcy and Insolvency Act* (Canada) which was accepted by its creditors in June 2004 and subsequently ratified by the Superior Court of the district of Québec City in July 2004, and (ii) Gérard Coulombe who, until September 28, 2005, was a Board member of Centre International de Gestion de Projets G.P., a non-profit company which went bankrupt on September 29,

2005, and emerged from bankruptcy on April 4, 2008, are as of the date of this AIF or have been, within the ten years before such date, a director, trustee, chief executive officer or chief financial officer or, in respect of subsection (iii) below, an executive officer of a company which, while the person was acting in such capacity:

- (i) was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
- (ii) was, after the director or executive officer ceased to be a director or executive officer, the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days as a result of an event which occurred while the director or executive officer was acting in such capacity; or
- (iii) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

#### **11.5.1 PERSONAL BANKRUPTCIES**

No trustee or officer has within the past 10 years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or been subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold his, her or its assets.

### **PART 12 – LEGAL PROCEEDINGS AND REGULATORY ACTIONS**

The REIT is involved in various claims and litigation as a regular part of its business. Management believes that the resolution of these claims and litigation (which in certain cases are subject to applicable deductibles covered by insurance) will not have a material adverse effect on its financial position or results of operations.

In addition, in the fiscal year ended December 31, 2013, the REIT has not been subject of any penalties or sanctions imposed by a court pursuant to securities legislation or regulatory authority or any penalties or sanctions that a reasonable investor would consider significant and that were imposed by a court or regulatory body or any settlement agreements pertaining to such penalties or sanctions.

### **PART 13 – INTEREST OF MANAGEMENT AND OTHER INFORMED PERSONS IN MATERIAL TRANSACTIONS**

Michel Dallaire and Alain Dallaire, trustees and members of the Trust's management team, exercise indirect control over the Dallaire Group Inc. and Dalcon Inc. During fiscal 2013, Cominar recorded \$148,000 in net rental income from Dalcon Inc. and the Dallaire Group Inc. Cominar also incurred costs of \$12.1 million for leasehold improvements performed by Dalcon Inc. on its behalf and costs of \$57.6 million for the construction and development of investment properties.

These transactions were entered into in the normal course of business and were measured at the exchange amount. By retaining the services of related companies for property construction work and leasehold improvements, Cominar achieves significant cost savings while providing better service to its clients.

Except for the information provided in this AIF or in the consolidated financial statements of the REIT for the fiscal year ended December 31, 2013 and since January 1, 2014, the REIT has no knowledge of any material interest of a Trustee or of an officer, current or proposed, in any transaction, or in a proposed transaction, that could or will materially affect the REIT.

### **PART 14 – TRANSFER AGENT AND REGISTRAR**

The REIT's transfer agent and registrar is Computershare Trust Company of Canada. The register of transfers maintained is located at its offices in Montréal, Québec.

**PART 15 – INTEREST OF EXPERTS**

PricewaterhouseCoopers LLP are the external auditors of the REIT who prepared the Independent Auditor's Report to the Unitholders dated February 26, 2014 with respect to the consolidated annual financial statements of the REIT for the fiscal year ended December 31, 2013. PricewaterhouseCoopers LLP is independent with respect to the REIT within the meaning of the Code of Ethics of the *Ordre des comptables agréés du Québec*.

**PART 16 – ADDITIONAL INFORMATION**

Additional information with respect to the REIT may be found on SEDAR at [www.sedar.com](http://www.sedar.com).

Additional information, including Trustees and officers' remuneration, principal holder of the REIT's Units and Units authorized for issuance under the Long Term Incentive Plan, where applicable, is contained in the REIT's information circular for its most recent annual meeting of Unitholders that involves the election of Trustees.

Additional financial information is provided in the REIT's financial statements and Management's Discussion and Analysis for the fiscal year ended December 31, 2013 available on SEDAR at [www.sedar.com](http://www.sedar.com).

**SCHEDULE “A”**  
**COMINAR REAL ESTATE INVESTMENT TRUST**  
**(the “REIT”)**  
**AUDIT COMMITTEE**  
**CHARTER**

## CONSTITUTION

The Board of Trustees (the “**Board**”) has by resolution set up an Audit Committee (the “**Committee**”) made up of four unrelated and independent trustees (as such term is defined in the Standards Applicable to Audit Committees) who are financially literate.

The Board appoints the members and designates the Committee Chair. The Committee may from time to time invite other persons it considers advisable to attend its meetings and participate in deliberations and discussions on the various matters transacted by the Committee. Any person invited to attend Committee meetings who is not a member of the Committee is not entitled to vote on decisions made thereat.

## RESPONSIBILITIES OF THE CHAIR OF THE COMMITTEE

The Chair of the Committee is responsible for the following:

- (i) scheduling Committee meetings;
- (ii) in consultation with the Executive Vice-President and CFO and the Committee Secretary, preparing the agenda for Committee meetings and ensuring that relevant documentation is made available in a timely manner;
- (iii) chairing Committee meetings;
- (iv) ensuring that the Committee fulfils its responsibilities as per its Charter and complies with the terms thereof; and
- (v) reporting to the Board of Trustees on all matters transacted by the Committee.

## QUORUM

A majority of the Committee members constitutes the quorum. At a meeting, all questions are decided by a majority of the members. However, if one of the members is absent, all questions must be decided upon unanimously.

## MEMBER TERMS

Members appointed to the Committee hold office until the first meeting of the Board following the annual general meeting of Unitholders where they are elected members of the Board or until they resign or are removed. Any member who ceases to be a Trustee shall cease to be a member of the Committee and may also be removed from office at any time by the Board.

## PROCEDURE

The Committee follows the same procedure for calling and holding its meetings as the Board does with regard to such issues. The Board secretary also serves as secretary of the Committee.

## MEETINGS

The Committee meets as often as circumstances require but it must hold at least four regularly scheduled meetings per year. After each of these meetings, the members meet the external auditor and Management separately.

## PRESENCE OF EXTERNAL AUDITOR

The external auditor attends all Committee meetings. The Committee Chair shall call a meeting of the Committee when so required by the external auditor.

## POWERS OF THE COMMITTEE

The Committee exercises all powers and duties conferred upon it under the Contract of Trust governing the REIT and the laws and regulations governing the REIT.

In the exercise of its duties, the Committee or its representative is authorized to access the books, ledgers and accounts of the REIT and its subsidiaries, and to discuss any question concerning the financial situation and financial results of the REIT and its subsidiaries with the officers and the internal and external auditors of the REIT and its subsidiaries.

The Committee also has the authority to conduct investigations or have investigations conducted on any question arising from its jurisdiction. It is authorized to:

- use the services of external advisors, accountants or other experts to advise the Committee or to help it conduct any investigation. However, should the amounts incurred exceed \$100,000 during a given fiscal year, the committee shall obtain approval from the Board of Trustees in the form of a resolution adopted to this effect;
- ask personnel for any information that it may need;
- meet, as often as circumstances require, the officers, the external and internal auditor or the external advisors.

## PURPOSE OF THE COMMITTEE

The Committee assists the Board in fulfilling its responsibility to oversee the financial management of the REIT, the financial information presentation process, the internal control system, the internal and external auditing process, the identification and management of financial and operational risks and the procedures set up to ensure compliance with the code of ethics and professional conduct and the laws and regulations governing the REIT. In performing its duties, the Committee shall promote good relations with the Board, Management and the external auditor, and the internal auditor, if any.

The REIT's Management is responsible for the preparation, presentation and integrity of financial statements, as well as for the efficient functioning of the system of internal controls respecting disclosure of financial information. Management and the internal audit department, if any, are responsible for implementing and applying appropriate accounting and financial principles and policies respecting the disclosure of financial information and internal controls and procedures in accordance with accounting standards and practices and in compliance with the relevant laws and regulations.

The external auditor is responsible for planning and conducting a review of the REIT's quarterly financial statements and an audit of the REIT's annual financial statements, in accordance with Canadian generally accepted auditing standards, which are intended among other things to establish with reasonable assurance that the financial information set forth in the financial statements is free from material inaccuracies pursuant to generally accepted accounting principles. The external auditor must also inform the Committee of any deficiency that it may find during its annual audit regarding the system of internal controls and its functioning, including the disclosure of financial information.

Unless the situation is otherwise and the Committee members are aware of it, in which case they must promptly inform the Board, the latter is entitled to rely on the integrity of the persons or organizations that provide them with internal and external information, on the accuracy of the financial and other information that the Committee members receive from such persons or organizations and on statements made by Management and the external auditor regarding non-audit services provided by the external auditor.

## MANDATE

1. Recommend to the Board the choice of the external auditor, whose work it is directly responsible for overseeing, and remind same that the ultimate client are the Unitholders and not Management.
2. Recommend to the Board the remuneration to be paid to the external auditor as well as the terms and conditions of the auditor's mandate.
3. Determine and confirm the independence of the external auditor.
4. Review with the external auditor the approach and scope of its mission plan, oversee the auditor's work and report to the Board on material qualifications that the Committee may have or that the external auditor may have formulated.
5. Give prior approval to all non-audit services desired to be referred to external auditor to the extent the remuneration paid for these services does not exceed 5% of the total remuneration paid by the REIT and its subsidiaries to the external auditor during the fiscal year in which the services are rendered and provided that the Audit Committee is kept informed thereof at each meeting.

In addition, the Committee may, subject to certain conditions, adopt specific policies and procedures to delegate prior approval authority. It may also delegate this authority to one of its members provided said member informs the Committee at its next regular meeting following the approval.

6. Oversee performance of the work of the external auditor.
7. Review the quarterly unaudited financial statements and notes thereto, the management discussion and analysis, the external auditor's report, the press releases, the message to Unitholders and any other written communications related to the Committee's mandate intended for the public, the regulatory authorities, etc. and recommend their approval to the Board.
8. Review the annual audited consolidated financial statements and recommend their approval to the Board, as well as all financial statements and reports that may require review by the Committee pursuant to applicable laws and regulations or in response to a request from the Board. The Committee is also responsible for reviewing all related financial information, including the financial information contained in the annual report, the management discussion and analysis, the annual information form and any prospectus.

In performing this task, the Committee shall discuss with the external auditor such issues as the acceptability and quality of the accounting principles and practices applied, underlying assumptions and material judgments affecting the REIT's financial statements, while ensuring that there is no disagreement between the external auditor and Management concerning the financial statements. Should a disagreement arise, the Committee is responsible for resolving it.

9. Receive at each regular meeting a certificate signed by the Chief Executive Officer and the Chief Financial Officer to the effect that the quarterly and annual consolidated financial statements and the related management discussion and analysis are free of false or misleading information and that they fairly reflect the REIT's financial situation, operating results and cash flow for the period in question.
10. Receive and examine the external and internal auditor's quarterly report as well as those the external auditor may produce following its quarterly review and year-end audit or for any other purpose and the auditor's letter to Management together with Management's comments on each point raised.
11. Following a review of the external auditor's comments and suggestions after its audit, report to the Board on the following matters:
  - the pertinence of accounting records and how they are kept;
  - the pertinence and efficiency of the accounting, internal control and information systems as well as the extent to which they are properly and uniformly applied; and

- the competency and efficiency of the personnel assigned to accounting, financial and internal control tasks and if the number of people working in each of these areas is sufficient.
12. Assess the performance of the external auditor.
  13. Following consultation with the external and internal auditors, if any, request that Management indicate to the Committee the major risks to which the REIT is exposed and the actions taken to minimize them, and report to the Committee thereon at each regular meeting. Following a review and if required, the Committee shall make any modifications deemed necessary.
  14. Following the periodic evaluation of the competency, performance and independence of the external auditor, recommend to the Board renewal or, if deemed appropriate, termination of the auditor's mandate either by recommending that the mandate not be renewed or by recommending that a meeting of the Unitholders be held to consider the auditor's removal.
  15. Periodically assess the need to set up an internal audit program. Where such a function exists or is created:
    - determine how the work it includes will be carried out;
    - examine the approach and scope of the program, the mission plan and the budget;
    - review quarterly the reports issued together with comments from Management;
    - keep informed of projects and activities related to this program;
    - assess its performance;
    - ensure that Management follows up on the recommendations it and the Committee have accepted; and
    - ensure the best possible match between the external auditor's and the internal auditor's mission plans.
  16. Obtain at each quarterly meeting an officer certificate stating that the REIT complies with all applicable laws and regulations, and to rules of corporate governance, that there are no off-balance sheet activities and that the REIT is not in default under any of its loans or contracts and that it has complied with the policy, if any, regarding foreign currency hedging.
  17. Review the efficiency of the system implemented to ensure that the REIT complies with all applicable laws and regulations and review the results of any investigations that Management conducted and ensure that the Committee is informed of any fraudulent activity or accounting or financial irregularities.
  18. Review at each regular meeting, the report of pending and ongoing litigation or actions, indicating to the Committee if there is any case or major litigation that may have occurred since the reporting date.
  19. Review once a year the policies and procedures in place for approval of the expenses and bonuses of officers.
  20. Periodically address important accounting issues and review the manner in which the most recent reports and statements, both professional and regulatory, are presented.
  21. Ensure that the general insurance portfolio for the REIT and its subsidiaries is adequate and make appropriate recommendations to the Board while ensuring that the recovery plan in the event of disaster is appropriate.
  22. Review and report to the Board on contingent liabilities and commitments of the REIT and its subsidiaries, as well as off-balance sheet transactions.
  23. Resolve any disputes arising between Management and the external auditor regarding the disclosure of financial information, financial statements, internal controls or any question about accounting or finance.

24. Ensure that adequate procedures were implemented to review procedures related to the disclosure of financial information and periodically assess if these procedures are adequate.
25. Be informed of and discuss with Management any legal question and any regulatory or compliance with laws and regulations issue that could have a material effect on the REIT's financial situation or business.
26. Review any publication of pro forma financial statements or financial information that is non-compliant with accounting principle and practices used by the REIT.
27. Enquire of the President and CEO and the Executive Vice-President and CFO if the internal control system is adequate and if there are deficiencies or material weaknesses in this system that could have an impact on the disclosure of financial information and financial results.
28. Ensure that the rotation of the external auditor's associates is done according to standards.
29. Establish and update, when necessary, the procedures for the receipt, retention and handling of complaints regarding accounting, internal controls or aspects of the audit.
30. Establish and update, when necessary, procedures for the confidential and anonymous communication of employees' concerns about questionable matters relating to accounting or audit.
31. Review and update, when necessary, the REIT's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor.
32. Establish the list of questions to be submitted in writing at the end of the year to the external auditor and Management and review the responses received when reviewing the audited consolidated financial statements for the fiscal year.
33. Ensure that the Committee's Charter is disclosed when required, including in the management proxy circular and in the annual information form.
34. Review the findings of any investigation conducted by any regulatory body.
35. Assess Management's performance of its responsibilities respecting the security of computer systems and applications, and its emergency plans for handling financial information in the event of a system breakdown.
36. Review and closely monitor proposals that are made or may be made by Canada's or Québec's Ministers of Finance pertaining to the taxation system applicable to trusts and partnerships and report thereon to the Board, from time to time.
37. Receive and discuss, at each regular Committee meeting, management's report on the monitoring of REIT comparables.
38. Meet separately, after each meeting with the internal auditor, if any, the external auditor and Management, as well as any time that circumstances require so.
39. Review once a year and update the Committee's Charter and its work program, as required.
40. Assess the performance of the Committee and its members at least once a year and inform the Board thereof.
41. Confirm each year to the Board that the Committee has fulfilled its responsibilities as per its Charter.
42. Perform all other tasks related to the Charter as the Board may request.

## **ANNUAL WORK PROGRAM**

The annual work program is appended hereto.

## **MINUTES**

Minutes are prepared for each Committee meeting.

## **REPORT TO BOARD**

The Committee must report on its proceedings at the following Board meeting.

## **REMUNERATION**

The Committee members receive remuneration as fixed by the Board for their services.
